III. STIPULATIONS

A. GENERAL

1. As of the Effective Date, this Special Use Permit shall supersede and replace any and all prior Special Use Permits related to the Property. Unless and until the Effective Date, the prior Special Use Permit shall remain in effect.

2. This Special Use Permit touches and concerns the land and shall run with the land. Any person having or subsequently acquiring title to any portion of the Property shall be subject to this Special Use Permit, as it applies to the portion of the Property owned thereby and as it may be amended or superseded from time to time.
3. Development of the Resort shall be in substantial conformance with the Approved Plans and these Stipulations.
4. Lot coverage for the Property as a whole shall not exceed that noted in the Land Density Table in Page of the Approved Plans.
5. The use of the Property shall at all times conform to this Special Use Permit and all Applicable Laws, except that if there is a conflict between this Special Use Permit and any provision of the Town Code or Zoning Ordinance or other Town requirement, this Special Use Permit shall prevail, except when otherwise required for health, safety, or welfare reasons.
6. If any section, subsection, sentence, clause, or phrase of this Special Use Permit is for any reason held illegal, invalid, or unconstitutional by the final, non-appealable decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Special Use Permit. The Town and the Owner believe and intend that the provisions of this Special Use Permit are valid and enforceable. In the unlikely event that this Special Use Permit is declared by a court of competent jurisdiction to be invalid or unenforceable, the Principal Resort Hotel (if constructed and as then constructed) may continue to be used and operated as a legal non-conforming use in accordance with these Stipulations until such time as a special use permit or other applicable zoning for the Resort is reissued by the Town for the Property. If (i) there is a court decision finding, holding, or declaring that the 2015 Development Agreement is invalid, either as a whole or with respect to provisions that apply the Resort Unit Revenue Replacement Fee (as defined in the 2015 Development Agreement) to one or more of the following residential units (Resort Villas, Resort Related Luxury Homes, Resort-Branded Homes, or Resort Related Attached Residences) and (ii) such court decision is a final, non-appealable decision or the Town would be required to post a supersedeas or similar bond before appealing such court decision, then each such residential unit for which the Resort Unit Revenue Replacement Fee no longer applies may thereafter be used only as a Hotel Key.
7. In the case of inconsistencies or conflicts between or among these Stipulations and the Approved Plans, these Stipulations shall govern. In the event of a conflict between the text and the diagrams, drawings or other graphic representations contained in the Approved Plans, the text will prevail and control over the diagrams, drawings, and other graphic representations.
8. Mylar versions and electronic versions of all Approved Plans shall be submitted to the Town within thirty (30) days after the Approval Date.

9. No part of the Resort shall be operated as a Time-Share Project as such term is defined by the Town Zoning Ordinance. No part of the Principal Resort Hotel in Area A may be subdivided for purposes of sale or resale.
10. When applicable, all approvals and determinations by the Town Manager referenced herein shall be governed by the Town Code in effect at the date of that determination, except when this SUP specifically references ordinances or requirements in effect as of a specific date (e.g., see definition of Special Use Permit Guidelines).
11. The Town Manager's approval or determination is provided for in several instances in these Stipulations. The Town Manager shall base his approval on standards and criteria set forth in this SUP, the 2015 Development Agreement, the Town Code, and the Zoning Ordinance, as reasonably applicable, with the intent to implement the viable development of the Resort as provided in this SUP and the 2015 Development Agreement. Recognizing that the final design and building permit process for which any particular approval of the Town Manager is sought involves multiple stages, including conceptual, schematic, design development and construction documents, an Owner may seek the approval of the Town Manager at one or more stages of such design. Notwithstanding the foregoing, no construction may occur with respect to any particular element or structure until necessary permits for that element or structure are issued. An Owner may rely upon an approval in proceeding from one stage of design to the next. Although the parties intend that this Special Use Permit, the 2015 Development Agreement, the Zoning Ordinance, and the Town Code state a consistent relationship between them, the parties agree that in the event of a conflict between these documents that the order of priority shall be the (1) Special Use Permit, (2) 2015 Development Agreement, (3) Zoning Ordinance, and (4) Town Code; the parties agree that the higher priority document shall control.
12. If any portion of the property is used in violation of the terms of this Special Use Permit, the Town may, after fair notice, a hearing and a reasonable opportunity to correct, impose a monetary sanction on the then Owner of such portion, in an amount not to exceed the maximum amount allowed for violations of the Town Zoning Ordinance for each day such violation exists, in addition to all other remedies, orders, or sanctions permitted by Applicable Laws, including, at the Town's election, injunctive relief. No such remedy shall be sought from any other Owner or portion of the Property that is not in violation of this Special Use Permit.
13. Unless otherwise stipulated in this Special Use Permit, amendments to this Special Use Permit shall follow the appropriate process outlined in Article XI, Special Uses and Additional Use Regulations, of the Town Zoning Ordinance, as amended.

B. CONSTRUCTION AND DEVELOPMENT STANDARDS

14. All utilities within the Resort shall be underground (excluding certain equipment typically installed above ground, such as transformers, meters, etc., which shall be appropriately screened) and located within appropriate easements. All water and sewage facilities shall be constructed in accordance with plans approved by the Town Manager.

15. No construction permit shall be issued for any construction on the Property until appropriate engineering or architectural plans are submitted to the Town and the issuance of such construction permit for that particular activity is approved by the Town Manager. Submitted plans shall be required to meet the building code most recently adopted by the Town. However, the Town may issue approvals and/or permits to salvage native plants and stage or prepare the job-site for work with fences, trailers, dumpsters, sanitation, water tanks, material storage, erosion control and dust control measures, and the like, without engineering or architectural plans.
16. During the period of demolition or construction of new improvements, signs shall be posted on the Property (or at the entrance to a particular phase) indicating the name and phone number of a person the public may contact with construction-related concerns. Sign details such as the sign size, height, and location shall be reviewed and approved by the Town Manager.
17. All new construction shall satisfy all fire department requirements for each component of work (which may include temporary fire protection facilities) prior to the issuance of any building permit for such work.
18. Prior to the issuance of a certificate of occupancy for any individual structure, adequate fire, emergency, and other vehicle access and adequate fire service shall be provided for such structure and the particular phase of development in which such structure is located, as determined by the Town Manager.
19. Interiors of the Principal Resort Hotel structure may be remodeled at any time without an amendment to this Special Use Permit so long as such remodeling does not increase or decrease the number of Hotel Keys, the remodeled Principal Resort Hotel continues to comply with the Hotel Quality Standards, the Principal Resort Hotel continues to include the Minimum Resort Hotel Improvements, and appropriate building permits are obtained when required by the Town Code.
20. One or more locations within the Resort as approved by the Town Manager may be improved and used as a marketing center for the sales and marketing of the Resort until such time as all construction has been substantially completed and all Resort Villas, Resort Related Luxury Homes, Resort-Branded Homes, and Resort Related Attached Residences have been initially sold.
21. Temporary construction driveway locations are subject to the approval by the Town Manager and are limited to locations on Lincoln Drive and/or Indian Bend Road east of the existing traffic circle.
22. If vertical construction has not commenced within an Area that has been otherwise disturbed by grading or other construction work by a date that is five (5) years after the Approval Date, any such disturbed portion within such Area shall be stabilized and/or landscaped to minimize dust.
23. The Resort Hotel Owner shall submit a construction schedule prior to the issuance of any building permits for a structure to ensure compliance with all Town ordinances and in

order to minimize construction nuisances. This construction schedule shall include the following:

- a. Dust and noise control measures
- b. Vehicle/equipment storage/parking
- c. Construction days/hours
- d. Location of staging area for construction supplies/equipment
- e. Location of any construction trailers and sanitary facilities
- f. Location of on-site construction-materials/debris storage
- g. Location of fire lanes during the construction period
- h. The approximate beginning and ending dates for construction of structures
- i. All construction related parking and storage must be contained within the boundaries of the Property and on the adjacent property within the City of Scottsdale owned by Owner.

The Town may assess the actual costs and expenses related to such work against the Owner of the

streets and drives and such Owner shall remit payment to the Town within thirty (30) days after receipt of an invoice together with the reasonable supporting materials from the Town.
