1. Student count shall be limited to:
 - a) 214 enrolled students for private activities; and
 - b) 350 enrolled students for times when both private and charter school students will be on campus at the same time, of which no more than 214 shall be enrolled private school students.
2. The waste water infrastructure stipulation shall be modified as follows:
 - a) All wastewater facilities on the site shall be connected to the Town wastewater collection/sewer system within five (5) years of sewer being installed in Invergordon Road along the frontage of the subject property
3. All remaining Special Use Permit stipulations shall remain in full force and effect.
4. Traffic and circulation options shall be substantially compliant with the Montessori Academy Traffic Impact Analysis, prepared by CivTech, dated April 2010.
5. Upon enrollment, as defined above, exceeding 250 students, or if excessive delay or congestion is observed by the Town Engineer (with excessive delay or congestion being defined as excessive or significant stacking of traffic on Invergordon Road) the owner of the property shall commission and submit a traffic report to the Town assessing the conditions on Invergordon Road. If the Town Engineer, upon receipt of said report, determines that there is excessive delay or congestion (as previously defined herein), the Town may require the school to do either or both of the following:
 - a) Further stagger class start times; or
 - b) Modify Invergordon Road to accommodate a new left turn lane.
5. On October 1st every year, Montessori Academy shall provide the Town with an annual report identifying the private student, charter student, and combined student enrollment.
6. The monument sign shall be substantially compliant with Exhibit G, Proposed Revised Copy for Existing Monument Sign, prepared by Rose Law Group, dated March 23, 2010.

March 10, 2010 Zoning Administrator Interpretation

The Development Services Director determined that the school's request to operate a summer camp is allowable based on the historical uses on the property provided total camp enrollment does not exceed 214 students.
