Section 2401. Intent:

The Town of Paradise Valley encourages visual openness and the preservation of the natural environment. Walls and fences are inconsistent with this intent, but may be desired by residents for safety, noise abatement, and/or security. When walls and fences are necessary, the Town requires that such walls and fences meet the criteria set forth in this Article.

Section 2402. Definitions:

Wall - A wall or fence (including gates) is a freestanding, upright structure, other than plant material, constructed of barriers to enclose, divide, delineate, screen, retain water or earth, or protect an area. The term wall shall include all fences, except a view fence as defined below.

View Fence – A view fence (including gates) is a free-standing, upright structure, constructed with openings between the materials used for construction of the fence, where the openings represent at least 80 percent of the total fence surface area.

Meandering Wall – A meandering wall is a free-standing, upright structure providing significant variations in setback. Meandering walls may consist of curvilinear, square, rectangular, triangular, or freeform design patterns and shall meet the criteria set forth in Tables 2404 A and B in addition to other criteria specified in this article.

Section 2403. Wall Finishes: <sup>654</sup>

Any wall visible from adjoining properties, adjacent rights-of-way, and/or open space areas shall consist of finished materials such as stucco, brick, stone, metal, rails, wood, or tile.

a. Walls Adjacent to Rights-of-Way and Open Spaces.

When such wall is adjacent to or visible from a right-of-way and/or open space area, it shall complement the architectural character of the main house, and shall have a finish texture, color, and material on the exterior side that is compatible with the primary building on-site, or as determined by the Town. The minimum standard for a wall finish shall be stucco and paint.

## ZONING ORDINANCE

### b. Walls Adjacent to Adjoining Properties.

When such wall is adjacent to an adjoining property, the wall shall be finished on the exterior side, ~~compatible with the architectural character of the neighboring house~~. The minimum standard for a wall finish shall be stucco and paint.

#### EXCEPTIONS:

1. The side of the wall facing the adjoining property may be finished with such materials and colors as agreed upon by the property owner and adjoining property owner.
2. If the owner of adjoining property grants no reasonable access to the applicant to finish the side of the wall facing the adjoining property, the applicant will be relieved of any obligation to improve that side of the property wall.

### Section 2404. Height and Setback Regulations: <sup>135 171 559 654</sup>

#### a. Height Regulations

##### 1. In General.

The height of walls and view fences shall be measured vertically from the finished grade on the exterior side of the wall or view fence. Raising the finished grade by placing fill solely for the purpose of adding additional height to a wall or view fence is prohibited. If a wall or view fence is placed on a berm, the height shall be measured vertically from the base of the berm.

##### 2. Adjoining Local, Collector, and Minor Arterial Streets.

The maximum height of a wall and view fence, including the berm, adjoining a local, collector, and minor street shall not exceed six (6) feet, further provided that no portion of the wall or view fence located between the ten- (10) foot and forty- (40) foot front yard setback shall exceed three (3) feet, except for entry gates and columns as permitted under Section 2413. See Table 2404A for additional criteria.

##### 3. Adjoining Major Arterial Streets.

The maximum height of a wall and view fence, including the berm, adjoining a major arterial street shall not exceed eight (8) feet. The maximum exposed vertical wall or view fence element from the exterior side of the property shall be no more than six (6) feet, except for a single entry gate and columns as permitted under Section 2413. See Table 2404A for additional criteria.
