

Town Triangle – Noticing - Comments

Noticing

Several opportunities will exist for noticing and comments by the public and/or other agencies on the various applications. Generally, the approach on noticing is to voluntarily apply the more stringent noticing for all six concurrent applications approved with the Citizen Review Plan approved by Town Council for the General Plan application.

General Plan

This Citizen Review Plan requires a citizen review meeting at least ten days prior to Planning Commission action on the General Plan application, with the applicant providing a summary of this meeting. Noticing of this citizen review meeting requires a two-week mailing notice to property owners within 1,000 feet in Scottsdale, 2,000 feet in Paradise Valley, and all of Cheney Estates.

Mailing notification, newspaper advertisement, and property posting is required for each Planning Commission and Town Council meeting where action is taken. No noticing is required for study sessions. The approved Citizen Review Plan required the same noticing radius as the Citizen Review Meeting and added that display ads are run in both the Arizona Republic and the PV Independent. Typically, the noticing radius is 1,000 feet (recently increased to 1,500 feet by Town policy) and the notice is officially only placed in the Arizona Republic.

Agenda posting on the Town website and Town bulletin boards is done for all applications minimally at least 48 hours prior to the meeting, and generally occurs 7 days prior to the meeting.

Site posting of the meetings where action takes place is required for all the concurrent applications, except for the Preliminary Plat.

Comments

The applicant provided a letter of support from the adjoining Cheney Estates Homeowner Association and Camelback Golf Club.

Attached are the comments from the October 25th Citizen Review meeting. Below is a list of people that contacted staff directly on the project.

The required 60-day jurisdiction review was mailed on June 7, 2016, with the 60-day deadline ending August 6, 2016. The City of Phoenix responded to the General Plan application with no comments. The City of Scottsdale is supportive of the land use, but included suggested comments on other aspects of the development. This included a suggestion to improve the Northern Avenue alignment for vehicular traffic from Scottsdale Road to Golf Drive which may not be feasible or desirable. According to the applicant, the City of Scottsdale is supportive of not improving Northern Avenue. None of the other jurisdictions notified as part of the General Plan notification provided comment.

Proposed Jarvis Property Development

Dear Mayor and Members of the Council

For many years developers have attempted to buy the 4.4 acre Jarvis property which is north of Cheney Estates and adjoins Scottsdale road, to develop this property commercially.

Cheney Estates has been successful in having applications turned down for a multi- level retirement home, a hotel, and other such high activity uses on this property as such developments would have created excessive noise, traffic and blocked the view to some degree.

A development of some type on this land is, however, an inevitability.

The least disruptive solution for Cheney Estates would be if this land was utilized for single story residential use.

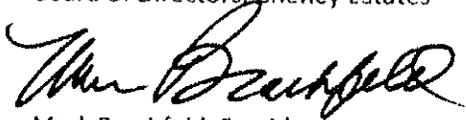

Geoffrey Edmunds, the developer of Cheney Estates has suggested erecting 9 single story homes (maximum height 24 feet) on this parcel. The Lots would range in size between 12,000 and 16,000 Square Feet.

The development, if passed by the Town of Paradise Valley, would allow access to and from Scottsdale Road only.

The Board of Directors endorses Geoffrey Edmunds Proposal to construct 9 one Story single Family Homes on the Jarvis 4.4 Acre Parcel.

Sincerely,

Board of Directors, Cheney Estates

Mark Brachfeld, President.

July 8, 2016

Dear Mayor and Members of the Town Council,

Geoffrey Edmunds has contacted me regarding building nine single family residences on the Jarvis Parcel located on Scottsdale Road adjacent to the sixth hole of Camelback Golf Club's Padre Course.

Based on other proposals that I have seen, this project seems to be the best use of the parcel. Although not the highest revenue source for the Town, it would be esthetically pleasing while maintaining a reasonable traffic volume for that size property.

Guests playing our golf course would most likely feel more comfortable with the proposed home development than a commercial high rise development like what has been proposed in the past.

Mr. Edmunds, as you know, is a respected home builder, and we have every confidence that this project would be of the same quality as his other projects.

I endorse Mr. Edmunds proposal to build nine, one story, single family residences on the Jarvis Parcel.

Thank you for your consideration.

close girlfriends that play," Ms. Camacho said in an Oct. 19 phone interview. "I think it's going to be really fun. I think it's going to showcase good, women polo."

Both teams feature a mix of familiar and new teammates.

For example, Ms. Flanagan and Ms. Carabasi have a long history of playing polo that dates back to when both were in college at Southern Methodist University. During that time, Ms. Flanagan said the two were "inseparable."

"I'm smiling now answering this. I can't wait to see Chloe," she said.

Ms. Weiborn is the third member of that team, but Ms. Flanagan said she has never formally met Ms. Weiborn but the two have been in contact and they are excited to play together.

Similarly, Ms. Camacho and Ms. Sick are familiar with each other, dating back to when both played together in Arizona. However, Ms. Camacho said she has never played with Ms. O'Brien.

Ms. Camacho said preparation for playing with someone she hasn't played with before requires a lot

of talking, specifically about horses.

"The horses are 80 percent of the game," Ms. Camacho said. "Having good horses also gives you a good advantage in the game."

With the sport of kings (and queens) set to light up the pitches of WestWorld, Ms. Flanagan said while the sport is fun to play, what sticks with her is the camarade among polo players.

"You become a part of a community, it's like a sorority," she said.

"You meet people, you make friends. Not just all over the country, but all over the world. It's really unique in that manner and I'm excited for all these girls to come together and promote that and exhibit that relationship."

Hip hop symphony

One new aspect to this year's polo championship is the Cultural Concert, which will bring a unique blend of hip hop, opera and philharmonic music to help close out the event.

"We tried to be mad scientists with this event from day one," Mr. Rose said. "Six years ago, the idea was to put DJs' field side next to

a polo match, that doesn't happen a lot, in addition to some very elegant VIP tents. We've always aspired to try to be different. To try and not be a typical polo event."

Alongside the Scottsdale Philharmonic and the Arizona Opera, this concert, which is slated to start at 4:30 p.m., will feature Arizona hip hop artist RoQy TyRaid as well as GRAMMY performer DJ Maestro Hughes.

According to a press release, DJ Maestro Hughes combines the sounds of classical violin, soul, funk, rock, jazz and Hip-Hop to "create his own unique sound." DJ Maestro Hughes performed with the Foo Fighters at the 2008 Grammy Awards.

Mr. Rose said he has a two-pronged goal in mind with having the performer play at the championship.

"(It's) another reason for people who have been to the event before to come out or to intrigue someone for the first time," he said.

DJ Maestro Hughes already performed at the Polo Preview Party on Thursday, Sept. 22 and Mr. Rose said he was "exceptional."

Dear Neighbor:

Rod Cullum and I are preparing to purchase a triangular-shaped parcel located at the northwest corner of the alignment of Northern Avenue and Scottsdale Road, adjacent to Camelback Country Club Golf Course for the purpose of developing an 8-lot, single-story residential subdivision. There have been several other proposals for commercial projects on this parcel over the past few years but we believe this project will be more compatible with the existing neighboring communities and the adjacent golf course.

A few weeks ago, we sent you information on the applications we've submitted to the Town of Paradise Valley to move the project forward and an invitation to learn more about our plans. The Planning Commission has now set a date – November 15 – for the public meeting/hearing on the applications. Enclosed is the official notice.

If you have any additional questions, please feel free to contact me at my address above or email me at ghedmunds@geoffreyedmunds.com.

Best regards,

Dear Neighbor:

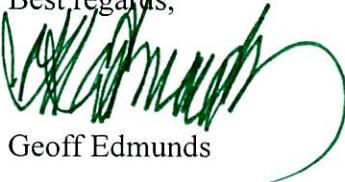

I live on the north side of Cheney Estates and am one of the closest neighbors to a long-vacant, triangular-shaped parcel located at the northwest corner of the alignment of Northern Avenue and Scottsdale Road, adjacent to Camelback Country Club Golf Course. I've enclosed an aerial photograph that shows the parcel in question.

During the last few years there have been a number of proposals for various non-residential uses on that property. Because we don't believe such projects are compatible with the neighborhood, Rod Cullum and I are preparing to purchase the parcel for the purpose of developing an 8-lot, single-story residential subdivision. Like me, Mr. Cullum is a long-time Town resident. He is a top-tier homebuilder; his most recent project in the Town is The Village at Mountain Shadows.

Please join us at a neighborhood meeting to learn more about our plans for this 8-lot subdivision at 6:00 p.m., on Tuesday, October 25, 2016, at The Village at Mountain Shadows, 5641 East Lincoln Drive. The Town of Paradise Valley Planning Commission will also be holding a Citizen Review Session at 6:00 p.m., on Tuesday, November 1, 2016; at Town Hall, 6401 East Lincoln Drive.

We hope to see you at the October 25 and November 1 meetings. If you aren't able to join us, please feel free to contact me at my address above or email me at ghedmunds@geoffreyedmunds.com.

Geoffrey, sorry I have been out of town and just got back in the office today. This email is to confirm that the City of Scottsdale is not requesting that Northern be extended east to provide access to the Jarvis parcel. Given the topography, especially after the fill is added to remove the parcel from the floodplain, providing access (even secondary access) to Northern would be difficult if not infeasible.

I left you a voicemail indicating that the city has interest in continuing discussion of the median design on Scottsdale Road and we will be contacting you shortly.

Paul,

The 75' stacking is to the curb. For the wall, it's hard to tell if it's within the City. Do you have an ALTA?

Sara:

Thank you. I will share these comments with staff and the applicant. Is the 75' stacking measured to the property line, edge of curb, other?

Also, since I believe the wall is within the City of Scottsdale, would the City allow the wall to be opened up?

Subject: Comments from Scottsdale on the Major General Plan Amendment

Paul,

Thank you for providing the City of Scottsdale the opportunity to comment on the proposed Major General Plan Amendment. Please see the comments below related to land use, transportation, and stormwater.

Land Use

The subject property is located to the west of Scottsdale Road. Scottsdale Road itself and property to the east are located in the City of Scottsdale. The land to the east is classified as Suburban Neighborhoods, which usually has a

density of 1-8 du/ac. The land to the south east is open space and part of McCormick Ranch. The proposed Medium Density Residential land use is similar to the Suburban Neighborhoods land use to the east in Scottsdale.

Transportation

The City of Scottsdale requests that the proposed project include access from the site to Northern Avenue if the zoning district is intensified rather than utilizing a single, uncontrolled access point on Scottsdale Road. The existing access is suitable for the current land use designation, but not for increasing traffic at an unsignalized access point on a major arterial street. The City requests that improvements to Northern Avenue from Golf Drive to the site be required as part of any rezoning of the site to provide alternative site access.

In addition, in response to the Pre-Application materials sent to Scottsdale, staff has the following comments:

- Scottsdale requires 75 feet of stacking prior to the entry call box. The median island should not extend into the Scottsdale Road right-of-way. Also, as shown the median island blocks the existing Scottsdale Road sidewalk. The sidewalk should be shown on the site plan.
- Scottsdale requires 45 feet for cul-de-sacs, with a shoulder or sidewalk to provide the 49 foot turning radius for fire trucks. The cul-de-sac appears to be just 45 feet; this does not work for the Scottsdale Fire Department.
- The 20 foot wide "FIRE R.O.W." appears to align with a catch basin and street light on Scottsdale Road; therefore it would not work without relocation of both of these. It would also require opening up the existing wall. We would suggest that they modify the internal street layout to meet the minimum access requirements for the Fire Department so that this additional access is not needed.

Stormwater

The entire parcel is located within Flood Zone AE for Indian Bend Wash. Additionally, most of the parcel is located within the designated floodway area. Any grading within the floodway will require a no-rise certification to satisfy FEMA regulations and Scottsdale's floodplain management ordinance. The FEMA regulatory floodplain needs to be redelineated first as part of any development plan to reflect changes that have occurred since the original delineation. Following redelineation, the applicant will then need to prepare a pre-development and post-development hydraulic model as well. These models will need to show no adverse stormwater impact to Scottsdale. The applicant will need to prepare a Conditional Letter of Map Revision application and have it approved by the City of Scottsdale and FEMA before grading can commence. After grading in accordance with the approved plans, the applicant will need to prepare a Letter of Map Revision application and have it approved by the City of Scottsdale and FEMA.

Please let me know if you have any questions or concerns.

Thank you for the opportunity to comment.

A hard copy of the project submittal will be kept on file at the Town of Paradise Valley Planning Division and an electronic version of the submittal may be posted on the Town's website so that all Town residents will have immediate notice of the application.
