## NOTES

- The basis of bearing is the monument line of Tatum Boulevard, also being the West line of the Northwest Quarter of Section 29, using a bearing of North 00 degrees 00 minutes 00 seconds East.
- All title information and the description shown is based on a Commitment for Title Insurance issued by Transnation Title Insurance Company, File Number 01307306, dated October 10, 2003.
- The number of striped parking spaces on the subject property are as follows:  
Regular: 304  
Handicapped: 27  
Total: 331
- The building lines and dimensions shown depict the exterior building footprint at ground level based on field measurements. This information is intended to depict the general configuration of the building at ground level and may or may not be the exact dimensions of the building foundation. The building square footage shown is based on the exterior building footprint and is not intended to reflect the interior or leaseable area of any building. The building offset distances shown are to actual building corners.
- Based on the Maricopa County Assessors Online GIS Mapping System, the subject property is zoned R-43, Single Family Residential District. The following zoning related information is based solely on the surveyor's interpretation of the City of Paradise Valley Zoning Ordinance Manual. The certification on this survey does not guarantee or provide any warranty that the subject property is in compliance with the zoning regulations shown on this survey or any other zoning regulation that applies to the subject property.  
**Building Setback Information:**  
Front: 40' Rear: 40' Side: 20'  
**Building Height Restrictions:** 30 feet  
**Parking Requirements:** one (1) parking space for each two hundred (200) square feet of floor space.
- The underground utilities that have been shown are based on physical evidence or records provided by the respective utility companies, without verification by the surveyor; therefore, no guarantee can be made as to the extent of the utilities available, either in service or abandoned, nor to their exact location. Due to the inconsistency, inexact nature and ambiguity in the aforementioned records this survey should not be used for design purposes. Please call an underground utility locator or "BLUE STAKE" at 263-1100 for the precise location and extent of all utilities in the area prior to any design and/or excavation.
- The Surveyor has made no attempt and has not obtained any information relating to, and has no knowledge of any proposed right of ways, easements, or dedications that any municipality, individual or governmental agency may have made or may require.
- Use of the information contained in this A.L.T.A./A.C.S.M. Land Title Survey for other than the specific purpose for which it was intended ("title insurance matters") is forbidden unless expressly permitted in writing in advance by Superior Surveying Services, Inc. Superior Surveying Services, Inc. shall have no liability for any such unauthorized use of this information without their written consent.

## CERTIFICATION

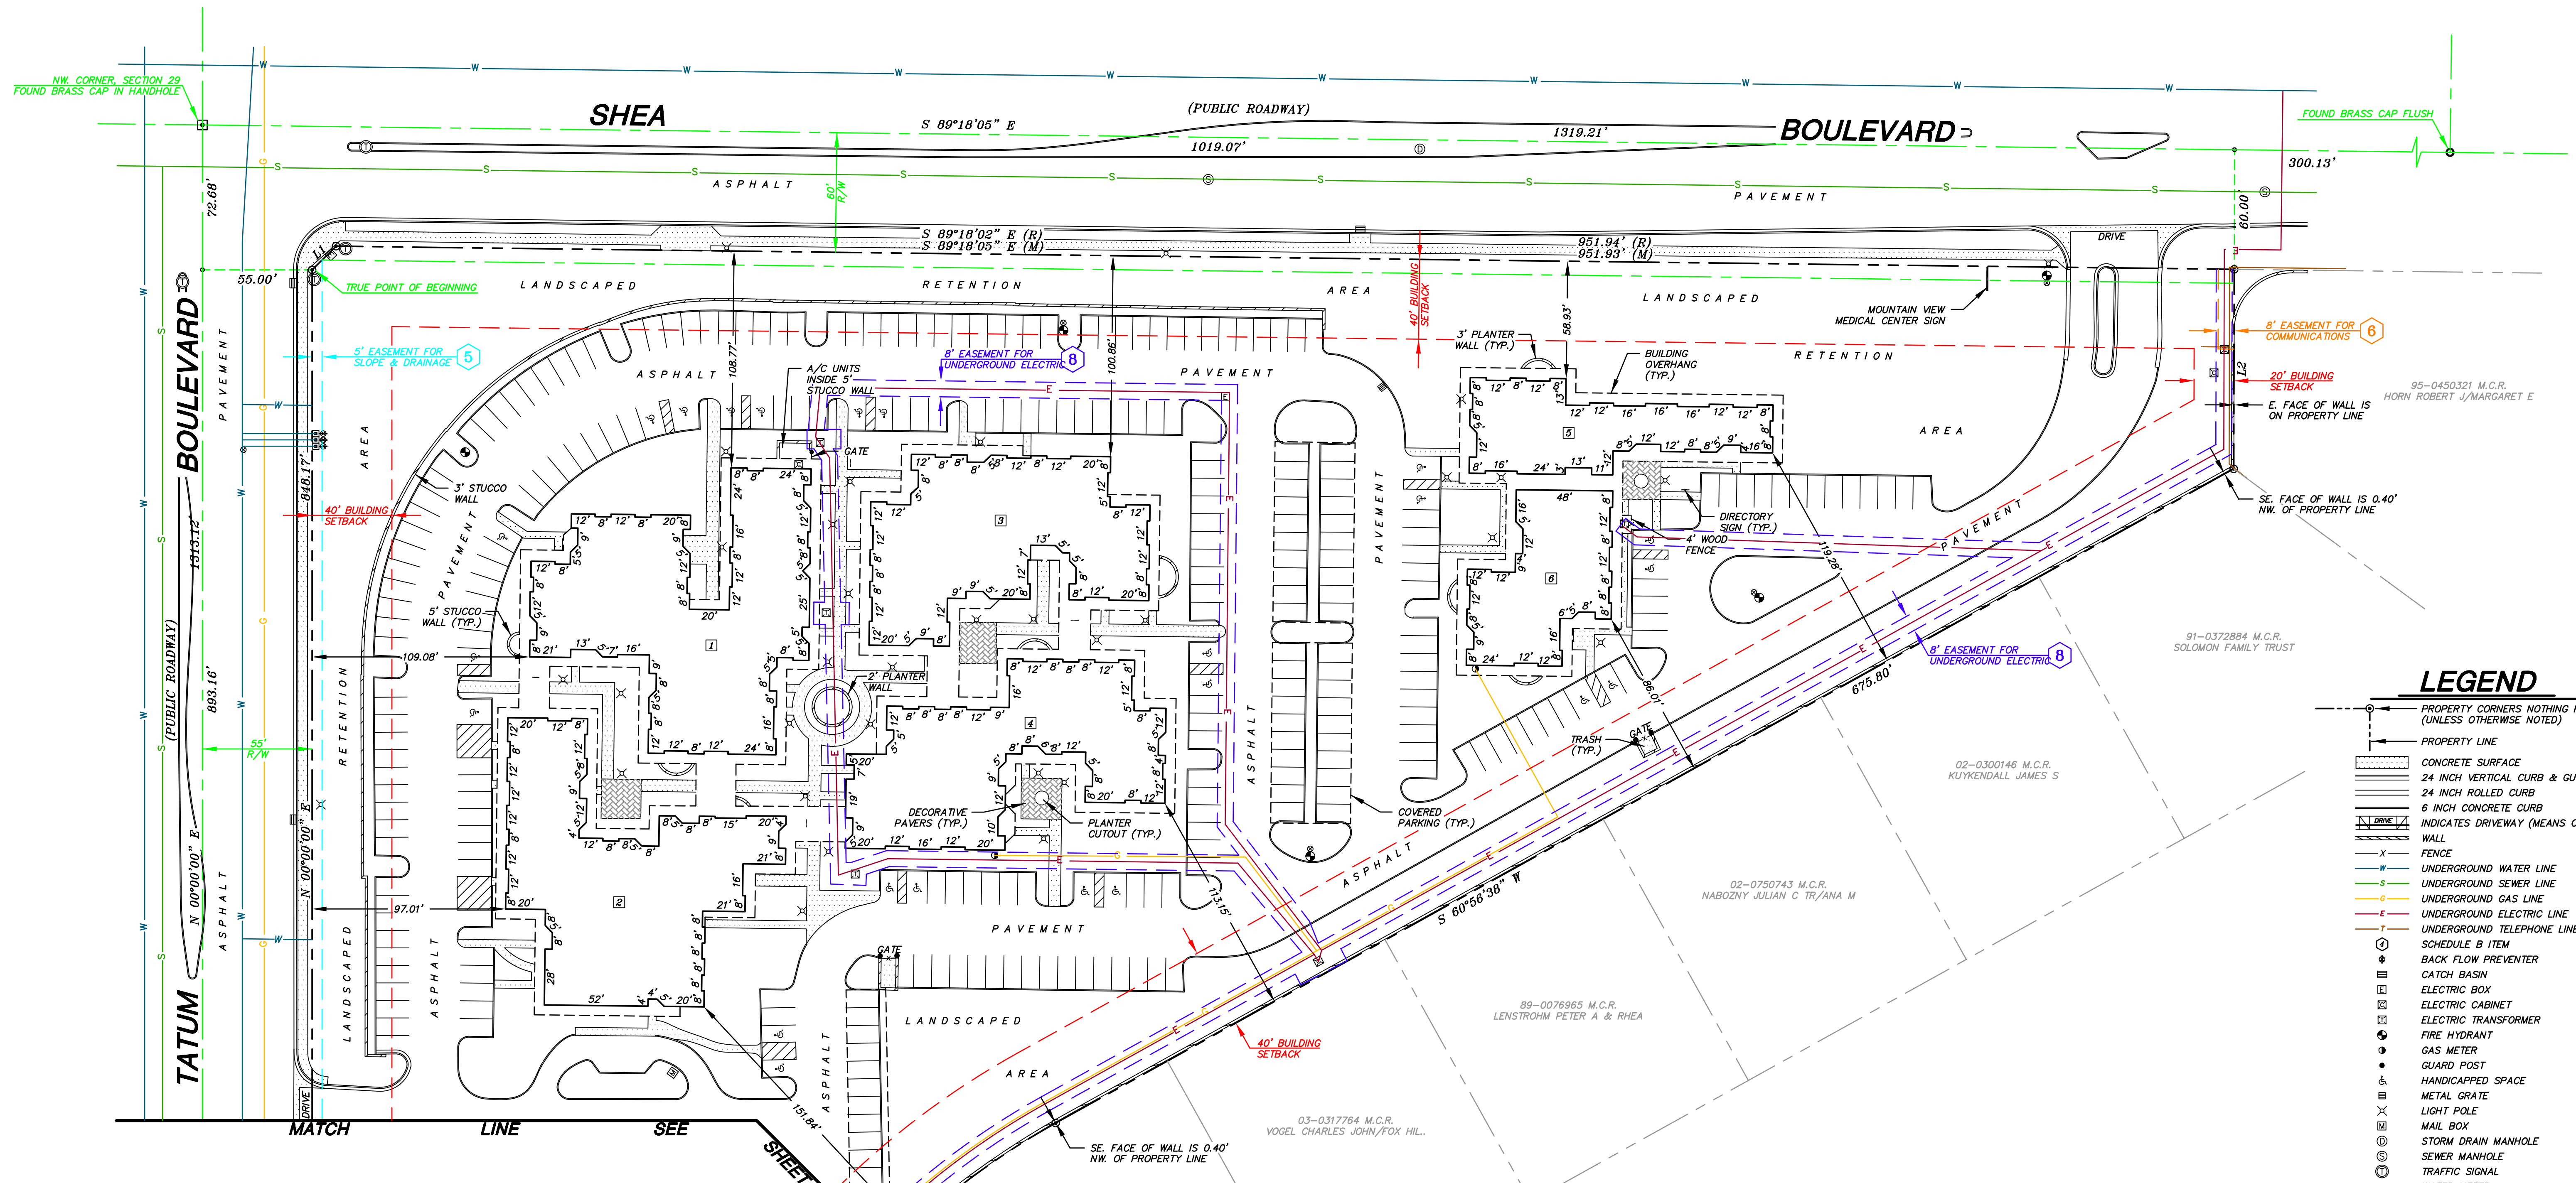

The undersigned, being a registered surveyor of the State of Arizona, certifies to (i) WASHINGTON MUTUAL BANK, FA, together with its successors and assigns; (ii) TRANSNATION TITLE INSURANCE COMPANY; and (iii) MOUNTAINVIEW MEDICAL CENTER, L.L.C., an Arizona limited liability company as follows:  
1 This map or plat and the survey on which it is based were made in accordance with the "Minimum Standard Detail Requirements for ALTA/ACSM Land Title Surveys," jointly established and adopted by ALTA and ACSM and NSPS in 1999 and includes items 1 through 4, 6, 7(a), 7(b)(1), 7(c), 8, 9, 10, 11(b) and 13 through 16 of Table A thereof and was prepared pursuant to the accuracy standards (adopted by ALTA and ACSM) of a Class A Survey, as defined therein.  
2 This survey, which was established by a transit-tape (instrument) field survey actually made on the ground by me or under my supervision pursuant to the record description, is true, correct and accurate as to the metes and bounds description, boundaries and areas of the subject property and the location and number of parking spaces, size, location, dimension and type of buildings and visible improvements thereon (if any), including sidewalks, curbs, parking areas and fences) and as to the other matters shown hereon, it shows the location and dimension of all visible improvements, rights-of-way, easements and any other matters affecting the subject property referenced in the title commitment upon which this survey is based.  
3 Except as shown on the survey, there are no visible easements or rights of way of which the undersigned has been advised.  
4 Except as shown on the survey and set forth as a Field Note, there are no party walls and no observable, above ground encroachments (a) by the buildings, structures or other improvements on the subject property upon adjoining properties, streets, alleys, easements, or rights of way, or (b) by the buildings, structures or other improvements on any adjoining properties, streets, or alleys upon the subject property.  
5 The location of each easement, right of way, servitude, and other matter (above or below ground) affecting the subject property and listed in Title Insurance Commitment No. 01307306 dated October 10, 2003, issued by Transnation Title Insurance Company with respect to the subject property, had been shown on the survey, together with appropriate recording references, to the extent that such matters can be located. All matters that cannot be located have been listed hereon as a Field Note. The property shown on the survey is the property described in that title commitment.  
6 All required building setback lines per the Town of Paradise Valley Zoning Ordinance on the subject property are located as shown hereon, and the location of all buildings on the subject property are in accordance with minimum building setback provisions and restrictions of record referenced in the Title Insurance Commitment and/or required by zoning and building ordinances applicable in the State, City or County in which the subject property is situated.  
7 The survey correctly shows: (a) the zoning classification for the subject property, (b) the permitted uses within such classification; and (c) the sources of such information.  
8 The subject has direct access to and from, and adequate ingress to and egress from the subject property is provided by, duly dedicated and accepted public streets or highways known as Tatum Boulevard and Shea Boulevard.  
9 Except as shown on the survey, the utility property does not visibly serve any adjoining property for drainage, utilities, structural support or ingress or egress.  
10 The record description of the subject property forms a mathematically closed figure.  
11 According to FEMA Flood Insurance Rate Map, Map Number 04013C1680 G, dated July 19, 2001, the subject property is located in Zone X. Zone X is defined as "Areas of 300-year flood; areas of 100-year flood with average depths of less than 1 foot or with drainage areas less than 1 square mile; and areas protected by levees from 100-year flood."
