### **PROCESS**

- Unlike text amendments to the Zoning Ordinance, a text amendment to the
   Town Code provisions only requires Council review and action
- Commission input requested by Council
- Citizen Review Session and Commission Public Hearing not required
- Unless otherwise directed, due to the sensitivity of the timing of this text amendment and process under the purview of the Council, the Commission input will be forwarded via the Planning Commission work session

### **DRAFT ORDINANCE 2025-05**

- General approach is Town processes related to site plans, development plans, land divisions, lot line adjustments, and plat amendments are already administrative
- Opportunity to clarify and further define the administrative process
- Current processing remains the same for preliminary plat, replat, easement or right-of-way abandonment, and administrative land modification
- Refer to Land Modification Process Table Attachment for more information

- Correct Section 6-2-3 by removing the word "final plat" as Commission is not the approver of a final plat
- Modify the Chapter 6 final plat/map process from Council review/action to staff approval process with 7-day Council review
  - Mayor still sign the final plat
  - Applies to any zoning district (including Special Use Permit SUP)
  - Council will still review/act if Commission rejects the preliminary plat or plat modifies the subdivision standards pursuant to Article 6-8
  - Commission/Council will see the final plat/map if the applicant requests a
    private road Conditional Use Permit (CUP) and/or the application includes a
    SUP for a private roadway gate (as these processes remain the same)
  - All final plats require a preliminary plat (which Commission reviews/approves)1/04/2025

- No Planning Commission or Council approval is required for the final plat/map within any zoning district unless sStaff determines that the final plat/map does not comply with the stipulations of the preliminary plat/map approved by the Town's Planning Commission (or the stipulations imposed by the Town-Council should the plat/map have required Council approval in accordance with Article 6-8, Variances and Modifications, of Chapter 6 of the Town Code, if any) or contains substantial differences from such preliminary plat/map. If sStaff so determines, then Planning-Commission approval recommendation to the Council of the final plat/map is required. The Planning Commission shall act on the final plat/map no later than fourteen (14) calendar days after \$Staff deems the application complete. If no Planning Commission approval is required, then the Town Council shall act on the final plat/map application within forty (40) calendar days from when staff deems the application complete. A final plat/map application request shall be approved by the Town Council if it is determined to comply with the stipulations of the preliminary plat/map approved by the Town's Planning Commission along with all of the other requirements set forth in this Section.

If not met, the applicant will make any necessary revisions and/or submittals. - recorder of Maricopa County, Arizona, subject to Council review as set forth in Section 6-2-3(G).
