More about this game

ANALYSIS

- Shallow depth and adjoining alley are special circumstances
- Depth:
 - Lot 127' deep
 - Code requires 155' (if platted today)
 - Additional depth would enable code compliant pool/spa
- 16' Wide Alley:
 - Setbacks to help mitigate noise of use
 - Effective setback of 28' from western neighbor due to alley

ANALYSIS (CONT.)

- Depth and location of property result of how lot was platted in 1958
- Using “kidney bean” shaped pool to help lessen amount of setback encroachment
- Setback encroachment not atypical since several neighboring properties have existing non-conforming pools

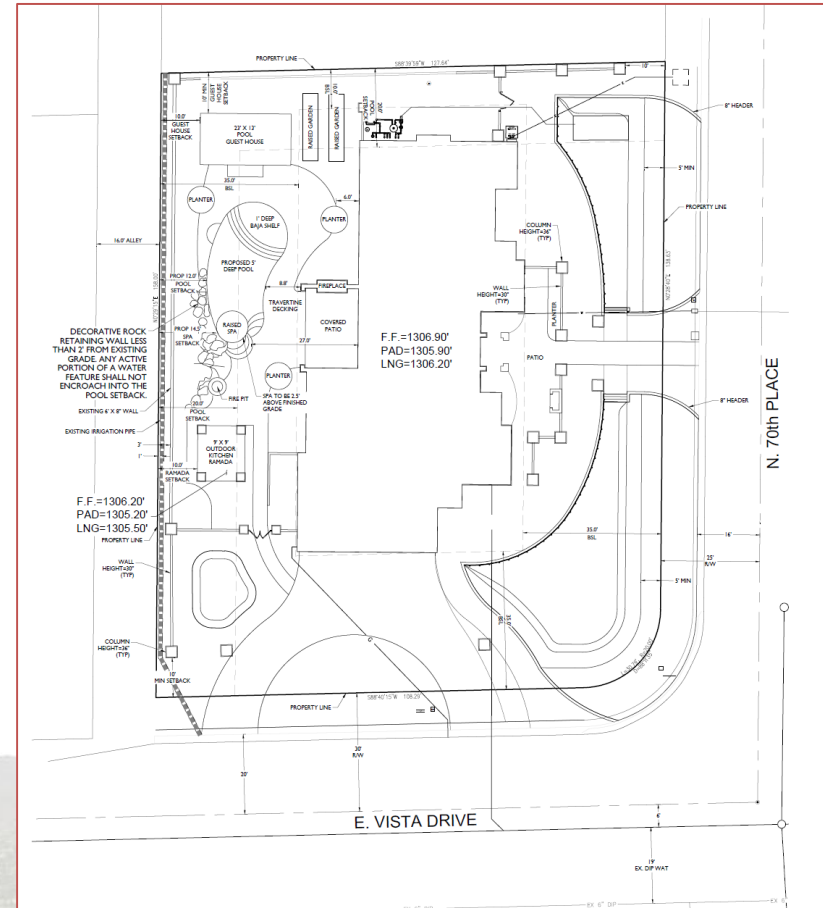

SHALLOW DEPTH & ALLEY BUFFER

- Lot 28' shallower than required by code
- 16' wide alley creates addition buffer

PUBLIC COMMENT

- Neighborhood notification completed in accordance with Town requirements
- One comment in opposition of request – stated no burden to warrant variance

STAFF RECOMMENDATION

MOTION

Approval of Case No. BA-25-03, for a variance from the Zoning Ordinance, Article VII, (R-18 and R-18A) Single Family Residential Districts, to allow a pool and spa to encroach into the west/rear yard setback

REASONS FOR APPROVAL

- Shallow lot
- Alley provides buffer and “effective” setback of 28’
- Pool setback encroachment not atypical for this neighborhood

POSSIBLE ACTIONS

1. Approve with stipulations:
 - a. Improvements in compliance with submitted plans and documents
 - b. Must obtain required building permits and inspections from Building Division
2. Deny
3. Continue for further review
