Re: 7525 N. Ironwood Dr

Dear Mr. Cullen,

Per your request, this is to advise you that Cox Communications has facilities to provide broadband cable and other telecommunication services to the city of Paradise Valley, as per our franchise agreement.

Since this is a private single-family development, a service agreement may be required and in addition, an installation fee may be required to make services available to the community.

Please contact me at your earliest convenience so that we may discuss this project in more detail. I can be reached at (623) 328-3807.

I look forward to working with you and your company on this project.

Sincerely,

Wayne Doran

Re: Lavitt Manor

Dear Brad,

The above referenced project is located in Arizona Public Service Company's electric service area. The Company extends its lines in accordance with the "Conditions Governing Extensions of Electric Distribution Lines and Services," Schedule 3, and the "Terms and Conditions for the Sale of Electric Service," Schedule 1, on file with the Arizona Corporation Commission at the time we begin installation of the electric facilities.

Application for the Company's electric service often involves construction of new facilities for various distances and costs depending upon customer's location, load size and load characteristics. With such variations, it is necessary to establish conditions under which Arizona Public Service will extend its facilities.

The enclosed Schedule 3 policy governs the extension of overhead and underground electric facilities to customers whose requirements are deemed by Arizona Public Service to be usual and reasonable in nature.

Please give me a call at (602) 493-4473 so that we may set up an appointment to discuss the details necessary for your project.

Sincerely,

A handwritten signature in cursive script that reads "Sheryl Rendon".

Cullum Homes
Attn: Brad Cullum

RE: Natural Gas Service: Lavitt manor Lot 1 Replat

In response to your recent inquiry concerning the availability of natural gas to the above location, Southwest Gas Corporation is the natural gas supplier for this area. Gas can be extended to this site from our gas main on N Ironwood Dr.

Natural gas is available to serve this project in accordance with our Rule Six as filed with the Arizona Corporation Commission. We extend our facilities based on economic justification. Without reviewing a preliminary engineering plan for this project, we cannot, at this time, determine what fees would be required from the developer. We are interested in serving this project with the preferred fuel, natural gas, and look forward to hearing from you as plans progress.

If you have any questions regarding our policies or procedures, please contact me at 602-818-1891.

Sincerely,

Jeff Shelton
Energy Advisor
