

TOWN OF PARADISE VALLEY

WALK & BIKE PARADISE VALLEY

The Paradise Valley Bicycle & Pedestrian Master Plan

Town Council
June 22, 2017

Purpose of Today's Meeting

1. Recap of Prior Meeting
2. Review Draft Statement of Direction
3. Take Action on Statement of Direction

RECAP OF PRIOR MEETING

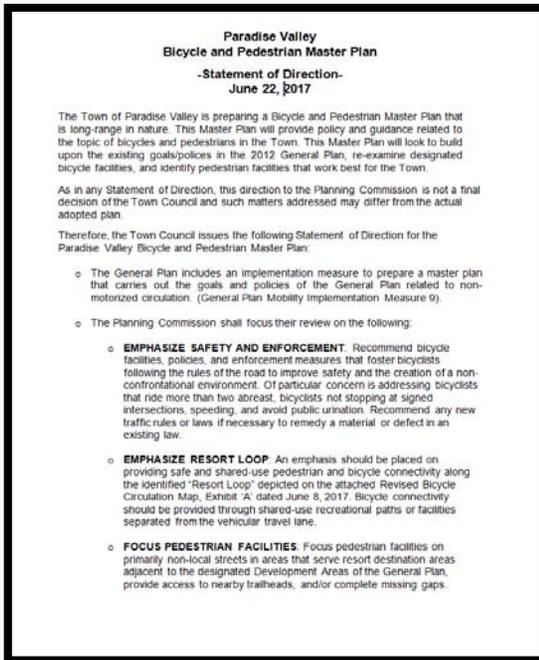

RECAP – June 8, 2017 Council Study Session

- Reviewed discussions had at the prior Council study sessions and public input to date
- Reviewed Mayor's proposal on bicycle facility map and resort loop concept
- Suggested edits to draft SOD
- Heard comments at call to the public from residents concerned that parts of the SOD are one-sided against cyclists

SOD

SOD

EMPHASIZE SAFETY AND ENFORCEMENT: Recommend bicycle facilities, policies, and enforcement measures that foster bicyclists following the rules of the road to improve safety and the creation of a non-confrontational environment. Of particular concern is addressing bicyclists that ride more than two abreast, bicyclists not stopping at signed intersections, ~~and speeding,~~ and avoid public urination. Recommend any new traffic rules or laws if as necessary to remedy a material or defect in an existing law.

06-08-17 resident suggested text:

Ensure all improvements meet safety requirements and are subject to enforcement should need be with respect to vehicles, pedestrians, bicyclists, skate boards, dogs, horses, etc.

Optional suggested text:

Ensure all improvements meet safety requirements, with policies that address safety, education, and enforcement as a means to foster a mutual respect and understanding between different travel modes and compliance with Arizona Revised Statutes and other laws, thereby creating a safer environment for all. Of particular concern is addressing conflicts where bicyclists ride more than two abreast, where motorists pass bicyclists, when bicyclists and motorists fail to stop at signed intersections, speeding, and addressing public urination. Recommend any new traffic rules or laws, if necessary to remedy a material or defect in an existing law.

SOD

Paradise Valley Bicycle and Pedestrian Master Plan -Statement of Direction- June 22, 2017

The Town of Paradise Valley is preparing a Bicycle and Pedestrian Master Plan that is long-range in nature. This Master Plan will provide policy and guidance related to the topic of bicycles and pedestrians in the Town. This Master Plan will look to build upon the existing goals/policies in the 2012 General Plan, re-examine designated bicycle facilities, and identify pedestrian facilities that work best for the Town.

As in any Statement of Direction, this direction to the Planning Commission is a decision of the Town Council and such matters addressed may be adopted plan.

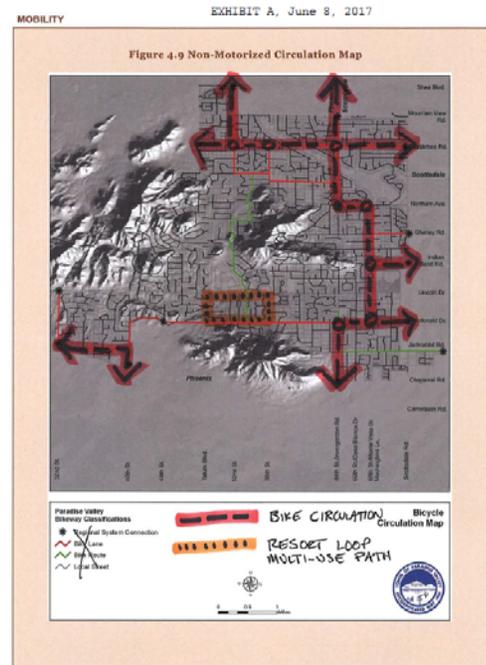

Therefore, the Town Council issues the following Statement of Direction to the Paradise Valley Bicycle and Pedestrian Master Plan.

- o The General Plan includes an implementation measure to that carries out the goals and policies of the General Plan Motorized Circulation. (General Plan Mobility Implementation Measure 10.01.01)
- o The Planning Commission shall focus their review on the following:
 - o **EMPHASIZE SAFETY AND ENFORCEMENT:** Review existing facilities, policies, and enforcement measures that follow the rules of the road to improve safety and confrontational environment. Of particular concern is that ride more than two abreast, bicyclists not stop at intersections, speeding, and avoid public urination. Traffic rules or laws if necessary to remedy a matter existing law.
 - o **EMPHASIZE RESORT LOOP:** An emphasis should be placed on providing safe and shared-use pedestrian and bicycle facilities along the identified "Resort Loop" depicted on the attached Circulation Map, Exhibit 'A' dated June 8, 2017. Bicycle facilities should be provided through shared-use recreational trails separated from the vehicular travel lane.
 - o **FOCUS PEDESTRIAN FACILITIES:** Focus pedestrian facilities primarily on non-local streets in areas that serve residents adjacent to the designated Development Areas of the General Plan to provide access to nearby trailheads, and/or commercial centers.

Statement of Direction
Bicycle and Pedestrian Master Plan
June 22, 2017
Page 2 of 3

- o **FOCUS BICYCLE FACILITIES:** Focus bicycle facilities on non-local streets as depicted on the attached Revised Bicycle Circulation Map, Exhibit 'A' dated June 8, 2017. Eliminate other previous bike lane and bike route designations. Consider local neighborhood requests to add facilities, mitigation measures such as traffic calming, or signage to their neighborhoods. Do not remove existing, physical bike facilities, but only communicate or identify those presented on the attached network.
- o **AVOID "URBAN" DESIGN ELEMENTS:** Facilities should be compatible to their street classification and in character with its surroundings. Preference is to avoid more urban elements (such as concrete, pavement, striping and signage) in favor of more rural or less intense facilities to provide safety of pedestrians and avoidance of conflicts with vehicles and bicycles.
- o **ADDRESS MITIGATION OF CONFLICTS:** This mitigation includes, and is not limited to, the following:
 - Discouragement of cut-through travel, particularly on local streets
 - Corridor design that eases unsafe conditions between different modes of travel, particularly where bicyclists share the same space as motorized vehicles. This design should include the use of roundabouts and other traffic calming measures, roadway pavement curb options, and other design enhancements.
 - Abatement of unattended nuisances such as noise and designs that could increase crime.
 - Accommodation of storm water passage without negatively impacting nearby development and the functioning of the roadway.
 - Identify role for the Advisory Committee on Public Safety (ACOPS) committee in supporting user group education.
- o **AVOID NEW SIGNAGE:** Aim to avoid signage in an effort to maintain the semi-rural character and natural beauty of the Town's streetscapes. Focus shall be on identifying sign guidelines.
 - Signage that may be required should be the minimum amount necessary and in character with the area.
 - Allowable signage may include wayside signs to provide interpretative information that is unique to Paradise Valley, informational signage located in pedestrian-concentrated spots like the Town Hall complex, and regulatory/warning signs necessary for safety and
 - Signage dimensions, material, and color should blend into the background and be of a high quality, yet, consistent with federal and state regulations where applicable.
- o **PAIR THIS EFFORT WITH THE VSC PLAN:** Ensure that the Bicycle and Pedestrian Master Plan and the Visually Significant Corridors Plan

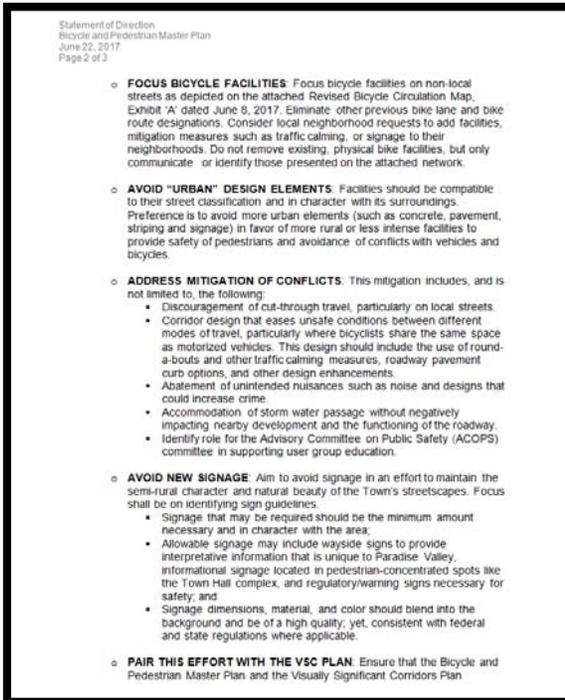

AVOID "URBAN" DESIGN ELEMENTS: Facilities should be compatible to their street classification and in character with its surroundings. Preference is to avoid more urban elements (such as concrete, pavement, striping and signage) in favor of more rural or less intense facilities to provide safety of pedestrians and avoidance of conflicts with vehicles and bicycles.

complement each other. Further ensure that the Lincoln sidewalk corridor grant is consistent with recommended changes.

- o **IDENTIFY ROUGH COSTS AND PHASING** Identify probable cost estimates for improvements that provide adequate detail to assess the nature of the improvement. Consider identifying these potential improvements over a short, medium, and long-range time frame. Look to phase bicycle and pedestrian facilities with other capital projects, unless there is a critical safety issue.
- o **BE CLEAR AND LEGIBLE** The visuals, such as maps, must be clear and legible. They should also highlight the desired end-result such as the specific material treatment.
- o **PRIORITIZE PROJECTS** Where practicable, prioritization of non-motorized facility projects should first address existing deficiencies with motorized facilities such as traffic congestion and roadway repairs.
- o At any time during the review process, the Planning Commission may request clarification and/or expansion of this Statement of Direction based on additional information that has evolved.

If, in the process of addressing the elements of this SOD, the Bicycle and Pedestrian Master Plan becomes inconsistent, contradictory or expansive of the 2012 General Plan, identify the goal, policy, roadway cross-section, and/or map that is at conflict as well as the proposed modification.

necessary and in character with the area.

- Allowable signage may include wayside signs to provide interpretive information that is unique to Paradise Valley; informational signage located in pedestrian-concentrated spots like the Town Hall complex, and regulatory/warning signs necessary for safety, and
 - Signage dimensions, material, and color should blend into the background and be of a high quality, yet, consistent with federal and state regulations where applicable.
- o **PAIR THIS EFFORT WITH THE VSC PLAN** Ensure that the Bicycle and Pedestrian Master Plan and the Visually Significant Corridors Plan

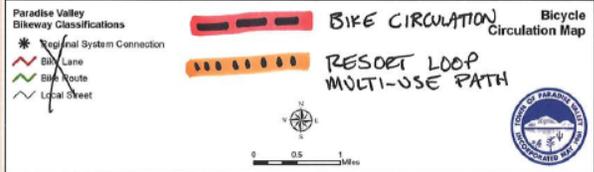

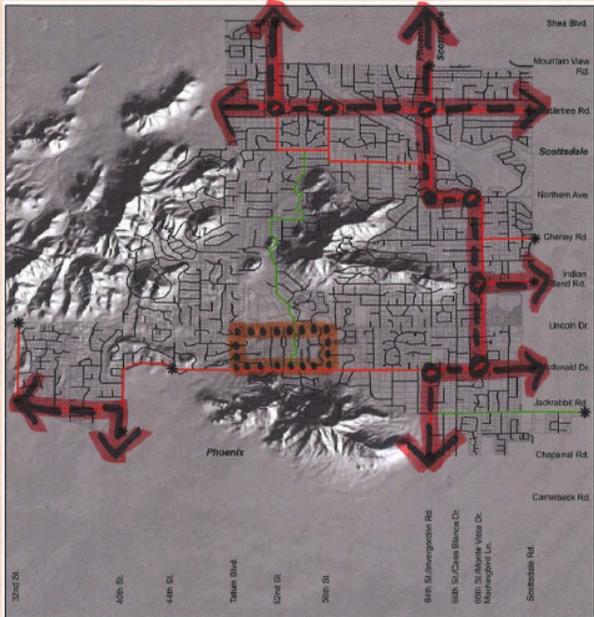

PAIR THIS EFFORT WITH THE VSC PLAN: Ensure that the Bicycle and Pedestrian Master Plan and the Visually Significant Corridors Plan complement each other. Further ensure that the Lincoln sidewalk corridor grant is consistent with recommended changes.

IDENTIFY ROUGH COSTS AND PHASING: Identify probable cost estimates for improvements that provide adequate detail to assess the nature of the improvement. Consider identifying these potential improvements over a short, medium, and long-range time frame. Look to phase bicycle and pedestrian facilities with other capital projects, unless there is a critical safety issue.

BE CLEAR AND LEGIBLE: The visuals, such as maps, must be clear and legible. They should also highlight the desired end-result such as the specific material treatment.

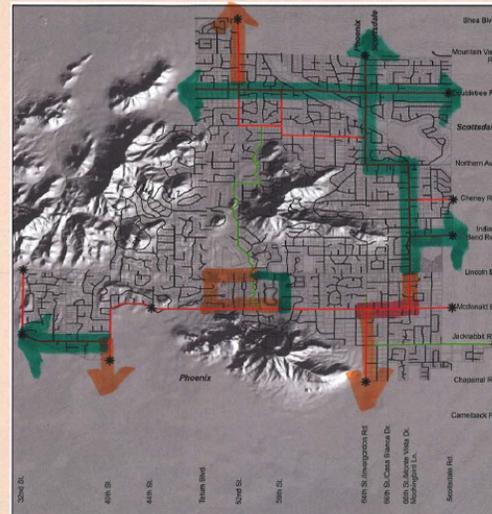

PRIORITIZING PROJECTS: Where practicable, prioritization of non-motorized facility projects should first address existing deficiencies with motorized facilities such as traffic congestion and roadway repairs.

- Complete gaps with bike lanes or shared use path

ACTION

[Approve] the Statement of Direction (SOD) for the Paradise Valley Bicycle & Pedestrian Master Plan

Paradise Valley Bicycle and Pedestrian Master Plan -Statement of Direction- June 22, 2017

The Town of Paradise Valley is preparing a Bicycle and Pedestrian Master Plan that is long-range in nature. This Master Plan will provide policy and guidance related to the topic of bicycles and pedestrians in the Town. This Master Plan will look to build upon the existing goals/policies in the 2012 General Plan, re-examine designated bicycle facilities, and identify pedestrian facilities that work best for the Town.

As in any Statement of Direction, this direction to the Planning Commission is not a final decision of the Town Council and such matters addressed may differ from the actual adopted plan.

Therefore, the Town Council issues the following Statement of Direction for the Paradise Valley Bicycle and Pedestrian Master Plan:

- o The General Plan includes an implementation measure to prepare a master plan that carries out the goals and policies of the General Plan related to non-motorized circulation. (General Plan Mobility Implementation Measure 9).
- o The Planning Commission shall focus their review on the following:
 - o **EMPHASIZE SAFETY AND ENFORCEMENT** Recommend bicycle facilities, policies, and enforcement measures that foster bicyclists following the rules of the road to improve safety and the creation of a non-conflictual environment. Of particular concern is addressing bicyclists that ride more than two abreast, bicyclists not stopping at signed intersections, speeding, and avoid public urination. Recommend any new traffic rules or laws if necessary to remedy a material or defect in an existing law.
 - o **EMPHASIZE RESORT LOOP.** An emphasis should be placed on providing safe and shared-use pedestrian and bicycle connectivity along the identified "Resort Loop" depicted on the attached Revised Bicycle Circulation Map, Exhibit 'A' dated June 8, 2017. Bicycle connectivity should be provided through shared-use recreational paths or facilities separated from the vehicular travel lane.
 - o **FOCUS PEDESTRIAN FACILITIES:** Focus pedestrian facilities on primarily non-local streets in areas that serve resort destination areas adjacent to the designated Development Areas of the General Plan, provide access to nearby trailheads, and/or complete missing gaps.

Statement of Direction Bicycle and Pedestrian Master Plan June 22, 2017 Page 2 of 3

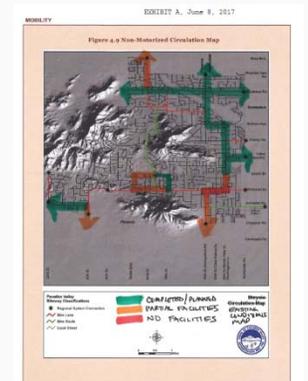

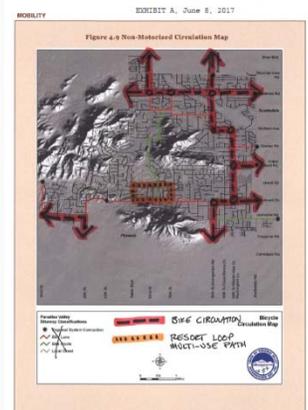

- o **FOCUS BICYCLE FACILITIES:** Focus bicycle facilities on non-local streets as depicted on the attached Revised Bicycle Circulation Map, Exhibit 'A' dated June 8, 2017. Eliminate other previous bike lane and bike route designations. Consider local neighborhood requests to add facilities, mitigation measures such as traffic calming, or signage to their neighborhoods. Do not remove existing physical bike facilities, but only communicate or identify those presented on the attached network.
- o **AVOID "URBAN" DESIGN ELEMENTS.** Facilities should be compatible to their street classification and in character with its surroundings. Preference is to avoid more urban elements (such as concrete, pavement, striping and signage) in favor of more rural or less intense facilities to provide safety of pedestrians and avoidance of conflicts with vehicles and bicycles.
- o **ADDRESS MITIGATION OF CONFLICTS:** This mitigation includes, and is not limited to, the following:
 - Discouragement of cut-through travel, particularly on local streets.
 - Corridor design that eases unsafe conditions between different modes of travel, particularly where bicyclists share the same space as motorized vehicles. This design should include the use of roundabouts and other traffic calming measures, roadway pavement curb options, and other design enhancements.
 - Abatement of unwanted nuisances such as noise and designs that could increase crime.
 - Accommodation of storm water passage without negatively impacting nearby development and the functioning of the roadway.
 - Identify role for the Advisory Committee on Public Safety (ACOPS) committee in supporting user group education.
- o **AVOID NEW SIGNAGE:** Aim to avoid signage in an effort to maintain the semi-rural character and natural beauty of the Town's streetscapes. Focus shall be on identifying sign guidelines.
 - Signage that may be required should be the minimum amount necessary and in character with the area.
 - Allowable signage may include wayshare signs to provide interpretative information that is unique to Paradise Valley, informational signage located in pedestrian-concentrated spots like the Town Hall complex, and regulatory/warning signs necessary for safety, and
 - Signage dimensions, material, and color should blend into the background and be of a high quality, yet, consistent with federal and state regulations where applicable.
- o **PAIR THIS EFFORT WITH THE VSC PLAN:** Ensure that the Bicycle and Pedestrian Master Plan and the Visually Significant Corridors Plan

Statement of Direction Bicycle and Pedestrian Master Plan June 22, 2017 Page 2 of 3

complement each other. Further ensure that the Lincoln sidewalk corridor grant is consistent with recommended changes.

- o **IDENTIFY ROUGH COSTS AND PHASING:** Identify probable cost estimates for improvements that provide adequate detail to assess the nature of the improvement. Consider identifying these potential improvements over a short, medium, and long-range time frame. Look to phase bicycle and pedestrian facilities with other capital projects, unless there is a critical safety issue.
- o **BE CLEAR AND LEGIBLE:** The visuals, such as maps, must be clear and legible. They should also highlight the desired end-result such as the specific material treatment.
- o **PRIORITIZE PROJECTS:** Where practicable, prioritization of non-motorized facility projects should first address existing deficiencies with motorized facilities such as traffic congestion and roadway repairs.
- o At any time during the review process, the Planning Commission may request clarification and/or expansion of this Statement of Direction based on additional information that has evolved.

If, in the process of addressing the elements of this SOD, the Bicycle and Pedestrian Master Plan becomes inconsistent, contradictory or expansive of the 2012 General Plan, identify the goal, policy, roadway cross-section, and/or map that is at conflict as well as the proposed modification.
