

ADDENDUM – Southern California (SoCal) LInX Memorandum of Understanding

PURPOSE: This addendum recognizes the name change of the LInX region from the Southern California Law Enforcement Information Exchange (SoCal LInX) to the Southwest Law Enforcement Information Exchange (SW LInX). All references to "Southern California Law Enforcement Information Exchange (SoCal LInX)" are hereby replaced with "Southwest Law Enforcement Information Exchange (SW LInX)" throughout the Memorandum of Understanding and the appendices thereto.

The SoCal LInX information sharing initiative was initiated by agreement between the Naval Criminal Investigative Service, the Orange County Sheriff, Riverside County Sheriff, San Bernardino County Sheriff and Ventura Sheriff in 2008. Since that time, over 112 law enforcement agencies from throughout California and Arizona have joined the initiative. In April 2018, the then SoCal LInX Board of Governance, recognizing that the name no longer described the system, voted to change the name to the SW LInX.

COSTS: NCIS will bear any costs associated with the technical aspects of the name change.

EFFECTIVE DATE/DURATION/TERMINATION: This addendum shall take effect when signed by the Chairs of the Board of Governance.
