1.4 PROJECT NARRATIVE

REQUEST:

Amend the Special Use Permit for the Scottsdale Plaza Resort (“SPR”) to allow for 64 additional hotel rooms, three new signature restaurants, new Spa and Café, new Lobby Pavilion, a redesigned resort pool, freshly painted exterior for all existing buildings, enhanced landscaping, new signage and undergrounding of select parking. The SUP would not include any ownership units nor any additional height.

APPLICANT BACKGROUND:

Highgate is an industry-leading hotel management, investment, and development firm. They have over thirty years of experience and have maintained the character of the business as family-owned from the beginning. Highgate has over 540 properties under their management throughout the US, Latin America, Caribbean and Europe. Highgate’s portfolio includes hotels of all chain scales, including a large subset of luxury and lifestyle properties. They have over seen over \$1.5 billion in hotel construction and renovation alone. Highgate manages an equal number of urban and suburban hotels as well as resorts, so they are very attuned to the needs of all environments. They have been recognized by Forbes Travel Guide, U.S. News Best Hotels, Gold Key Awards, and many more for their effectiveness in both service and design.

Highgate has extensive experience in executing both ground-up development and adaptive reuse and redevelopment hotel renovation. Their hands-on approach to projects mirrors the experience of working with a boutique firm despite being a large, international company. They have an industry reputation for being innovators with high performance drive to maximize the asset value based on its individual characteristics.

DETAILS OF REQUEST:

Summary

Scottsdale Plaza Resort was built in 1976 and has continued to be one of the largest hospitality properties in the valley. Highgate was chosen above competing buyers for its pledge to be a good steward of the resort and its people. While maintaining the independent vision and unique local presence of the Scottsdale Plaza Resort, Highgate plans to enhance its offerings, bringing upscale design and amenities to match the character of Paradise Valley. The renovated and repositioned resort will be a beacon for leisure, group, and business travelers as well as a community gathering place.

The proposed project is the work of world-class designers and award-winning architects and landscape architects. All the resort guestrooms and support buildings will get full interior renovations and an exterior facelift. The main resort courtyard, pool, resort restaurant, and bar will also be renovated to reflect a more design focused and refined experience. This redesign will interplay harmoniously with the surrounding area and increase values because of the major investment in these improvements.

Highgate plans to develop two cohesive but distinct resort experiences within the larger Scottsdale Plaza Resort; concepts that will better connect with the local community. The concepts will be in name and branding only, as Highgate will continue to own and manage the entire entity. Additionally, Highgate will pursue a combination of the current three parcels into one lot prior to final approval of the SUP amendment. The concepts have not been named yet, but we have dubbed them “Big and Little Sisters.” “Little Sister” is comprised of the original buildings on the northern half of the site and will provide a livelier, more social option for guests and families. This concept will focus on a slightly younger demographic and encourage an interactive and communal guest and neighborhood experience. The “Big Sister” concept is comprised of the southern half of the site, which was built in a second phase in the 1980s. The current room product in Big Sister are all suites – some of the largest in the Valley. Highgate’s plan is to position this portion of the property at a luxury level and introduce commensurate amenities. By clearly delineating the two concepts, Highgate is codifying the historically different experiences on property and will be able to better match guest expectations.

The entrance to the resort will remain at the main drive spotlight on Scottsdale Road and will be reconfigured to allow for clearer traffic flow between the different areas of the property and an improved pedestrian experience throughout the resort, with a significant reduction in asphalted areas. New signage will be added to meet the elevated aesthetic of the resort and ease navigation throughout.

The new buildings are being carefully located to enhance the internal views of the resort, as well as the views out to Mummy and Camelback Mountains. The new and enhanced xeriscape landscaping will be used throughout the property to enhance the resort atmosphere, mitigate views of traffic, and provide shade. The visual goal is one that is both playful for those on the interior of the property and sophisticated for those looking in from the outside of the property. Existing setbacks throughout the property will be maintained to ensure adequate buffering from neighboring residential uses and to maintain the high-quality character of the town.

The new elevated experience of the property will be anchored by a luxury destination spa and top-tier restaurants. Six spa-focused guestrooms will be added for those who choose to make the spa the focal point of their stay. The southeastern corner of the property will incorporate restaurants from both national and local restaurant groups to top off the resort experience, so guests can access every amenity they need for their stay without ever leaving the property. A new-build, underground guest parking facility will be added to this corner of the lot as well to off-set the parking lost to new guestrooms and restaurants and allow for more landscaping throughout the property. Additionally, the rooms and public areas will be brought up to ADA standards throughout the renovation process, increasing accessibility for the enjoyment of all.

By maintaining the current height, the resort will still have the same subdued style that makes it a visual subsidiary to the mountain views of Paradise Valley. The upgrades to the resort will bring the property into a more analogous character of the surrounding land use. The removal of the tent and relocation of the pool bar will create more insular, interactive experiences that allow pods of socialization at each point in the resort. New guestrooms will replace obsolete buildings such as the fitness center and the spa, maximizing the property’s utility and ensuring accessibility for all. The additional 64 rooms are planned throughout the property to provide additional options for guests. For example, 24 of the new guestrooms will surround the new resort pool, replacing obsolete buildings and providing a unique pool cabana room that will have direct access to the resort pool – a great amenity for families and couples alike. The majority of the new guestrooms 36 are to be located on the current parking lot, which will improve the overall resort-like feel, with increased landscaping and a visual focal point of the arrival experience. These additional keys will help to off-set the costs of the necessity to provide underground parking in sufficient numbers for the new destination restaurants.

The property’s location on Scottsdale Road makes it an innate part of the vision of Paradise Valley for both locals and visitors. It is essential to have such an intimate piece of the community visually reflect the values and lifestyle of the immediate community. Highgate’s plan for the Scottsdale Plaza Resort is in keeping with the overall vision and identity of Paradise Valley and Highgate is honored to be part of it.

1.5 PROJECT NARRATIVE (CONTINUED)

Guestrooms

The existing guestrooms will be fully renovated within the current building envelopes. On both the “Little Sister” and “Big Sister” sides, all rooms will receive new carpet, drapes, wallcovering/paint, lighting, TVs, all case goods, soft goods as well as new bathroom tile, vanities and flooring. Images of the completed Model Rooms are included in this submission.

The exteriors of the guestrooms will be painted a soft white to update the architecture to a more modern aesthetic. The entry ways to all guestrooms will receive renovated landscaping as well as new doors to further improve the visual appeal of the resort.

The new guestroom buildings are designed to maintain the current architecture of the resort, albeit in a modern and updated interpretation. The arches of the current buildings are echoed in the new buildings, bringing cohesion across the property, while also delineating the different offerings.

Spa/Fitness Center/Café

The current spa and fitness buildings are both ADA non-compliant and are functionally obsolete. Therefore, we are replacing both structures with new guestrooms and building a new, modern, world-class spa with adjacent fitness center. The two-story structure will house the spa, fitness center and retail on the ground floor and café and pool on the second floor / rooftop.

The café will be fully enclosed with outdoor seating for breakfast and lunch. The café will be open to the public as well as guests regardless of whether they are receiving spa treatments. Operating hours for the café are currently contemplated as 8am-3pm, serving breakfast and lunch, depending on season. Current spa hours are 9am-5pm during the week and 9am-6pm on the weekend. The rooftop pool will only be open to spa guests during the spa operating hours and is only accessible through the spa. The rooftop pool and spa café will be designed as tranquil, relaxing spaces, and they have been located away from the neighbors on the north and west of the property to mitigate sound travel. The ground floor fitness center will be accessible by all guests via keycard access directly from the exterior of the building or through the spa lobby and reception area.

Resort Restaurants

To support the revitalized Resort, we are proposing three new Resort related destination restaurants adjacent to Scottsdale Road at the southeast corner of the property, replacing the long-closed Remington’s restaurant and ten lodge suites. The Resort restaurants will allow the Resort to compete in the high-end marketplace and will add destination dining for local residents. As the SUP process moves forward we will provide more detail on the local and nationally recognized partners/chefs and cache concepts, as Highgate is finalizing details. The restaurants design will be architecturally significant, enhancing the corner of Scottsdale Road and Indian Bend Road. The style will reflect the architecture of the Resort but interpreted to a modern design, allowing unique but cohesive identities for each space.

The Resort restaurants will be programmed as 8,000-12,500 square feet each with indoor and outdoor seating and have dedicated valet underground parking as well as surface parking along Scottsdale Road. The three Resort restaurants will primarily be dinner venues, with their bar areas opening at approximately 4:30pm and dinner served from 5pm until midnight. The bars may remain open after dinner until 2am, depending on the outlet. At least one of the restaurants will likely be open for weekend brunch and may be open for mid-week lunch as well.

The Resort restaurants will serve as an additional amenity for Resort guests and allow Paradise Valley residents a way to feel more connected with the Resort while providing additional convenient high end dining options.

Main / “Little Sister” Lobby Building

The existing main lobby building will continue to be the reception and lobby for the “Little Sister”. The lobby, market and restaurants will all be renovated. The restaurants (JD’s and Garden Court) will be combined into one three-meal restaurant and bar that will have a new storefront along the pool to show off the majestic views of Mummy Mountain and allow for a view corridor from the entrance of the building. Outdoor seating for the restaurant will remain and be upgraded. The market adjacent to the lobby will remain and be upgraded and renovated. All food and beverage outlets in this building will be managed by Highgate and their envisioned hours of operation are as follow (hours may vary based on day of week and seasonality):

Market – open at 6am daily to serve coffee and grab-and-go items; will remain open until the late evening with snacks and beverages as well as curated sundries.

In-room delivery – starts at 7am and will be available until 10pm.

Three-Meal Restaurant – full service breakfast will begin at 7am before transitioning to lunch and dinner with the kitchen closing by 10pm.

Lobby Bar – open at 11am until midnight daily

The conference facilities within and adjacent to the main building will remain, receiving cosmetic upgrades to carpet, wallcovering, paint and lighting. The Las Palmas and El Teatro meeting spaces will be combined to create a new junior ballroom, replacing the current tent in the courtyard and allowing the property to host a broader segment of groups. The patio space outside El Teatro will be enlarged to create a new event lawn anchored by the large, striking Ficus tree. This event lawn will be able to accommodate a temporary tent for inclement weather, should there be a need.

1.6 PROJECT NARRATIVE (CONTINUED)

Main / "Little Sister" Pool Bar

The pool bar and food service are planned for daily operation, to start at 11am until sunset.

Water Conservation

Water conservation measures will be taken in existing facilities as well as the new facilities, such as: low flow faucets and toilets will be installed throughout, the current drip irrigation system will be augmented to support the lush desert landscaping. Furthermore, the team is investigating ways to utilize gray water.

Noise Mitigation

As the design progresses, different noise and mitigation strategies, including all strategies gathered by the Town of Paradise Valley in conjunction with MD Acoustics during 2021/2022, will be studied to determine feasibility and applied to the project as needed. Some of the strategies to be studied include, but are not limited to, the following:

- Operating hours for the main pool on Little Sister will be studied and restricted as necessary during nighttime hours, Sundays and legal holidays in order to remain within manageable noise levels that won't disturb the adjacent single-family homes along Hummingbird Lane.
- Operating hours for the second level spa pool will be restricted to the spa daytime operating hours as mentioned in a previous section.

Timing

The estimated development timeline for the overall project is approximately 18-20 months and will be staged within the property to ensure minimal disruption to traffic and any surrounding areas. Assuming approval by the Town Council in Summer 2023, the renovated resort would relaunch and open in Q1 2025.

1.7 SPECIAL USE PERMIT INTERMEDIATE AMENDMENT CRITERIA

SPECIAL USE PERMIT Intermediate amendment criteria

The Town's intent of providing Special Use Permits is to facilitate creative, high quality development that incorporates the following:

- A. Implementation of the goals and policies of the General Plan;
- B. The development of substantial open space and/or recreational facilities held in common ownership, control or management;
- C. The development of adequate public and private streets, storm drainage, and sewer and water utilities to minimize the impacts on adjacent properties;
- D. The preservation of significant natural land characteristics, open space and view corridors;
- E. Building design, site design, and construction of amenities that create a unique alternative to conventional development;
- F. Assurances of proper property maintenance, including common control or management of the property and the use of stringent development standards;
- G. The preservation and enhancement of the neighborhood's appearance;
- H. The construction or development of improvements that create substantial public benefits;
- I. The incorporation of standards to ensure that the development will have minimal impact on adjacent properties;

This amendment to the existing SUP supports the Town's intent and vision as outlined above. This SUP was established by the Town many decades ago and this request will simply allow for necessary updates and improvements to enhance the resort experience at the most highly visible resort in Paradise Valley on Scottsdale Road. The design team has focused on making the dated buildings current and efficiently utilizing the property while protecting the Town's precious view corridors.

Furthermore, this amendment application complies with the three Intermediate Special Use Permit (SUP) Amendment criteria identified in Section 1102.7.C in Article XI of the Town of Paradise Valley's Zoning Ordinance and outlined below.

- 1) An Intermediate Amendment to a Special Use Permit shall include any proposal which does not change or add any uses.

The uses described by the SUP will remain the same. The SUP for Scottsdale Plaza will continue to be a resort use with traditional resort accessory uses already active such as spas, restaurants, and pools.

- 2) An Intermediate Amendment to a Special Use Permit shall include any proposal which does not increase the floor area of the project by more than 40% upon the existing or if still under construction, approved floor area square footage of the affected SUP property, with any such increase to be measured cumulatively over a sixty month period.

The floor area of the existing Scottsdale Plaza Resort SUP is approximately 351,107 SF. The proposed updates and property improvements will increase the floor area to approximately 464,935 SF, which creates a floor area change of approximately 32% which complies with the Town's criteria.

- 3) An Intermediate Amendment to a Special Use Permit shall include any proposal which does not have any significant material effect on the adjoining property owners that is visible, audible, or otherwise perceptible from adjacent properties that cannot be sufficiently mitigated.

The proposed additions and renovations of Scottsdale Plaza Resort will be predominantly internal and along the Scottsdale Road frontage. The applicant fully intends to utilize best use practices and be in constant communication with the adjacent residents when renovating along the western and northern borders of the property. There will be no significant impacts on adjoining properties as a result of this amendment.

SPECIAL USE PERMIT GUIDELINES

The proposed amendment to the existing Scottsdale Plaza Resort SUP still complies with the Guidelines set forth by the Planning Commission and Town Council. The improvements to the property are compatible with the Town's vision of appropriate development including density, perimeter, parking, signage, lighting, and other related standards.

Lighting

All of the outdoor lighting will be upgraded to the highest and best illumination standards available to date. Lighting elements will be shielded so it is not visible from any neighboring properties and any up lighting will not have luminaire greater than 300 Lumens.

Pole lighting will not exceed 16 ft measured from natural ground level and each light fixture will be set back the appropriate distance as described in the SUP Guidelines.

Lighting levels measured in foot candles will comply with the following:

- Parking Lots - 1.6
- Entrances, interior driveways and drop off areas – 5.0
- Adjacent to service buildings and loading docks – 5.0
- In conjunction with architectural lighting adjacent to all other structures – 3.0
- Outdoor pool decks and other function areas – 5.0
- Outdoor dining areas – 10.0

No outdoor lighting will be permitted within any of the setback areas to the neighboring residential property unless the lighting measured at the property line does not exceed 0.5 foot candles and the lighting emitting elements are less than 3 feet in height.

Open Space Criteria

To maintain view corridors around the perimeter of the property, the building heights will be limited near property lines. The buildings will not penetrate an imaginary plane beginning at 16 feet above the natural grade and 20 feet from exterior property lines which slopes upward at a ratio of one foot vertically for each five feet horizontally measures perpendicular to the nearest property line. This limitation will apply until the maximum height allowed is achieved. All heights will be measure from the ground elevation at the 20 ft beginning line. Also, building heights will be taken from the highest point of the structure to the closest point on the 20 ft beginning line perpendicular to that portion of the structure.

Site Standards

The application complies with the site standards outlined in the Town's SUP Guidelines. Scottsdale Plaza Resort is located on the northwest corner of Scottsdale Rd and Indian Bend Rd and consists of approximately 40 acres. The Resort's primary access is from a frontage of at least 300 feet on the Major Arterial, Scottsdale Road, as designated in the Paradise Valley General Plan. Principal structures and buildings contain guest rooms, guest registration, administrative offices, conference rooms and other accessory uses. Service structures are utilized for support and maintenance of the Resort and all parking on the site will be at the surface or underground. There will be no elevated parking structures allowed and no individual retail business, office or business service will occupy more than 2000 square feet. Entrances to any retail business, office, or business service will be from within a principal or accessory structure.

1.8 SPECIAL USE PERMIT INTERMEDIATE AMENDMENT CRITERIA (CONTINUED)

Bulk and Density Standards

The maximum building height will comply with the following standards:

Structure	Maximum building height
Principal structures	36 ft
Accessory structures	24 ft
Services structures	18 ft

*To maintain view corridors around the perimeter of the property lines, building heights shall be restricted in accordance with the Open Space Criteria as listed in this narrative.

Lot Coverage

Scottsdale Plaza Resort will continue to comply with the following maximums lot coverages as identified in the table below.

Description	Maximum Lot Coverage
Total of all structures	25%
Total of all impervious surfaces including building footprint	60%
*Open space	40%

*Land and water areas retained for active and/or passive recreation purposes or essentially undeveloped areas retained for resource protection or preservation purposes.

Maximum density of guest units: Scottsdale Plaza Resort, which has been in operation since 1976, is the 4th largest resort in the Town of Paradise Valley and currently has 404 keys. The resort is located on highly trafficked Scottsdale Road and surrounded by many non-residential uses adjoining the City of Scottsdale. In order to undertake the much needed and extensive renovations, plus underground the currently unsightly above ground parking, we are proposing to add just 64 additional rooms in addition to three new restaurant buildings and a new spa building. The property will remain a mix of one-story and two-story buildings with a slight increase in density (404 existing keys = 11.1 units per acre to 468 proposed keys = 12.7 units per acre.) Fortunately, the property is expansive and the open space will remain one of the highest in Town for resort uses at 40% of total lot coverage. We are maintaining the maximum heights as required by the Town as well as not changing the existing building footprint. In order to make this site marketable in this highly competitive resort market, and allow for the major enhancements, the additional density is necessary and justified. The new amenities, including the restaurants and spa, will welcome local neighbors as well as hotel guests, improving the quality of life for residents of Paradise Valley. The overall improvements will enhance the quality of the resort and the entrance to Paradise Valley

Perimeter Standards

Furthermore, this amendment will allow for the continued compliance with the following perimeter standards as outlined by the Town's SUP Guidelines and listed below.

Perimeter Standards (continued)

Minimum Distance from exterior property lines where adjacent use is Residential

Principal Structures	100 ft
Accessory Structures	60 ft
Service Structures	100 ft
Outdoor game courts and swimming pools	200 ft
Parking Lots and interior drives*	60 ft
Any portion of equestrian facility	200 ft

Minimum Distance from exterior property lines where adjacent use is other than Residential or is adjacent to a public street

Principal Structures	100 ft
Accessory Structures	40 ft
Service Structures	65 ft
Outdoor game courts and swimming pools	65 ft
Parking Lots and interior drives*	40 ft

*Excluding exterior points of access

Existing buildings will remain in place and maintain their existing setbacks. Additionally, the existing landscape buffer will remain as is along the western boundary of the property. Drought tolerant landscaping will be utilized within landscaped buffers within new construction areas of the site. Furthermore, surface parking stalls along Scottsdale Road will encroach into the 40ft setback; however, this parking is necessary to avoid excessive costs associated with underground parking and will benefit resort guests and visitors by providing efficient parking accessibility specifically near the lobby and restaurant areas. There are existing perimeter principal buildings that are proposed to be remodeled that will remain less than the current SUP Guideline setbacks. There are guest buildings along the west property line with 40ft and 65 ft setbacks. There are also two replacement buildings that will retain existing setbacks not in compliance with the current SUP Guidelines. These are the main lodge building with covered walkways that encroach into the 100ft setback (including the porte cochere) and replacement of the recreation building with new guest units to match the existing 65 ft setback. These deviations are justified because they match the existing setback and the current SUP Guidelines were not in place in 1984. To ensure compliance with the Town's vision there will be enhanced landscaping that will work with the topography to screen vehicles from street view. This amendment will also comply with the provisions or Chapter XXIV, Walls, and Fences, of the Town's Zoning Ordinance.

Parking and Circulation

On-site parking is addressed in the Parking Study prepared by Summit Land Management for the proposed property improvements.

All parking and driveway areas shall be located to prevent lights from shining onto adjacent residential property. All parking areas and driveways located within 200 feet of adjacent residentially zoned property shall be screened with a minimum three-foot high, solid, decorative wall or a landscaped berm providing equivalent screening or a combination of both. Landscaped islands will be provided between every four stalls. No loading, truck parking, trash containers, or outdoor storage area shall be located within 100 feet of adjacent residentially zoned property unless previously approved. All such areas shall provide visual noise screening to minimize impacts on adjacent residential property. There are 547 underground parking spaces proposed. The underground parking will have a bi-directional antennae (BDA) for radio coverage with police and fire as necessary for the Town's radio communications.

1.9 SPECIAL USE PERMIT INTERMEDIATE AMENDMENT CRITERIA (CONTINUED)

Signs

All proposed and/or existing signs will be compliant with the SUP Guidelines. An identification sign will be located at each entrance to the resort from a Major or Minor arterial street. The maximum height shall be 8 feet and the maximum sign area shall be 40 square feet, aggregate. On entrances from all other streets, the height will not be larger than 4 ft and the maximum area shall be 32 square feet, aggregate. All signs will be only backlit or indirectly illuminated according to the standards in Article XXV, Signs, of the Town's Zoning Ordinance.

Signs will not be moving or animated. Traffic and directional signs within the site will not exceed 12 square feet in area, aggregate, and will not exceed 5 feet in height. Signs mounted on exterior walls of any structure will contain only structure identification as necessary for emergency access.

Landscaping and Walls

Landscape and wall setbacks provided are as follow:

- Existing conditions to remain along the west property line. Existing conditions provide setbacks ranging from 40 ft to 65 ft, which are in compliance with the 40 ft wide requirement when an exterior property line abuts residentially zoned property.
- The landscape setback along the north property line, which abuts a local street (Hummingbird Lane) is approximately 25 ft. Existing condition deviates slightly from the 30 ft requirement in current SUP guidelines, yet it is proposed to remain unchanged.
- The SUP guideline for a 50 foot wide landscaped area where an exterior property line abuts a Major or Minor Arterial, which applies along Indian Bend Road and Scottsdale Road. These setbacks are being proposed for a slight reduction due to existing conditions and adjustments needed to accommodate the parking and traffic flow for the new retail restaurants, and will still provide ample drainage and landscaping areas.
- Site walls and fences will follow the provisions of Chapter XXIV, Walls and Fences of the Town's Zoning Ordinance.

1.10 PROJECT DATA SUMMARY

PROGRAM SUMMARY - EXISTING VS PROPOSED		
	EXISTING	PROPOSED
GUESTROOM HOTEL UNITS		
LITTLE SISTER KEYS	260	260 (E) + 24 (N) = 284
BIG SISTER KEYS	144	144 (E) - 10 (D) + 50 (N) = 184
TOTAL HOTEL KEYS	404	468
ACCESSORY PROGRAM		
MEETING SPACE	29,736	32,336
NUMBER OF FOOD & BEVERAGE OUTLETS	4	6

- PROPOSED MASTER PLAN
 - PROGRAM
 - STRUCTURE TYPE BREAKDOWN
 - BUILDING AREAS
 - LOT COVERAGE
 - MAIN ENTRY CONCEPTUAL RENDERING

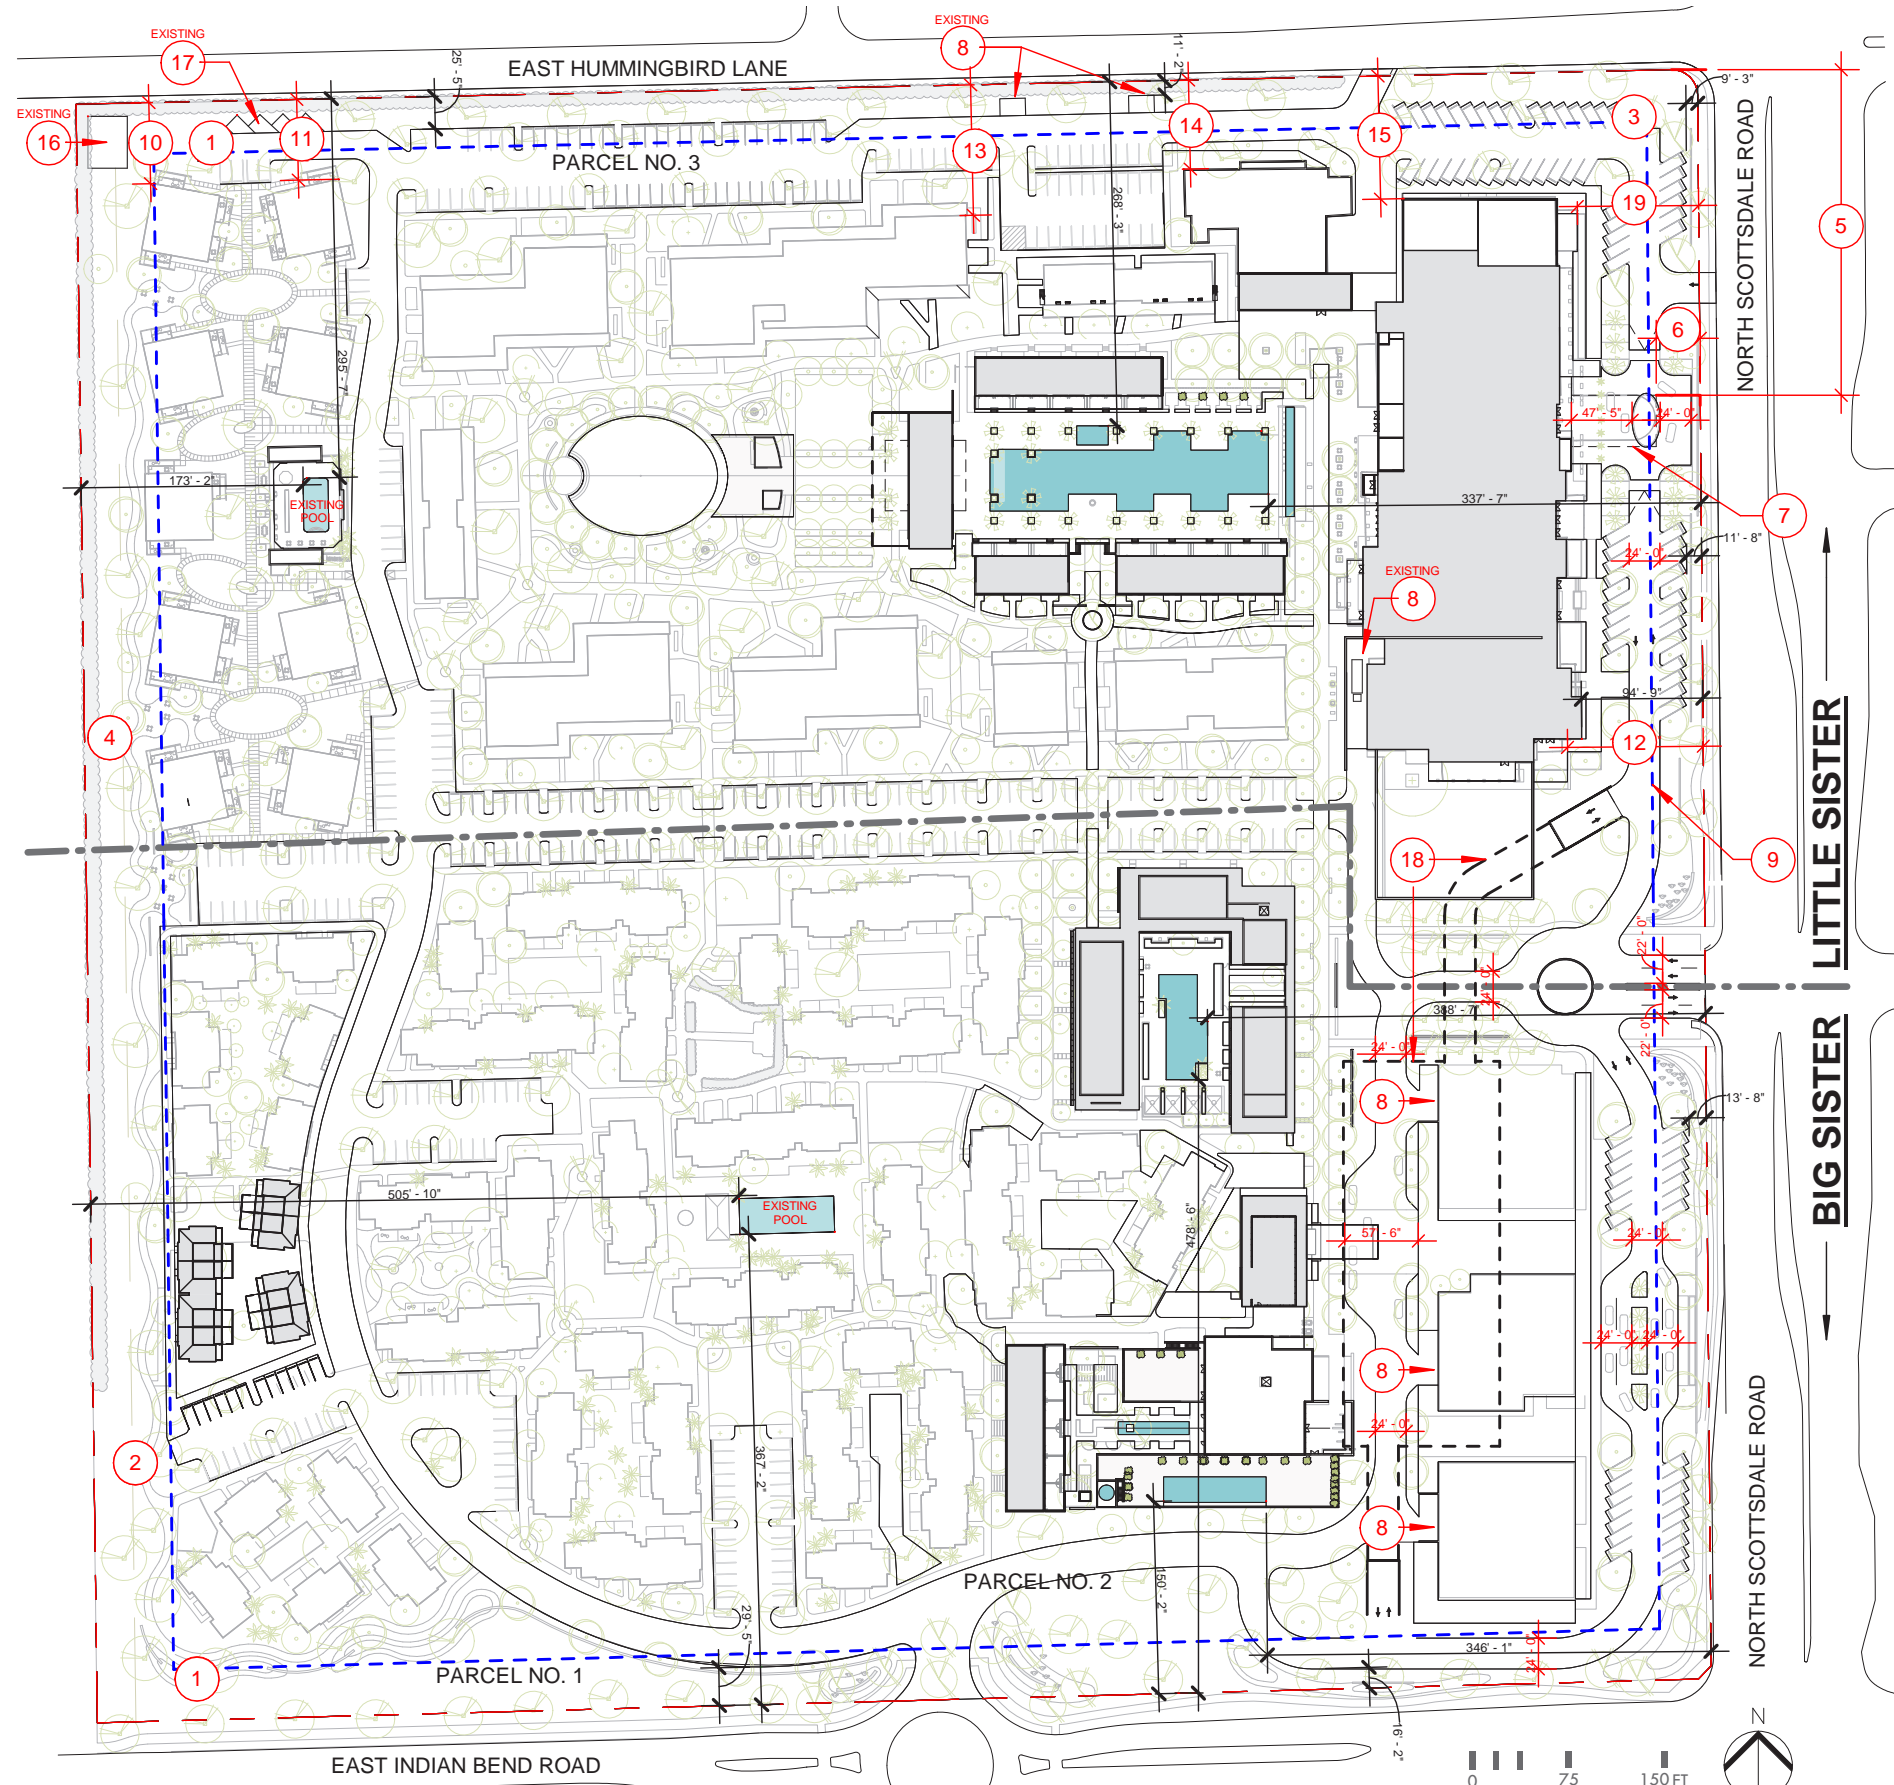

2.1 PROPOSED MASTER PLAN

MASTER PLAN KEYNOTES

- 1 NORTH & SOUTH SETBACK = 65' - 0"
- 2 WEST SETBACK PARCEL 1 = 65' - 0"
- 3 EAST SETBACK = 100' - 0"
- 4 WEST SETBACK PARCEL 3 = 40' - 0"
- 5 PORTE COCHERE ROOF DISTANCE FROM NORTH PROPERTY LINE = 254' - 0"
- 6 PORTE COCHERE ROOF DISTANCE FROM EAST PROPERTY LINE = 34' - 0"
- 7 PORTE COCHERE ROOF OUTLINE
- 8 TRASH PICKUP AREA, GATED, TYP. SEE GENERAL NOTE 5.
- 9 PARKING SETBACK (BLUE DASHED LINE), SEE GENERAL NOTE 3
- 10 EXISTING GUESTROOM BUILDING DISTANCE FROM NORTH PROPERTY LINE = 63' - 3"
- 11 EXISTING GUESTROOM BUILDING DISTANCE FROM NORTH PROPERTY LINE = 62' - 11"
- 12 EXISTING BUILDING DISTANCE FROM EAST PROPERTY LINE = 105' - 11", SEE GENERAL NOTE 4
- 13 EXISTING BUILDING DISTANCE FROM NORTH PROPERTY LINE = 101' - 9"
- 14 EXISTING BUILDING DISTANCE FROM NORTH PROPERTY LINE = 69' - 4"
- 15 EXISTING BUILDING DISTANCE FROM NORTH PROPERTY LINE = 96' - 0"
- 16 EXISTING FENCED AREA DISTANCE FROM NORTH AND WEST PROPERTY LINE APPROXIMATELY. = 9' - 0"
- 17 EXISTING ENCLOSURE DISTANCE FROM NORTH AND WEST PROPERTY LINE APPROXIMATELY. = 11' - 0"
- 18 APPROXIMATE EXTENTS OF UNDERGROUND PARKING GARAGE
- 19 EXISTING BUILDING COVERED AREA DISTANCE FROM EAST PROPERTY LINE = 94' - 7", SEE GENERAL NOTE 4

MASTER PLAN GENERAL NOTES

1. REFERENCE ALTA SURVEY ON CIVIL SECTION 8 OF THIS PACKAGE FOR ADDITIONAL SETBACK INFORMATION.
2. REFERENCE GRADING, DRAINAGE & UTILITIES PLANS UNDER CIVIL SECTION 8 OF THIS PACKAGE FOR ALL EASEMENT INFORMATION.
3. REFERENCE PERIMETER STANDARDS ON SHEET 1.8 FOR ADDITIONAL INFORMATION REGARDING PARKING ALONG THE SCOTTSDALE ROAD FRONTAGE.
4. EXISTING BUILDINGS WILL REMAIN IN PLACE AND MAINTAIN THEIR EXISTING SETBACKS.
5. THE SCREENING WALLS OF THE STORAGE AND TRASH AREAS ALONG HUMMINGBIRD LANE WILL BE KEPT IN THE EXISTING LOCATION, AND MATCH THE EXISTING HEIGHT, BUT BE REPAIRED AND/OR REFINISHED WITH MATERIALS SUCH AS STUCCO, BRICK, STONE, METAL, RAILS, WOOD OR TILE.
6. HVAC/MECHANICAL UNITS FOR NEW BUILDINGS ARE PLANNED TO BE ROOF MOUNTED AND SCREENED BEHIND THE BUILDINGS' PARAPETS. THE LOCATION OF UNITS FOR EXISTING BUILDINGS MAY BE A COMBINATION OF ON GROUND AND ROOF MOUNTED, AND ALWAYS SCREENED WITH FINISHED MATERIALS AS LISTED ON NOTE 5.

- Yellow Dot [Wedelia trilobata]
- Hesperaloe spp.
- Leucophyllum spp.

Note: All proposed landscaping meets the guidelines from the Town's Visually Significant Corridors Master Plan (e.g., Resort Living Character Zone), including the use of low water plants.

Existing Buffer at West Property Line to Remain

Existing Landscape Buffer at Hummingbird Frontage to Remain

Hummingbird Lane

5.2 LANDSCAPE CHARACTER ZONES

Residential Buffer at West Property Line

East Indian Bend Road

Scottsdale Road Frontage

- 
Existing Residential Buffer Zone
 Existing Landscape Buffers to remain, including existing perimeter walls and mature Oleander hedges.
- 
Existing Resort
 Existing landscape throughout the existing portions of the resort that are not being redeveloped shall remain in place, with minor enhancements.
- 
Streetscape Frontages
 The existing streetscape frontages along Scottsdale Road and East Indian Bend Road are primarily large turf areas with minimal trees or parking lot screening. The new proposed streetscape will eliminate the large turf areas and provide screening through the development of earth berming, strategically placed screen walls and masses of shrubs, groundcovers and accent materials. Street trees will be provided at a minimum of 3 trees per 100 linear feet of frontage and will consist of regionally appropriate desert tree varieties including Ironwood, Mesquite and Palo Verde. Entries and focal areas may include structural plant materials, such as saguaros and date palms, as vertical accents.
- 
Hotel / Oasis Landscape Character
 The Resort arrival sequences, open space areas and interior pathways will consist of a combination of regionally appropriate desert trees (Ironwood, Palo Verde and Mesquite), existing mature trees (palms and ficus), massings of flowering shrubs and groundcovers and the strategic use of large sculptural cacti and succulents at focal points and pedestrian intersections. Existing and new palms will be used to provide filtered shade at the pool areas to create a sense of oasis within the desert.

5.9 STREETScape LANDSCAPE CHARACTER

5.10 STREETScape SECTIONS

01 | Proposed Scottsdale Road Frontage [looking north]

02 Proposed Indian Bend Road Frontage [looking west]

03 Existing Hummingbird Lane Frontage [looking west]

Hummingbird Lane

5.11 EXTERIOR SITE WALL PLAN

Residential Buffer at West Property Line

Scottsdale Road Frontage

Legend

- ⋯ Existing at Property Line (to remain)
- Entry / Low Signage Wall
- ⋯ Decorative Screening (Landscape or Wall)
- ✳ Main Entry
- ✳ Secondary Entry

Proposed Breeze Block Wall

Proposed Rammed Earth Wall

Proposed Landscape Hedge Screen Walls

Key Notes:

- ① Screen Wall at Porte Cochere
- ② Screen Wall at Parking Garage Entry
- ③ Existing Perimeter Wall to Remain

Notes:

- Perimeter site walls will be kept to a minimum and will be used in specific areas to provide screening for utilities, surface parking lots, below grade parking entrances and trash enclosures.
- The screen walls of the storage and trash areas along Hummingbird Lane will be kept in the existing locations and will match the existing height and will be repaired and/or refinished with materials such as sutcco, brick, stone, metal, rails, wood or tile. See Exhibit 2.1.
- All walls will be in compliance with Article XXIV of the Zoning Ordinance unless noted otherwise.
- All walls will be designed and finished to complement adjacent architecture including materials, paint and finishes.
- Entry sign walls will be located at primary Scottsdale Road entry and entry at Indian Bend Road.
- Existing perimeter wall along west property to remain.

6 SITE LIGHTING

- EXTERIOR LIGHTING DESIGN CONCEPTS
- PERIMETER LIGHTING CONCEPT

6.1 EXTERIOR LIGHTING DESIGN CONCEPTS

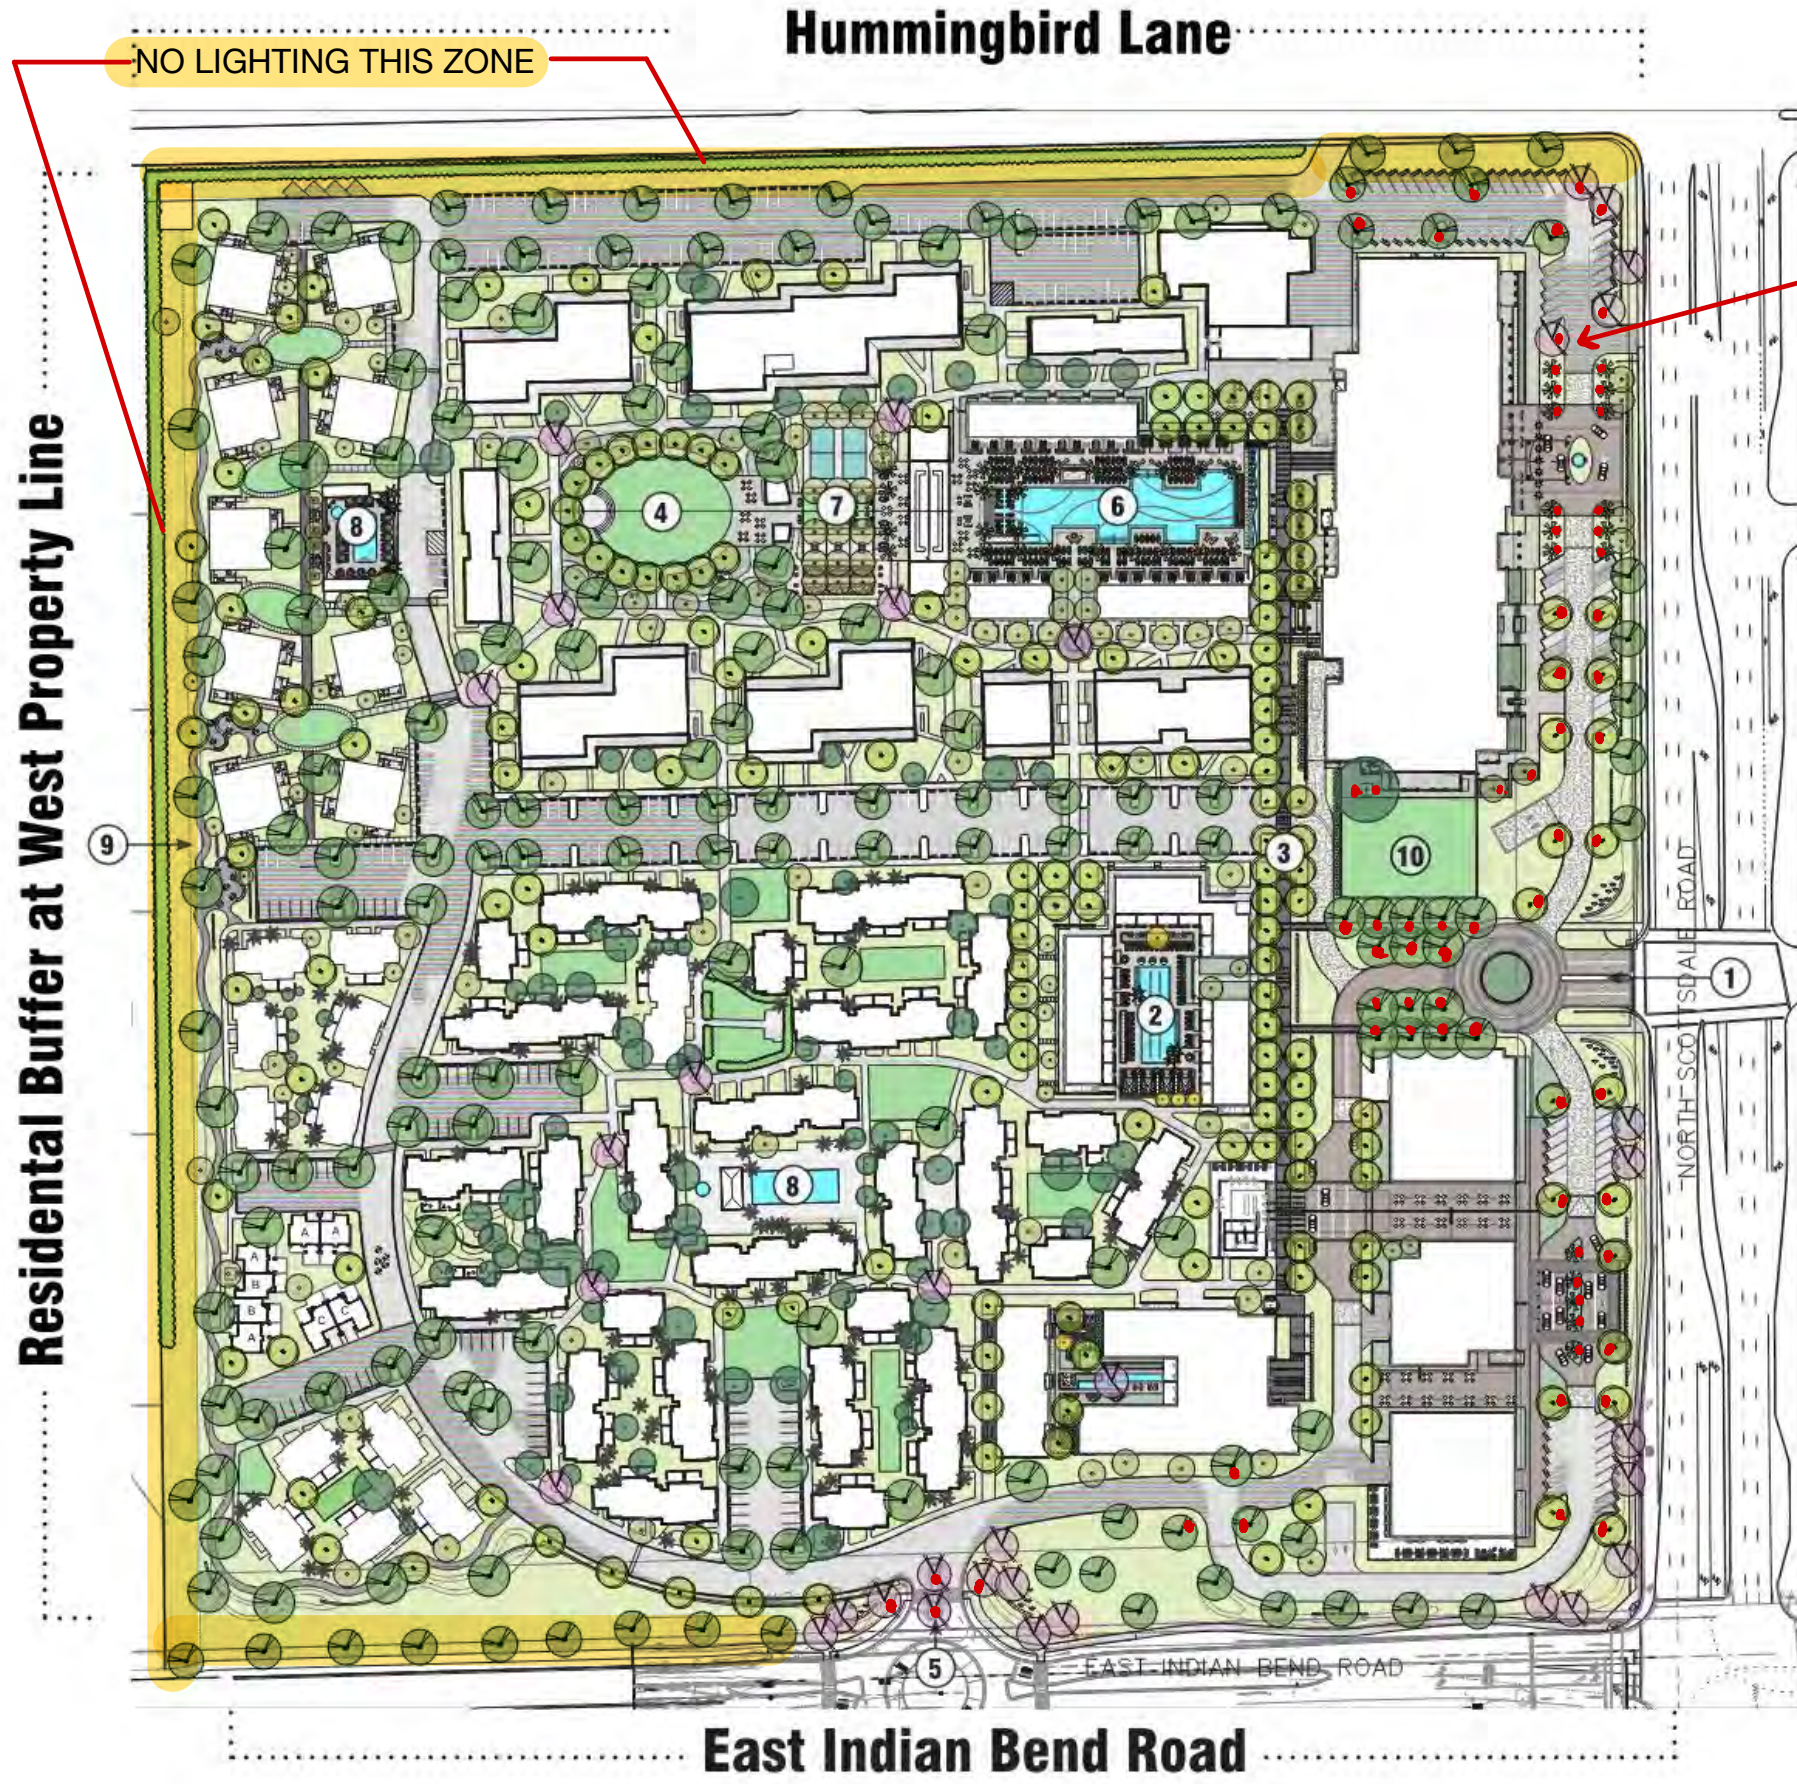

LIGHTING DESIGN NOTES:

1. REFER TO APPENDIX E, EXISTING LIGHTING PHOTOMETRIC STUDY FOR EXISTING CONDITIONS.
2. OVERALL SITE LIGHTING PLAN IS UNDER DESIGN DEVELOPMENT. FINAL LIGHTING PLAN WILL REFLECT FOR ALL PROJECT LIGHTING TO BE EITHER RETROFITTED, UPGRADED OR REPLACED FOLLOWING THE CRITERIA DESCRIBED BELOW ON NOTES 3 THROUGH 10.
3. ALL EXTERIOR LIGHTING AT THE PERIMETER WILL BE MOUNTED NO CLOSER THAN 10'-0" FROM THE PROPERTY LINE AND WILL PROVIDE NO MORE THAN 0.5 FOOT-CANDLES AT THE NEAREST PROPERTY LINE.
4. EXTERIOR LIGHT SOURCES WILL BE NO WHITER THAN 2700°K, FULLY SHIELDED, WILL NOT EXCEED 300 LUMENS AND WILL NOT BE HIGHER THAN 3'-0" ABOVE GRADE, INCLUDING ANY POST-MOUNTED FIXTURES.
5. ANY UPLIGHTS (NO MORE THAN 1,589) WILL NOT BE SPECIFIED WITH BEAMS WIDER THAN 45° AND WILL ALL HAVE HEX LOUVERS AND BE FULLY SHIELDED FOR GLARE CONTROL.
6. SOME ENTRY LIGHTING BY DOORS WILL BE NO HIGHER THAN 8'-6" ABOVE GRADE, SHIELDED BY ARCHITECTURE AND NOT NECESSARILY BE A SHIELDED FIXTURE ITSELF.
7. ANY LIGHTING IN TREES WILL BE FULLY SHIELDED 150 LUMEN MAXIMUM DOWNLIGHTS NO HIGHER THAN 8'-6" ABOVE GRADE AND NO MORE THAN THREE PER TREE.
8. POLE LIGHTING WILL NOT EXCEED 16'-0" HEIGHT ABOVE GRADE.
9. PARKING LOTS WILL NOT EXCEED 1.6 FOOT-CANDLES AND MOST OTHER AREAS WILL NOT EXCEED 3 TO 5 FOOT-CANDLES.

6.2 EXTERIOR LIGHTING DESIGN PERIMETER LIGHTING CONCEPT

Architectural SERIES HSL11-LM TAOS

The compact HSL11-LM is engineered around AuroraLight's interchangeable LED module to deliver brilliant LED performance in a small package. Storm Drain™ lensing prevents water and dirt from collecting on the lens for maximum illumination. Our exclusive AMS™ system offers an extensive choice of mounting options making this elegant accent-light ideal for any lighting task; landscape or architecture, inside or out, the HSL11 is up to the task; Proudly made in San Diego, CA USA.
See LSL10 and HSL16 for additional size and wattage options.

Features include:

- Interchangeable LED Module in 2, 4 or 6 Watts and up to 370 lumens
- Cree XLAMP® High Density (XHP) LED
- Interchangeable UV & Shock Resistant Silicone Optic
- 2700K (80 & 90 CRI) or 3000K (80 CRI)
- Thermally Integrated w/ Copper Core Technology®
- Storm Drain™ Lens Drainage System
- Aurora Mount System (AMS™) Compatible
- 12V Integral Constant Current Driver (Remote 12V AC/DC Transformer Required)
- Dimmable to <10% (TRIAC/Forward Phase) via Compatible Transformer
- Compatible w/ 12V AC/DC MLV or ELV Transformers
- Solid Brass Construction

FIT FIELD INTERCHANGEABLE TECHNOLOGY
The FIT™ (FIT) module is built on AuroraLight's Copper Core Technology® platform and includes FIT™ Acrylic Optic.

AMS AURORA MOUNT SYSTEM
The Aurora Mount System (AMS™) features 2 axis of adjustment - 360° of rotation around the mount and 230° at the solid brass knuckle. The ultra-precision in precision aiming without flexing or compromising wire integrity.

HSL11-LM TAOS

For smaller wattage and size options see LSL6, LSL10, and LSL8
For larger wattage and size options see LSL4, HSL16-LM, and HSL20-LM
For retrofit lamp options see HSL20-X, HSL16-X and SLX16

7 SIGNAGE

- SIGN LOCATIONS PRELIMINARY DIAGRAM
- MAIN ENTRY CONCEPT

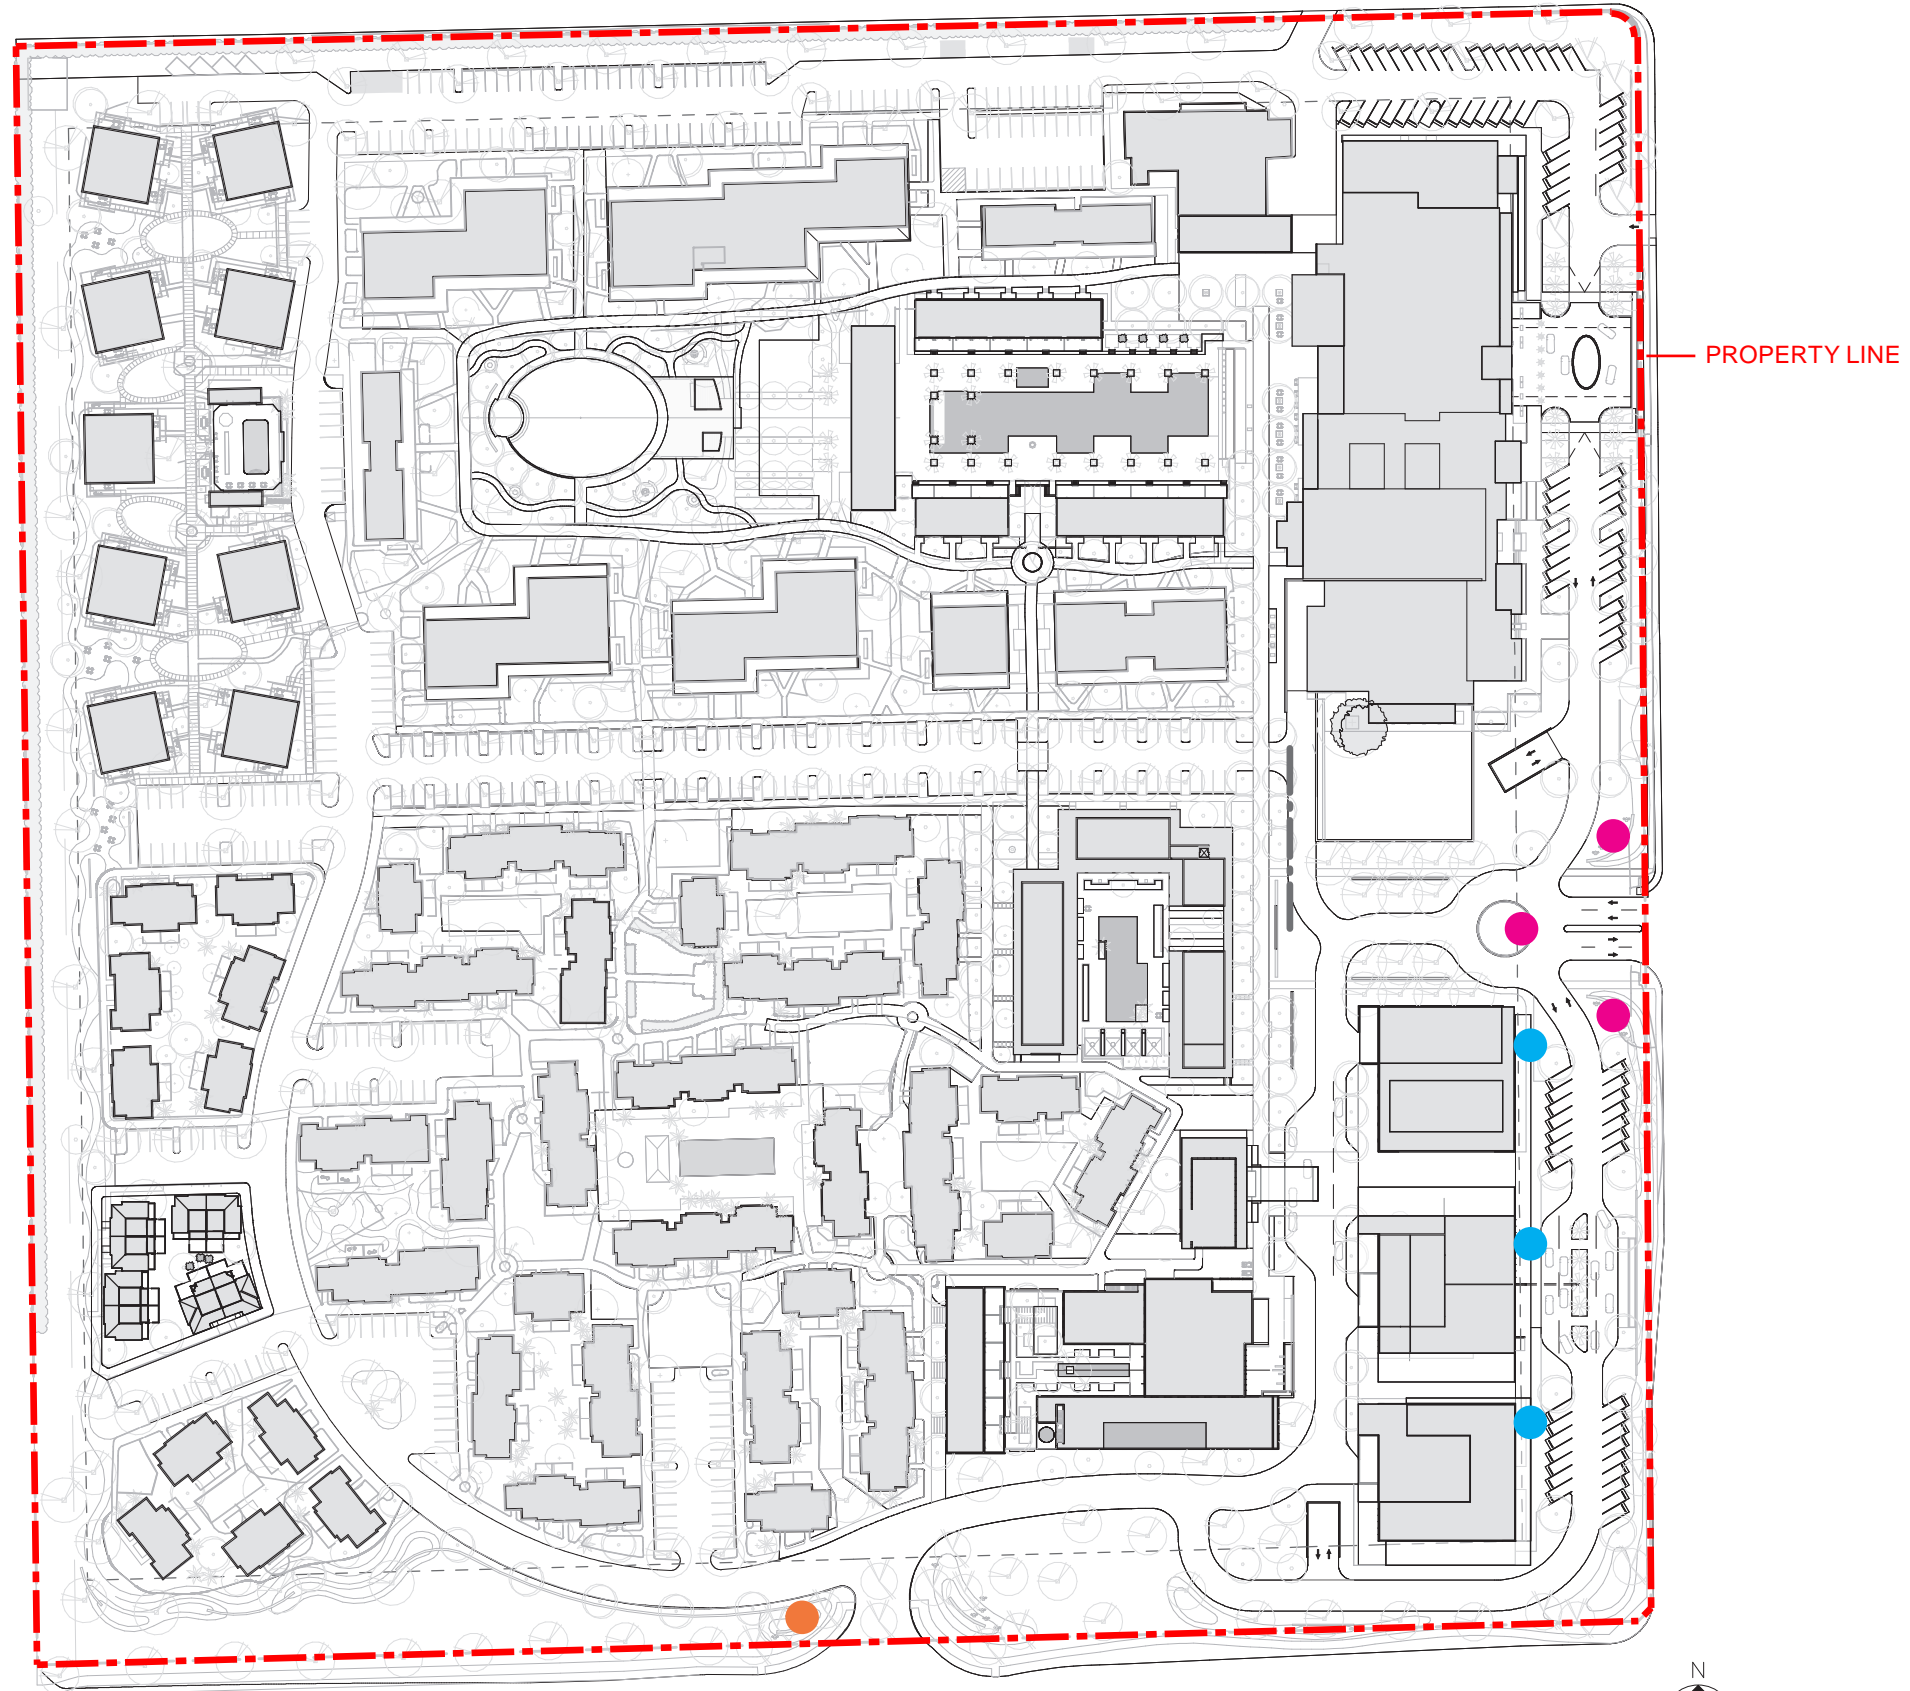

7.1 PERIMETER SITE SIGNAGE SIGN LOCATIONS PRELIMINARY DIAGRAM

SIGNAGE LEGEND

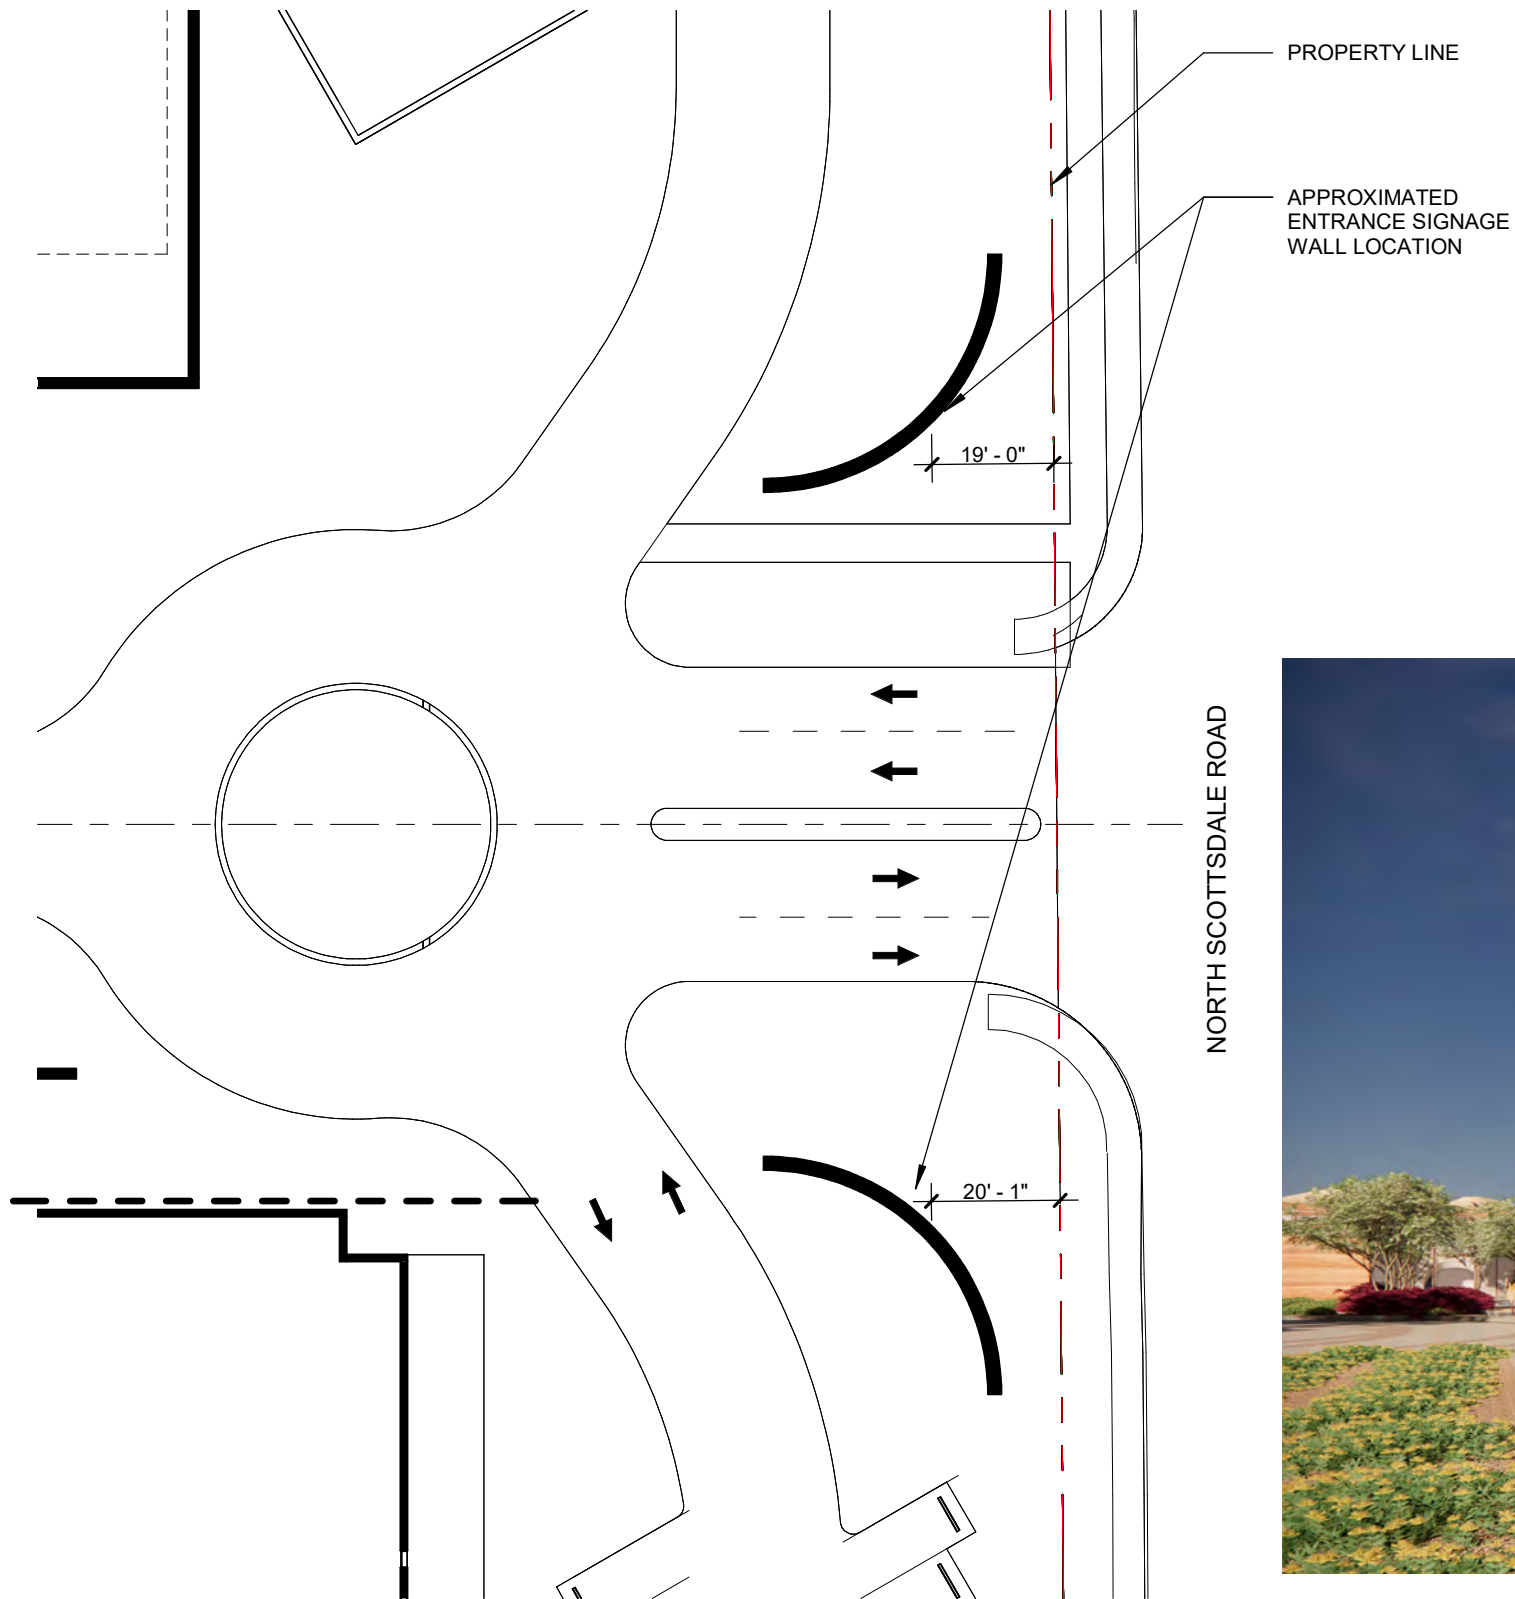

- MAIN ID ENTRANCE SIGNS
- SECONDARY ID ENTRANCE SIGNS
- RESTAURANT SIGNS (SEE NOTE 8)

SIGNAGE GENERAL NOTES:

1. ALL PROPOSED AND/OR EXISTING SIGNS WILL BE COMPLIANT WITH THE SUP GUIDELINES AND ZONING ORDINANCES UNLESS OTHERWISE NOTED.
2. AN IDENTIFICATION SIGN WILL BE LOCATED AT EACH ENTRANCE TO THE RESORT FROM A MAJOR OR MINOR ARTERIAL STREET. THE MAXIMUM HEIGHT SHALL BE 8 FEET AND THE MAXIMUM SIGN AREA SHALL BE 40 SQUARE FEET, AGGREGATE.
3. ON ENTRANCES FROM ALL OTHER STREETS, THE HEIGHT WILL NOT BE LARGER THAN 4 FT AND THE MAXIMUM AREA SHALL BE 32 SQUARE FEET, AGGREGATE.
4. ALL SIGNS WILL BE ONLY BACKLIT OR INDIRECTLY ILLUMINATED ACCORDING TO THE STANDARDS IN ARTICLE XXV, SIGNS, OF THE TOWN'S ZONING ORDINANCE.
5. SIGNS WILL NOT BE MOVING OR ANIMATED.
6. TRAFFIC AND DIRECTIONAL SIGNS WITHIN THE SITE WILL NOT EXCEED 12 SQUARE FEET IN AREA, AGGREGATE, AND WILL NOT EXCEED 5 FEET IN HEIGHT.
6. SIGNS MOUNTED ON EXTERIOR WALLS OF ANY STRUCTURE WILL CONTAIN ONLY STRUCTURE IDENTIFICATION AS NECESSARY FOR EMERGENCY ACCESS, UNLESS OTHERWISE NOTED.
7. ALL SIGNS WILL BE MOUNTED INSIDE THE BOUNDARY OF THE PROPERTY LINE, AND THEREFORE, WILL NOT ENCROACH ON ANY RIGHT-OF-WAY.
8. FUTURE RESORT RESTAURANTS' OPERATORS MAY DESIRE TO ADD SPECIFIC BUILDING FACADE MOUNTED BRANDING SIGNAGE TO RESTAURANTS 1 THROUGH 3. IF THAT WERE THE CASE, ANOTHER AMENDMENT TO THE SPECIAL USE PERMIT WILL BE SUBMITTED AT A FUTURE DATE.
9. SPECIFIC QUANTITIES FOR VARIOUS SIGN TYPES WILL BE FURTHER DEVELOPED IN THE NEXT PHASE.

7.2 SIGNAGE MAIN ENTRY CONCEPT

- ENTRANCE SIGNAGE WALL 4' MAX. HEIGHT WITH A SIGN AREA OF LESS THAN 40 SF. SIGN TO BE BACKLIT AND/OR INDIRECTLY ILLUMINATED PER SUP GUIDELINES AND ZONING ORDINANCES
- DECORATIVE CLADDING (ARCHITECTURAL DESIGN AND MATERIALS SUBJECT TO CHANGE)

8 CIVIL ENGINEERING

- EXISTING ALTA SURVEY & LEGAL DESCRIPTION
- PRELIMINARY GRADING, DRAINAGE & UTILITIES

TITLE NOTES

THIS SURVEY IS BASED ON A COMMITMENT FOR TITLE INSURANCE BY FIDELITY NATIONAL TITLE INSURANCE COMPANY, ISSUED BY FIDELITY NATIONAL TITLE AGENCY, INC. FILE NO. CCH2101291NT (NCS) Z2135694-001-IMP-MB2 (LOCAL) DATED 02/12/2021

THE PROPERTY IS SUBJECT TO THE FOLLOWING, ACCORDING TO SCHEDULE B OF SAID COMMITMENT:

- PROPERTY TAXES, INCLUDING ANY PERSONAL PROPERTY TAXES AND ANY ASSESSMENTS COLLECTED WITH TAXES, FOR THE SECOND INSTALLMENT OF 2020 TAXES. (AFFECTS ALL PARCELS - BLANKET EFFECT - NOT MAPPABLE)
- PROPERTY TAXES, WHICH ARE A LIEN NOT YET DUE AND PAYABLE, INCLUDING ANY ASSESSMENTS COLLECTED WITH TAXES TO BE LEVIED FOR THE YEAR 2021. (AFFECTS ALL PARCELS - BLANKET EFFECT - NOT MAPPABLE)
- RESERVATIONS CONTAINED IN THE PATENT FROM THE UNITED STATES OF AMERICA RECORDED FEBRUARY 19, 1912 IN BOOK 95 OF DEEDS, PAGE 575 WHICH AMONG OTHER THINGS RECITES AS FOLLOWS: SUBJECT TO ANY VESTED AND ACCRUED WATER RIGHTS FOR MINING, AGRICULTURAL, MANUFACTURING, OR OTHER PURPOSES AND RIGHTS TO DITCHES AND RESERVOIRS USED IN CONNECTION WITH SUCH WATER RIGHTS, AS MAY BE RECOGNIZED AND ACKNOWLEDGED BY THE LOCAL CUSTOMS, LAWS AND DECISIONS OF THE COURTS, AND THE RESERVATION FROM THE LANDS HEREBY GRANTED, A RIGHT OF WAY THEREON FOR DITCHES OR CANALS CONSTRUCTED BY THE AUTHORITY OF THE UNITED STATES. (AFFECTS ALL PARCELS - BLANKET EFFECT - NOT MAPPABLE)
- WATER RIGHTS, CLAIMS OR TITLE TO WATER, WHETHER OR NOT DISCLOSED BY THE PUBLIC RECORDS. (AFFECTS ALL PARCELS - BLANKET EFFECT - NOT MAPPABLE)

SCOTTSDALE PLAZA RESORT

A.L.T.A./N.S.P.S. LAND TITLE SURVEY

A PORTION OF LAND LOCATED IN THE SOUTHEAST QUARTER OF SECTION 3, TOWNSHIP 2 NORTH, RANGE 4 EAST, OF THE GILA AND SALT RIVER MERIDIAN, MARICOPA COUNTY, ARIZONA

SURVEY NOTES

PURSUANT TO TABLE "A", ITEM 1, MONUMENTS HAVE BEEN PLACED (OR A REFERENCE MONUMENT OR WITNESS TO THE CORNER) AT ALL MAJOR CORNERS OF THE BOUNDARY OF THE PROPERTY, UNLESS ALREADY MARKED OR REFERENCED BY EXISTING MONUMENTS OR WITNESSES IN CLOSE PROXIMITY TO THE CORNER.

PURSUANT TO TABLE "A", ITEM 2, THE PROPERTY ADDRESS IS 7200 NORTH SCOTTSDALE ROAD, PARADISE VALLEY, ARIZONA 85253.

PURSUANT TO TABLE "A", ITEM 3, FLOOD ZONE INFORMATION IS SHOWN IN THE FLOOD ZONE CERTIFICATION.

PURSUANT TO TABLE "A", ITEM 4, PARCEL AREAS ARE SHOWN IN THE PARCEL AREA TABLE BELOW.

PURSUANT TO TABLE "A", ITEM 6(A), THE SURVEYED PARCELS ARE ZONED S.U.P.(SPECIAL USE PERMIT) - RESORT ACCORDING TO ZONING INFORMATION PROVIDED BY THE CLIENT ON APRIL 2, 2018. THIS SPECIAL USE PERMIT INCLUDES A MAXIMUM BUILDING HEIGHT RESTRICTION OF 28' AND A MAXIMUM BUILDING COVERAGE OF 17.5%. IT IS ALSO THE SAME DOCUMENTS AS SCHEDULE B, ITEM 7.

PURSUANT TO TABLE "A", ITEM 6(B), SETBACKS DEPICTED IN THE SPECIAL USE PERMIT ZONING INFORMATION PROVIDED BY THE CLIENT ON APRIL 2, 2018 ARE SHOWN ON THE PLAT OF SURVEY.

PURSUANT TO TABLE "A", ITEM 7(A), EXTERIOR DIMENSIONS OF THE BUILDINGS AT GROUND LEVEL ARE SHOWN ON THE PLAT OF SURVEY.

PURSUANT TO TABLE "A", ITEM 7(B)(1), THE SQUARE FOOTAGE OF ALL BUILDINGS AT GROUND LEVEL ARE SHOWN ON THE PLAT OF SURVEY.

PURSUANT TO TABLE "A", ITEM 7(C), THE MEASURED HEIGHT OF ALL BUILDINGS ARE SHOWN ON THE PLAT OF SURVEY. BUILDING HEIGHTS ARE MEASURED FROM FINISH FLOOR TO THE TOP OF BUILDING.

PURSUANT TO TABLE "A", ITEM 8, SUBSTANTIAL FEATURES OBSERVED IN THE FIELD ARE SHOWN ON THE PLAT OF SURVEY.

PURSUANT TO TABLE "A", ITEM 9, THE SURVEYED PARCEL CONTAINS A TOTAL OF 736 STRIPED PARKING SPACES, OF WHICH 16 ARE HANDICAP ACCESSIBLE SPACES. PARKING SPACES ARE SHOWN ON THE PLAT OF SURVEY.

PURSUANT TO TABLE "A", ITEM 10, THE RELATIONSHIP AND LOCATION OF DIVISION OR PARTY WALLS TO ADJOINING PROPERTIES ARE SHOWN ON THE PLAT OF SURVEY.

PURSUANT TO TABLE "A", ITEM 11(A), UNDERGROUND UTILITIES SHOWN ARE BASED ON PLANS AND/OR REPORTS PROVIDED BY A THIRD PARTY (DRY UTILITIES, INC.).

PURSUANT TO TABLE "A", ITEM 13, NAMES OF ADJOINING OWNERS OF SUBDIVIDED LANDS ACCORDING TO CURRENT TAX RECORDS ARE SHOWN ON THE PLAT OF SURVEY.

PURSUANT TO TABLE "A", ITEM 14, THE DISTANCE TO THE NEAREST INTERSECTION STREET IS SHOWN ON THE PLAT OF SURVEY.

PURSUANT TO TABLE "A", ITEM 16, THERE IS NO OBSERVABLE EVIDENCE OF EARTH MOVING WORK, BUILDING CONSTRUCTION OR BUILDING ADDITIONS WITHIN RECENT MONTHS.

PURSUANT TO TABLE "A", ITEM 17, THERE IS NO INFORMATION AVAILABLE CONCERNING ANY CHANGES IN STREET RIGHT OF WAY LINES, EITHER COMPLETED OR PROPOSED. INDIAN BEND ROAD IS CURRENTLY UNDER CONSTRUCTION. THERE IS OTHERWISE NO OBSERVABLE EVIDENCE OF RECENT STREET OR SIDEWALK CONSTRUCTION OR REPAIRS.

PURSUANT TO TABLE "A", ITEM 18, PLOTTABLE OFFSITE EASEMENTS AND SERVITUDES DISCLOSED TO OR OBTAINED BY THIS SURVEYOR ARE SHOWN ON THE PLAT OF SURVEY.

NO INFORMATION CONCERNING RIGHT-OF-WAY DEDICATIONS OR EASEMENTS ON PARCEL NO. 2 OR OTHER ADJOINING ROADWAYS HAS BEEN DISCLOSED. ADJOINING RIGHTS-OF-WAY ARE MAPPED PER INFORMATION FROM THE MARICOPA COUNTY ASSESSOR UNLESS NOTED OTHERWISE.

BEARINGS, DISTANCES AND CURVE DATA NOT SPECIFIED AS RECORD OR MEASURED REPRESENT CVL FIELD MEASURED DATA.

THE PROPERTY DESCRIBED HEREON IS THE SAME AS THE PROPERTY DESCRIBED IN CHICAGO TITLE INSURANCE COMPANY COMMITMENT NO. CCH2101291NT WITH AN EFFECTIVE DATE OF FEBRUARY 12, 2021 AND THAT ALL EASEMENTS, COVENANTS AND RESTRICTIONS REFERENCED IN SAID TITLE COMMITMENT OR APPARENT FROM A PHYSICAL INSPECTION OF THE SITE OR OTHERWISE KNOWN TO ME HAVE BEEN PLOTTED HEREON OR OTHERWISE NOTED AS TO THEIR EFFECT ON THE SUBJECT PROPERTY.

LEGAL DESCRIPTION

PARCEL NO. 1: (174-49-001B)

A PARCEL OF LAND LOCATED IN THE SOUTHEAST QUARTER OF SECTION 3, TOWNSHIP 2 NORTH, RANGE 4 EAST OF THE GILA AND SALT RIVER BASE AND MERIDIAN, MARICOPA COUNTY, ARIZONA, DESCRIBED AS FOLLOWS:

BEGINNING AT THE POINT OF INTERSECTION OF THE WEST LINE OF THE SAID SOUTH HALF OF THE SOUTHEAST QUARTER OF THE SOUTHEAST QUARTER OF SECTION 3 WITH THE NORTH RIGHT OF WAY LINE OF INDIAN BEND ROAD FROM WHICH THE SOUTHWEST CORNER OF SAID SOUTH HALF OF THE SOUTHEAST QUARTER OF THE SOUTHEAST QUARTER OF SECTION 3 BEARS SOUTH 0 DEGREES 48 MINUTES 00 SECONDS WEST, 33.00 FEET AND SAID SOUTHWEST CORNER IS MARKED WITH 1 1/2 INCH IRON PIPE;

THENCE NORTH 0 DEGREES 48 MINUTES 00 SECONDS EAST, 630.97 FEET TO THE NORTHWEST CORNER OF THE SAID SOUTH HALF OF THE SOUTHEAST QUARTER OF THE SOUTHEAST QUARTER OF SECTION 3 AND WHICH POINT IS MARKED WITH A INCH IRON BAR;

THENCE SOUTH 89 DEGREES 50 MINUTES 00 SECONDS EAST, 640.26 FEET TO A POINT FROM WHICH THE NORTHEAST CORNER OF THE SAID SOUTH HALF OF THE SOUTHEAST QUARTER OF THE SOUTHEAST QUARTER OF SECTION 3 BEARS SOUTH 89 DEGREES 50 MINUTES 00 SECONDS EAST, 687.26 FEET AND IS MARKED WITH A BRASS CAP SET IN CONCRETE;

THENCE SOUTH 0 DEGREES 56 MINUTES 10 SECONDS WEST, 629.12 FEET TO A POINT ON THE NORTH RIGHT OF WAY LINE OF INDIAN BEND ROAD;

THENCE WEST ALONG THE NORTH RIGHT OF WAY LINE OF INDIAN BEND ROAD, 638.78 FEET TO THE POINT OF BEGINNING.

PARCEL NO. 2: (174-49-001A)

THE SOUTH HALF OF THE SOUTHEAST QUARTER OF THE SOUTHEAST QUARTER OF SECTION 3, TOWNSHIP 2 NORTH, RANGE 4 EAST OF THE GILA AND SALT RIVER BASE AND MERIDIAN, MARICOPA COUNTY, ARIZONA;

EXCEPT THAT PORTION DESCRIBED AS FOLLOWS:

BEGINNING AT THE POINT OF INTERSECTION OF THE WEST LINE OF THE SAID SOUTH HALF OF THE SOUTHEAST QUARTER OF THE SOUTHEAST QUARTER OF SECTION 3 WITH THE NORTH RIGHT OF WAY LINE OF INDIAN BEND ROAD FROM WHICH THE SOUTHWEST CORNER OF SAID SOUTH HALF OF THE SOUTHEAST QUARTER OF THE SOUTHEAST QUARTER OF SECTION 3 BEARS SOUTH 0 DEGREES 48 MINUTES 00 SECONDS WEST, 33.00 FEET AND SAID SOUTHWEST CORNER IS MARKED WITH A 1 1/2 INCH IRON PIPE;

THENCE NORTH 0 DEGREES 48 MINUTES 00 SECONDS EAST, 630.97 FEET TO THE NORTHWEST CORNER OF THE SAID SOUTH HALF OF THE SOUTHEAST QUARTER OF THE SOUTHEAST QUARTER OF SECTION 3 AND WHICH POINT IS MARKED WITH A 3/4 INCH IRON BAR;

THENCE SOUTH 89 DEGREES 50 MINUTES 00 SECONDS EAST, 640.26 FEET TO A POINT FROM WHICH THE NORTHEAST CORNER OF THE SAID SOUTH HALF OF THE SOUTHEAST QUARTER OF THE SOUTHEAST QUARTER OF SECTION 3 BEARS SOUTH 89 DEGREES 50 MINUTES 00 SECONDS EAST, 687.26 FEET AND IS MARKED WITH A BRASS CAP SET IN CONCRETE;

THENCE SOUTH 0 DEGREES 56 MINUTES 10 SECONDS WEST, 629.12 FEET TO A POINT ON THE NORTH RIGHT OF WAY LINE OF INDIAN BEND ROAD;

THENCE WEST ALONG THE NORTH RIGHT OF WAY LINE OF INDIAN BEND ROAD, 638.78 FEET TO THE POINT OF BEGINNING;

EXCEPT FROM PARCEL NOS. 1 AND 2 ABOVE THE FOLLOWING DESCRIBED PROPERTY:

COMMENCING AT THE SOUTHEAST CORNER OF SAID SECTION 3;

THENCE SOUTH 89 DEGREES 57 MINUTES 05 SECONDS WEST, ALONG THE SOUTH LINE OF SAID SECTION 3, 33.01 FEET, TO THE WEST LINE OF THE EAST 33.00 FEET OF SAID SECTION 3, SAID POINT BEING THE TRUE POINT OF BEGINNING;

THENCE NORTH 01 DEGREES 02 MINUTES 30 SECONDS EAST, ALONG SAID WEST LINE, 660.29 FEET, TO THE NORTH LINE OF THE SOUTH HALF OF THE SOUTHEAST QUARTER OF SAID SOUTHEAST QUARTER;

THENCE NORTH 89 DEGREES 53 MINUTES 12 SECONDS WEST, ALONG SAID NORTH LINE, 32.00 FEET, TO THE WEST LINE OF THE EAST 65.00 FEET OF SAID SECTION 3;

THENCE SOUTH 01 DEGREES 02 MINUTES 30 SECONDS WEST, ALONG SAID WEST LINE, 610.37 FEET;

THENCE SOUTH 45 DEGREES 29 MINUTES 47 SECONDS WEST, 14.28 FEET, TO THE NORTH LINE OF THE SOUTH 40.00 FEET OF SAID SECTION 3;

THENCE SOUTH 89 DEGREES 57 MINUTES 05 SECONDS WEST, ALONG SAID NORTH LINE, 1249.30 FEET, TO THE WEST LINE OF THE SOUTHEAST QUARTER OF SAID SOUTHEAST QUARTER;

THENCE SOUTH 00 DEGREES 48 MINUTES 00 SECONDS WEST, ALONG SAID WEST LINE, 7.00 FEET, TO THE NORTH LINE OF THE SOUTH 33.00 FEET OF SAID SECTION 3;

THENCE NORTH 89 DEGREES 57 MINUTES 05 SECONDS EAST, ALONG SAID NORTH LINE, 638.79 FEET;

THENCE SOUTH 00 DEGREES 56 MINUTES 10 SECONDS WEST, 33.00 FEET, TO THE SOUTH LINE OF SAID SECTION 3;

THENCE NORTH 89 DEGREES 57 MINUTES 05 SECONDS EAST, ALONG SAID SOUTH LINE, 652.43 FEET, TO THE TRUE POINT OF BEGINNING.

FLOOD ZONE CERTIFICATION

THIS IS TO CERTIFY THAT THIS PROPERTY IS LOCATED WITHIN THE UNSHADED ZONE "X" FLOOD HAZARD AREA PER FIRM MAP PANEL NUMBER 04013C-1770 M DATED SEPTEMBER 18, 2020 AS PUBLISHED BY THE FEDERAL EMERGENCY MANAGEMENT AGENCY (FEMA) AND AS OBTAINED FROM THE FEMA WEBSITE ON MARCH 2, 2021.

UNSHADED ZONE "X" AS DEFINED BY FEMA IS: AREAS OF MINIMAL FLOOD HAZARD.

BASIS OF BEARING

THE BASIS OF BEARINGS FOR THIS SURVEY IS NORTH 88°25'57" EAST ALONG THE SOUTH LINE OF THE SOUTHEAST QUARTER OF SECTION 3, TOWNSHIP 2 NORTH, RANGE 4 EAST OF THE GILA AND SALT RIVER MERIDIAN, ACCORDING TO BOOK 1297 OF MAPS, PAGE 21, MARICOPA COUNTY RECORDS.

CERTIFICATION

TO THE SCOTTSDALE PLAZA RESORT, L.L.C., AN ARIZONA LIMITED LIABILITY COMPANY; AND CHICAGO TITLE INSURANCE COMPANY:

THIS IS TO CERTIFY THAT THIS MAP OR PLAT AND THE SURVEY ON WHICH IT IS BASED WERE MADE IN ACCORDANCE WITH THE 2021 MINIMUM STANDARD DETAIL REQUIREMENTS FOR ALTA AND NSP.S. LAND TITLE SURVEYS, JOINTLY ESTABLISHED AND ADOPTED BY ALTA AND NSP.S. AND INCLUDES ITEMS 1, 2, 3, 4, 6(A), 6(B), 7(A), 7(B)(1), 7(C), 8, 9, 10, 11(A), 13, 14, 16, 17, 18 AND 19 OF TABLE A THEREOF. THE FIELD WORK WAS COMPLETED ON 03/03/2021.

PROJECT DESCRIPTION

THE PROJECT IS A RENOVATION OF THE EXISTING SCOTTSDALE PLAZA RESORT THAT INCLUDES THE REMOVAL OF SOME EXISTING BUILDINGS TO GENERATE SPACE FOR NEW BUILDINGS, AN UNDERGROUND PARKING STRUCTURE, AND PARKING LOT/AISLE CHANGES

BASIS OF BEARING

THE BASIS OF BEARINGS FOR THIS SURVEY IS NORTH 88°25'57" EAST ALONG THE SOUTH LINE OF THE SOUTHEAST QUARTER OF SECTION 3, TOWNSHIP 2 NORTH, RANGE 4 EAST OF THE GILA AND SALT RIVER MERIDIAN, ACCORDING TO BOOK 1297 OF MAPS, PAGE 21, MARICOPA COUNTY RECORDS.

FEMA FLOODZONE DATA

THIS PROPERTY IS LOCATED WITHIN THE UNSHADED ZONE "X" FLOOD HAZARD AREA PER FIRM MAP PANEL NUMBER 04013C-1770M DATED SEPTEMBER 18, 2020 AS PUBLISHED BY THE FEDERAL EMERGENCY MANAGEMENT AGENCY (FEMA) AND AS OBTAINED FROM THE FEMA WEBSITE ON AUGUST 4, 2022.

UNSHADED ZONE "X" AS DEFINED BY FEMA IS:
AREAS OF MINIMAL FLOOD HAZARD.

FIRM INFORMATION

THE LOWEST FLOOR ELEVATION(S) AND/OR FLOOD PROOFING ELEVATION(S) ON THIS PLAN ARE SUFFICIENTLY HIGH TO PROVIDE PROTECTION FROM FLOODING CAUSED BY A 100-YEAR STORM, AND ARE IN ACCORDANCE WITH THE SCOTTSDALE REVISED CODE, CHAPTER 37.

LEGAL DESCRIPTION

PARCEL NO. 1: (174-49-001B)
 A PARCEL OF LAND LOCATED IN THE SOUTHEAST QUARTER OF SECTION 3, TOWNSHIP 2 NORTH, RANGE 4 EAST OF THE GILA AND SALT RIVER BASE AND MERIDIAN, MARICOPA COUNTY, ARIZONA, DESCRIBED AS FOLLOWS:
 BEGINNING AT THE POINT OF INTERSECTION OF THE WEST LINE OF THE SAID SOUTH HALF OF THE SOUTHEAST QUARTER OF THE SOUTHEAST QUARTER OF SECTION 3 WITH THE NORTH RIGHT OF WAY LINE OF INDIAN BEND ROAD FROM WHICH THE SOUTHWEST CORNER OF SAID SOUTH HALF OF THE SOUTHEAST QUARTER OF THE SOUTHEAST QUARTER OF SECTION 3 BEARS SOUTH 0 DEGREES 48 MINUTES 00 SECONDS WEST, 33.00 FEET AND SAID SOUTHWEST CORNER IS MARKED WITH 1 1/2 INCH IRON PIPE;
 THENCE NORTH 0 DEGREES 48 MINUTES 00 SECONDS EAST, 630.97 FEET TO THE NORTHWEST CORNER OF THE SAID SOUTH HALF OF THE SOUTHEAST QUARTER OF THE SOUTHEAST QUARTER OF SECTION 3 AND WHICH POINT IS MARKED WITH A INCH IRON BAR;
 THENCE SOUTH 89 DEGREES 50 MINUTES 00 SECONDS EAST, 640.26 FEET TO A POINT FROM WHICH THE NORTHEAST CORNER OF THE SAID SOUTH HALF OF THE SOUTHEAST QUARTER OF THE SOUTHEAST QUARTER OF SECTION 3 BEARS SOUTH 89 DEGREES 50 MINUTES 00 SECONDS EAST, 687.26 FEET AND IS MARKED WITH A BRASS CAP SET IN CONCRETE;
 THENCE SOUTH 0 DEGREES 56 MINUTES 10 SECONDS WEST, 629.12 FEET TO A POINT ON THE NORTH RIGHT OF WAY LINE OF INDIAN BEND ROAD;
 THENCE WEST ALONG THE NORTH RIGHT OF WAY LINE OF INDIAN BEND ROAD, 638.78 FEET TO THE POINT OF BEGINNING.

PARCEL NO. 2: (174-49-001A)
 THE SOUTH HALF OF THE SOUTHEAST QUARTER OF THE SOUTHEAST QUARTER OF SECTION 3, TOWNSHIP 2 NORTH, RANGE 4 EAST OF THE GILA AND SALT RIVER BASE AND MERIDIAN, MARICOPA COUNTY, ARIZONA;
 EXCEPT THAT PORTION DESCRIBED AS FOLLOWS:
 BEGINNING AT THE POINT OF INTERSECTION OF THE WEST LINE OF THE SAID SOUTH HALF OF THE SOUTHEAST QUARTER OF THE SOUTHEAST QUARTER OF SECTION 3 WITH THE NORTH RIGHT OF WAY LINE OF INDIAN BEND ROAD FROM WHICH THE SOUTHWEST CORNER OF SAID SOUTH HALF OF THE SOUTHEAST QUARTER OF THE SOUTHEAST QUARTER OF SECTION 3 BEARS SOUTH 0 DEGREES 48 MINUTES 00 SECONDS WEST, 33.00 FEET AND SAID SOUTHWEST CORNER IS MARKED WITH A 1 1/2 INCH IRON PIPE;
 THENCE NORTH 0 DEGREES 48 MINUTES 00 SECONDS EAST, 630.97 FEET TO THE NORTHWEST CORNER OF THE SAID SOUTH HALF OF THE SOUTHEAST QUARTER OF THE SOUTHEAST QUARTER OF SECTION 3 AND WHICH POINT IS MARKED WITH A 3/4 INCH IRON BAR;
 THENCE SOUTH 89 DEGREES 50 MINUTES 00 SECONDS EAST, 640.26 FEET TO A POINT FROM WHICH THE NORTHEAST CORNER OF THE SAID SOUTH HALF OF THE SOUTHEAST QUARTER OF THE SOUTHEAST QUARTER OF SECTION 3 BEARS SOUTH 89 DEGREES 50 MINUTES 00 SECONDS EAST, 687.26 FEET AND IS MARKED WITH A BRASS CAP SET IN CONCRETE;
 THENCE SOUTH 0 DEGREES 56 MINUTES 10 SECONDS WEST, 629.12 FEET TO A POINT ON THE NORTH RIGHT OF WAY LINE OF INDIAN BEND ROAD;
 THENCE WEST ALONG THE NORTH RIGHT OF WAY LINE OF INDIAN BEND ROAD, 638.78 FEET TO THE POINT OF BEGINNING;
 EXCEPT FROM PARCEL NOS. 1 AND 2 ABOVE THE FOLLOWING DESCRIBED PROPERTY:
 COMMENCING AT THE SOUTHEAST CORNER OF SAID SECTION 3;
 THENCE SOUTH 89 DEGREES 57 MINUTES 05 SECONDS WEST, ALONG THE SOUTH LINE OF SAID SECTION 3, 33.01 FEET, TO THE WEST LINE OF THE EAST 33.00 FEET OF SAID SECTION 3, SAID POINT BEING THE TRUE POINT OF BEGINNING;
 THENCE NORTH 01 DEGREES 02 MINUTES 30 SECONDS EAST, ALONG SAID WEST LINE, 660.29 FEET, TO THE NORTH LINE OF THE SOUTH HALF OF THE SOUTHEAST QUARTER OF SAID SOUTHEAST QUARTER;
 THENCE NORTH 89 DEGREES 53 MINUTES 12 SECONDS WEST, ALONG SAID NORTH LINE, 32.00 FEET, TO THE WEST LINE OF THE EAST 65.00 FEET OF SAID SECTION 3;
 THENCE SOUTH 01 DEGREES 02 MINUTES 30 SECONDS WEST, ALONG SAID WEST LINE, 610.37 FEET;
 THENCE SOUTH 45 DEGREES 29 MINUTES 47 SECONDS WEST, 14.28 FEET, TO THE NORTH LINE OF THE SOUTH 40.00 FEET OF SAID SECTION 3;
 THENCE SOUTH 89 DEGREES 57 MINUTES 05 SECONDS WEST, ALONG SAID NORTH LINE, 1249.30 FEET, TO THE WEST LINE OF THE SOUTHEAST QUARTER OF SAID SOUTHEAST QUARTER;
 THENCE SOUTH 00 DEGREES 48 MINUTES 00 SECONDS WEST, ALONG SAID WEST LINE, 7.00 FEET, TO THE NORTH LINE OF THE SOUTH 33.00 FEET OF SAID SECTION 3;
