### III. STIPULATIONS

#### A. GENERAL

1. As of the Effective Date, this Special Use Permit shall supersede and replace any and all prior Special Use Permits related to the Property. Unless and until the Effective Date, the prior Special Use Permit shall remain in effect.
2. This Special Use Permit touches and concerns the land and shall run with the land. Any person having or subsequently acquiring title to any portion of the Property shall be subject to this Special Use Permit, as it applies to the portion of the Property owned thereby and as it may be amended or superseded from time to time. Once an Owner no longer owns a portion of the Property, such prior Owner shall no longer be subject to this Special Use Permit (with respect to such portion of the Property no longer owned) and shall have no further obligations or liabilities hereunder, except that such prior Owner shall remain responsible for its own acts or omissions that resulted in a violation of this SUP during its period of ownership.

3. Development of the Resort shall be in substantial conformance with the Approved Plans and these Stipulations.
4. Lot coverage for the Property as a whole shall not exceed that noted in the Land Density Table in Page D-3 of the Approved Plans.
5. The use of the Property shall at all times conform to this Special Use Permit and all Applicable Laws, except that if there is a conflict between this Special Use Permit and any provision of the Town Code or Zoning Ordinance or other Town requirement, this Special Use Permit shall prevail, except when otherwise required for health, safety, or welfare reasons.
6. If any section, subsection, sentence, clause, or phrase of this Special Use Permit is for any reason held illegal, invalid, or unconstitutional by the final, non-appealable decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Special Use Permit. The Town and the Owner believe and intend that the provisions of this Special Use Permit are valid and enforceable. In the unlikely event that this Special Use Permit is declared by a court of competent jurisdiction to be invalid or unenforceable, the Principal Resort Hotel (if constructed and as then constructed) may continue to be used and operated as a legal non-conforming use in accordance with these Stipulations until such time as a special use permit or other applicable zoning for the Resort is reissued by the Town for the Property.
7. In the case of inconsistencies or conflicts between or among these Stipulations and the Approved Plans, these Stipulations shall govern. In the event of a conflict between the text and the diagrams, drawings or other graphic representations contained in the Approved Plans, the text will prevail and control over the diagrams, drawings, and other graphic representations.
8. Mylar versions and electronic versions of all Approved Plans shall be submitted to the Town within thirty (30) days after the Approval Date.
9. No part of the Resort shall be operated as a Time-Share Project as such term is defined by the Town Zoning Ordinance. No part of the Principal Resort Hotel in Area A may be subdivided for purposes of sale or resale.
10. When applicable, all approvals and determinations by the Town Manager referenced herein shall be governed by the Town Code in effect at the date of that determination, except when this SUP specifically references ordinances or requirements in effect as of a specific date (e.g., see definition of Special Use Permit Guidelines).
11. The Town Manager's approval or determination is provided for in several instances in these Stipulations. The Town Manager shall base his approval on standards and criteria set forth in this SUP, the 2015 Development Agreement, the Town Code, and the Zoning Ordinance, as reasonably applicable, with the intent to implement the viable development of the Resort as provided in this SUP and the 2015 Development Agreement. Recognizing that the final design and building permit process for which any particular

approval of the Town Manager is sought involves multiple stages, including conceptual, schematic, design development and construction documents, an Owner may seek the approval of the Town Manager at one or more stages of such design. Notwithstanding the foregoing, no construction may occur with respect to any particular element or structure until necessary permits for that element or structure are issued. An Owner may rely upon an approval in proceeding from one stage of design to the next. Although the parties intend that this Special Use Permit, the 2015 Development Agreement, the Zoning Ordinance, and the Town Code state a consistent relationship between them, the parties agree that in the event of a conflict between these documents that the order of priority shall be the (1) Special Use Permit, (2) 2015 Development Agreement, (3) Zoning Ordinance, and (4) Town Code; the parties agree that the higher priority document shall control. If the 2015 Development Agreement is declared invalid or unenforceable in its entirety by a court of competent jurisdiction or if a bankruptcy court rejects the 2015 Development Agreement or approves a sale of the Property free and clear of the 2015 Development Agreement, or any portion thereof, then Sections 2.1, 2.2, and 2.3 of the 2015 Development Agreement (together with any exhibits and definitions referenced in those sections) shall be incorporated into this SUP by reference with the same force and effect as if fully set forth herein

12. If any portion of the property is used in violation of the terms of this Special Use Permit, the Town may, after: (1) fair notice; (2) a hearing; and (3) a reasonable opportunity to correct, impose a monetary sanction on the then Owner of such portion, in an amount not to exceed the maximum amount allowed for violations of the Town Zoning Ordinance for each day such violation exists, in addition to all other remedies, orders, or sanctions permitted by Applicable Laws, including, at the Town's election, injunctive relief. No such remedy shall be sought from any other Owner or portion of the Property that is not in violation of this Special Use Permit.
13. Unless otherwise stipulated in this Special Use Permit, amendments to this Special Use Permit shall follow the appropriate process outlined in Article XI, Special Uses and Additional Use Regulations, of the Town Zoning Ordinance, as amended.

## **B. CONSTRUCTION AND DEVELOPMENT STANDARDS**

20. One or more locations within the Resort as approved by the Town Manager may be improved and used as a marketing center, inclusive of the construction and occupancy of model homes, for the sales and marketing of the Resort until such time as all construction has been substantially completed and all Resort Villas, Resort Related Luxury Homes, Resort-Branded Homes, and Resort Related Attached Residences have been initially sold.

Said regime shall provide for governance through a master developer of the Resort or of a phase, or through an authorized or duly formulated association of certain, some, or all Owners of the Resort or phased parts thereof. 53. The streets, drives, surface parking lots and common landscaping areas within the Property shall be constructed and maintained by the Owner. A covenant will be recorded on the Property and shall run with the land and shall be binding thereon (which may be set forth in CC&Rs) providing the Town with a right (but not the obligation) to perform repair of streets, drives, surface parking lots and common landscaping areas within the Property. In the event that the Town Manager finds, in his or her reasonable discretion, that the streets, drives, surface parking lots and common landscaping areas within the Property are not reasonably maintained, the Town may give the Owner of the affected area and the Owner(s) of all lot(s) or unit(s) within the Area a written notice to undertake appropriate maintenance to cure such condition. In connection with the foregoing work, the Town may assess the actual, reasonable costs and expenses related to such work against the Owner(s) of the lots/units within such Area on a pro rata, per lot/unit basis (based on gross square footage of all lots/units) and such Owner(s) shall remit payment to the Town within thirty (30) days after receipt of an invoice together with the reasonable supporting materials from the Town. If an Owner fails to remit its prorated payment within the thirty (30)-day period, the Town may file a lien against such Owner's lot/unit for any such unpaid amount due to the Town and enforce such lien as provided by and pursuant to Arizona law; provided that the Town shall, under any circumstances, be required to provide no less than thirty (30) additional days written notice to such Owner(s) prior to filing any lien pursuant to this Stipulation 53.

Notes:

- (1) Area coverage is calculated using drip line of structures including trellises at 50% coverage. Current area coverage values are an approximation. Area Coverage in Area B and Area C will be permitted up to the limits established by the maximum Floor Area for each area.
- (2) The maximum heights indicated are measured from finish grade. Finish grade is no more than 2' above existing grade or as depicted on Page E.6 and/or H Page H.6.
- (3) Residential lots adjacent to public roadway are limited to one story and a 20' maximum height. Specific lots are depicted on Page F-2 and F-3.
- (4) Gross area including at-grade garages, patios, trellises, overhangs but excluding fully subterranean basements
- (5) 36' (three story) height only occurs as a buffer along the eastern border. Third floor interior area will not exceed 50%, exterior covered will not exceed 10%, exterior uncovered will not exceed 10% of the second floor area. One story units are limited to 20' in height, two story units are limited to 24' in height. See Page F-4 for specific unit height limitations.
- (6) Post-dedication acreage excluding the 1.1 acres earmarked for the Lincoln Drive right-of-way dedication
- (7) Pre-dedication acreage including the 1.1 acres earmarked for the Lincoln Drive right-of-way dedication
- (8) Improved Acres include landscaped right-of-way (to the back of curb) in addition to the perimeter Area Setbacks
- (9) Illustrative values only
- (10) The acreage for Area E2 is excluded from the overall Area Coverage calculation

## HOTEL GRADING

The hotel site slopes down, away from Camelback Mountain. In order to create and maintain views toward the mountain, the site is being re-contoured to raise the hotel lobby approximately 22 feet above existing grade. The hotel entry drive will rise up to the Lobby | Porte Cochere from Lincoln Drive. The hotel site grades are set as follows:

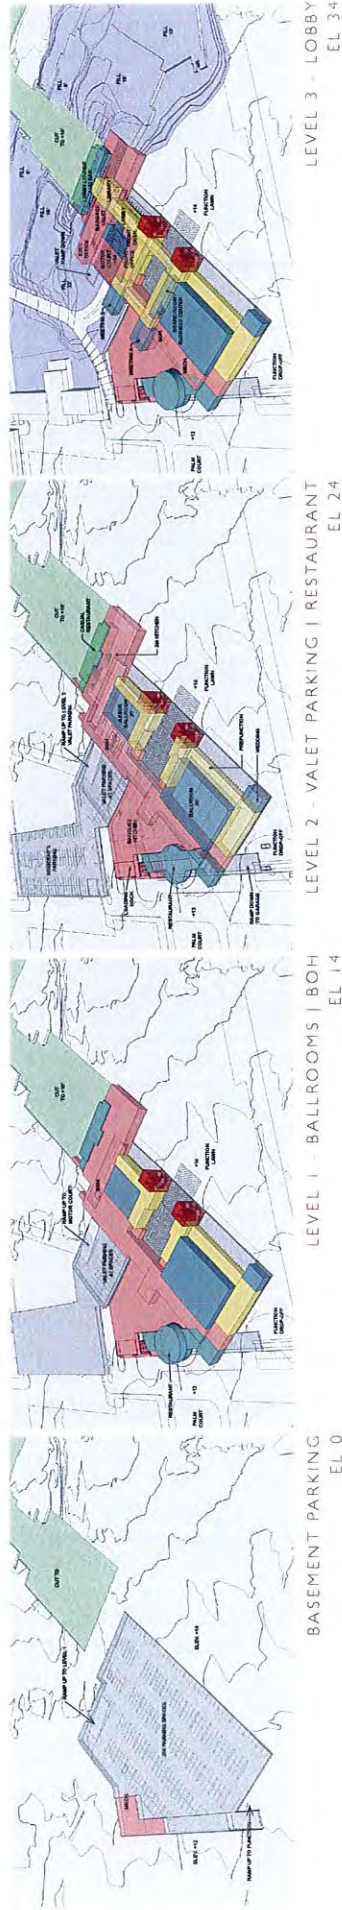

- The central axis of the Oasis Pools is set at elevation 10.
- The Spa is set at elevation 8.
- Level 01 of the Main Hotel building is set at elevation 14.

The fill areas are not massive. The main building creates the transition from the Lobby Level to the Palm Court | Palmierie Shopping District.

Contour elevations shown are based on NAVD29 survey datum. Elevations will be adjusted during the final design to the currently accepted NAVD88 Town of Paradise Valley datum.

**Note:**  
 In complying with the Town of Paradise Valley requirement, onsite 100-yr 2-Hr onsite storm water retention will be provided. All onsite storm water runoff will be captured onsite and retained within the project boundary. Storm water retention basins will be provided at various locations. The retention basins will consist of shallow depressed turf or landscaped open space areas and underground retention storage tanks. Each of these retention systems will be designed to conform to town, Maricopa County, and State of Arizona standards. Prior to permit CVL will prepare a full onsite set of grading and drainage plans. Those plans will be accompanied by a detail drainage report, which will further analyze the onsite retention, onsite drainage, and offsite drainage flows.

**Flow Rate Assumptions**

Section A: Mockingbird wash: 1,200 cfs  
 Section B: Lincoln Drive spill-over 100 cfs

A two-dimensional flow rate analysis is underway to validate these Flow Rate Assumptions. The approved flow rate results will be included within the final SUP
