John Wintersteen with our first Town Red Light Camera

21st Anniversary Booklet: 1961-1986

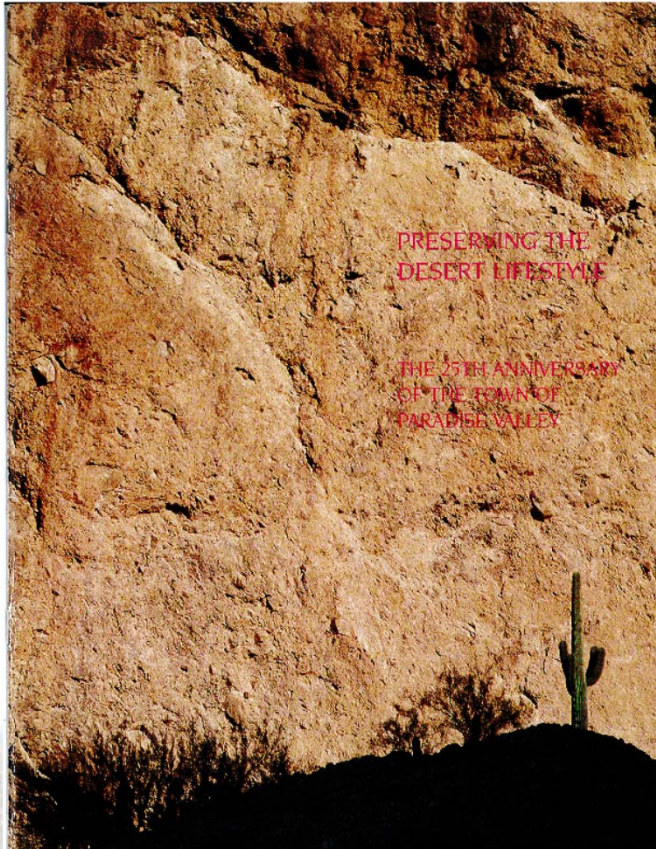

“Since 1972, when I retired as Mayor, the Town of Paradise Valley has matured significantly ... with remarkable progress in the areas of green belt, flood control, vital drainage ditches, expansion of the Marshal’s Department and important street improvements. The new Lincoln Drive is a masterpiece. The Council still follows our original precept: Don’t buy anything unless you have the money to pay for it.”

Jack B. Huntress, Council and Mayor 1962-1972

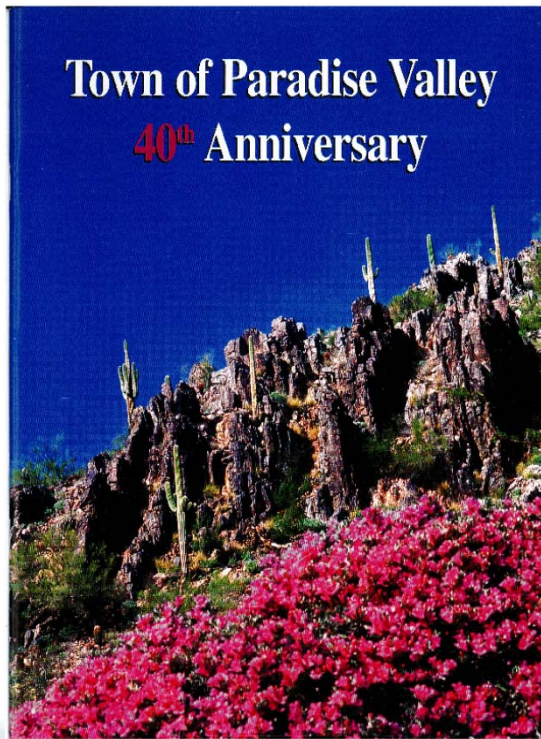

Stan Ekman’s Water Color titled “Paradise Valley”

25th Anniversary Booklet: 1961-1986

“Where else can you climb a mountain, swim beneath palm trees, ride on miles of bike paths, watch amazing sunsets and have an old fashioned barbeque without leaving home.”

40th Anniversary Booklet: 1961-2001

As we have arrived at our 40th Anniversary, the goals of the Town have not changed over the years. We strive to maintain the ambiance against the backdrop of our surrounding neighbors and to maintain our governance with the philosophy of “the least government is the best government.” We look forward to continuing as a very special community.

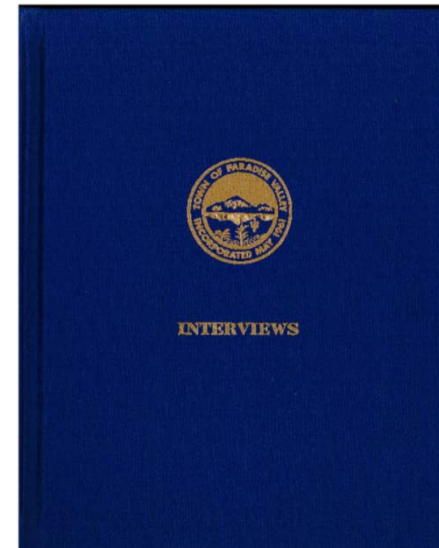

Joan Horne, former Mayor

The flag of the Town of Paradise Valley

Designed in 2003 by Jini Simpson

‘Most of the public improvements are the kind of things that people take for granted once they are done. When we drive into Town on Lincoln Drive from Scottsdale Road from the east or 32nd Street from the west – take a deep breath and look around and there are no utility poles. It is wide open. It is peaceful.’ excerpt from Tom Martinsen’s interview
