Subject: 5333 E Palo Verde Dr; Conceptual Hillside

Dear Jose,

This letter serves as the written project narrative describing the scope of work for the address above. There is an existing residence and pool that will be demolished and, in its place, will be built a 2-story single family residence with a negative edge pool and spa. This residence will be contemporary in style and the material palette will consist of flat roofs, large expanses of glass with concrete and stone veneer massing.
