**Subject: Notice of Planned Solar Covered Parking Installation**

Dear Neighbor,

I hope you are doing well. I'm writing to inform you of an upcoming improvement project on our property. We will be installing solar-covered parking structures in phases, which will be located near our shared property line.

The purpose of this project is to increase renewable energy production and provide shaded parking. All work will comply with local building codes, required permits, and applicable setback regulations. Construction is expected to begin in the fall, and we will do our best to ensure that any disruption is kept to a minimum.

If you have any questions or would like to discuss the project further, please feel free to reach out. I want to make sure you're aware of the plans and have an opportunity to share any concerns. If you would like, please send me an email to [mike@thecasa.org](mailto:mike@thecasa.org) and I will be happy to send you some renderings. I am also happy to meet you on property to discuss the project.

Thank you for your time and understanding.

Sincerely,

*Mike Slivers*
