Town of Paradise Valley Community Services Funding Policy

ELIGIBLE PROGRAMS

The Town of Paradise Valley will consider requests for funding assistance from local and regional organizations on an annual basis, subject to budget appropriation. Community services organizations may include government, private non-profit, educational institutions, or civic groups that provide educational opportunities, civic enrichment, valuable services to at-risk youth and the elderly, or services that promote health, safety and welfare. Preference will be given to programs that directly serve the Town and its residents.

PROCESS

Needs Assessment

At the Council's discretion, the Town may conduct a community services needs assessment to identify essential services or under-served populations. Based on those findings, the Town Council may direct Staff to investigate agencies or organizations which addresses the services identified by the Council as priorities. The Council shall vote to approve funding, subject to budget, for all such services identified as priorities.

Application

The Town may also invite applications for funding assistance through local print media, social media, and other direct outreach methods. Following the application deadline, the Mayor shall appoint two Council Members to review the applications and assist the Town Manager, or his designee, in drafting funding recommendations. The Town Council shall approve funding agreements, subject to budget, for organizations based on the recommendations from the Council review group. The agreements shall include a provision stating that award of funding does not obligate the expenditure of Town funds beyond the close of the fiscal year in which this agreement is executed.
