RE: Phoenix Country Day School Planning Commission Meeting Date

Dear Mrs. Cutro:

On behalf of Phoenix Country Day School (File# 17-470), I would like to request that our request for an amendment to the Special Use Permit be continued to the April 18<sup>th</sup> Planning Commission meeting. We have taken the Commission's comments seriously and, therefore, need additional time to make sure that those comments are thoroughly addressed in the revisions to the proposed Administration Building design and resubmittal documents. We truly appreciate the time and effort Staff, the Commission and the Council have put into this project so far and look forward to bringing forward a significantly improved application in April.

Sincerely,

Nick Labadie
