Ordinance 673. Major SUP Amendment (SUP-12-8) to Renovate the Resort (May 29, 2014). This Ordinance replaced the prior SUP (with SUP-12-8 governing the use of the Property).

I. PROJECT DESCRIPTION

Pursuant to Article XI of the Zoning Ordinance of the Town of Paradise Valley, Arizona (the “Town”), the Town hereby grants to WSRH SCOTTSDALE COTTONWOODS, LLC, a Delaware limited liability company, LLC, its successors and assigns (the “Owner”), Special Use Permit #12-8 (with these Stipulations, the “SUP”) governing the use of the Property. All capitalized terms contained herein shall have the meanings ascribed to them parenthetically or otherwise in Ordinance No. 673 or otherwise in these Stipulations.

The Special Use Permit application includes the redevelopment of the existing twenty-two and a half acre resort property. Among other things, the application specifically requests:

- Maintaining the existing key count at 171 units and allowing an increase to a maximum of 201 units. The 30 additional keys are made possible through the renovation/reconfiguration of the 30 existing “Phoenix” suites and creating an additional guest casita.
- New 10,000 square foot maximum structure to house restaurant, lounge, lobby, check-in, spa/fitness facility, and various back of house activities.
- ROW dedication for Quail Run Road, to be done by a deed.
- New interior loop driveway with additional parking.

III. STIPULATIONS

A. GENERAL

1. In the event of a conflict between the stipulations and the Approved Plans (as defined below), these stipulations shall govern.
2. This Special Use Permit shall run with the land and any person having or subsequently acquiring title to any portion of the pProperty shall be subject to this Special Use Permit, as it applies to the portion of the Property owned thereby and as it may be amended or

superseded from time to time. Once an owner no longer owns the Property, such prior owner shall not be subject to this Special Use Permit.

3. If any portion of the Property is used in violation of the terms of this Special Use Permit, the Town may, after fair notice, a hearing and a reasonable opportunity to correct, impose a monetary sanction on the then Owner of such portion, in an amount not to exceed the maximum amount allowed for violations of the Town Zoning Ordinance for each day such violation exists, in addition to all other orders or sanctions permitted by applicable laws. No such remedy shall be applied to any other Owner or portion of the Resort that is not in violation of this Special Use Permit.
4. The use of the Property shall at all times conform to all applicable State laws and Town ordinances, except that if there is a conflict between this Special Use Permit and any Town ordinance or other requirement, this Special Use Permit shall prevail.
5. The redevelopment of, and construction on, the Property shall, subject to the Stipulations, substantially conform to the intent of the approved plans. The approved plans, as listed in Exhibit C hereto, are hereby incorporated into this Special Use Permit and made an integral part hereof, and shall hereinafter be referred to as the "Approved Plans."
6. A Mylar and electronic version of the Approved Plans shall be submitted to the Town within sixty (60) days after the approval date.
7. Nothing in this Special Use Permit or otherwise shall require the operation of the Resort under the name "Cottonwoods Resort" or any similar or other name. No further consent shall be required to enable the owner of the Property to transfer all or any portion of the Property, name or rename the Resort, or select or reselect brands or management companies of the Resort.
8. No part of the resort shall be operated as a Time-Share project as such term is defined by the Town Zoning Ordinance. No part of the resort may be subdivided for purposes of sale or resale.
9. The Resort Owner and successor owners of the Property shall have a right to undertake and complete the development and use of the Property in accordance with this Special Use Permit.
10. The Town and the Owner believe and intend that the provisions of this Special Use Permit are valid and enforceable. In the unlikely event that this Special Use Permit is declared by a court of competent jurisdiction to be invalid or unenforceable, the Resort (as

then constructed) may continue to be used and operated as a legal non-conforming use in accordance with these Stipulations until such time as a special use permit or other applicable zoning for the Resort is issued or reissued by the Town for the property.

The public landscaping improvements on Quail Run Road and the improvements to the perimeter walls shall be installed in accordance with the Approved Plans for the Special Use Permit. The precise final location and design of the public landscaping improvements shall be approved by the Town Manager or his designee. In lieu of bonding for these improvements, no final building inspection and/or no final certificate of completion/occupancy for any of the Resort structures will be issued until such public landscaping improvements are complete and accepted by the Town.
14. No construction permit shall be issued for any phase of construction on the Property until appropriate engineering or architectural plans are submitted to the Town and the issuance of such construction permit for that particular activity is approved by the Town Manager.  - Upon completion of the salvage, erosion and dust control, job-site mobilization, and set-up, commence horizontal or civil improvements and site work.
 - New driveways, parking areas, and the construction of vertical buildings and other structural improvements on the Property may commence at the same time as the completion of the perimeter walls and the Quail Run Road public landscaping (as specified in Stipulation 13).

Other off-site and right-of-way improvements, if any, may be scheduled independently of the foregoing.
20. During the period of demolition or construction of new improvements, signs shall be posted on the Property (or at the entrance to a particular phase) indicating the name and phone number of a person the public may contact with construction-related concerns.

21. During demolition, site grading, and the initial construction of other on or offsite improvements, and new construction Owner(s) shall coordinate the sweeping of streets adjacent to the Property to remove construction-related dirt and debris, as reasonably required by the Town Manager.
22. All pool heaters are to be low-profile in configuration. Mechanical equipment and mechanical equipment screens shall be included in the total height of any structure they are attached to. If applicable, mechanical screening may provide the necessary noise attenuation for any mechanical equipment. All mechanical equipment, along with any screens used for attenuation of noise, shall comply with the allowable noise levels as defined in the Town's noise ordinance as it exists as of the Approval Date. Noise measurement shall include any installed screening or other attenuation devices.

 - b. All wiring shall be contained within a structure or underground conduit.
26. Interiors of any Resort structure may be remodeled at any time without an amendment to the Special Use Permit so long as such remodeling does not increase the number of keys specified within this Special Use Permit.

27. The building elevations, materials and colors shall be compatible with the proposed design theme of the resort and design guidelines.
28. Additional accessory and service structures, as defined in the Town's Resort SUP Guidelines, each limited to eight-hundred (800) square feet, may be added to the Approved Plans, provided that the total square footage of all the accessory and service structures added together does not exceed four thousand (4,000) square feet, such additions to be provided to the Town Manager as a revised conceptual site plan. The additional accessory and service structures cannot exceed fourteen (14) feet in height and must be set back a minimum of 60 feet for any accessory structure and 100 feet for any service structure from any Rights-of-Way or residential property lines and 10 feet from any non-residentially zoned property.
