RESORT QUALITY STANDARDS

**TOWN OF PARADISE VALLEY
SPECIAL USE PERMIT FOR SCOTTSDALE PLAZA RESORT
SUP-22-02**

Listed below in this Exhibit D are a set of certain criteria (the “Resort Quality Standards”) required by the Town to be met by the Owner for the Resort. Recognizing that resorts vary greatly in design and quality standards, many of which are subjective and can be achieved through a wide variety of solutions, the Owner shall be allowed wide latitude in providing resort design alternatives to meet the Resort Quality Standards. The Resort Quality Standards can be achieved through a variety of solutions and the traditional allocation of space or specifications of a feature may be satisfied in a non-traditional way. The Owner can either satisfy the Resort Quality Standards through creative, novel, alternative, or potentially unique ways or through a more traditional brand standards approach.

The Resort Quality Standards shall be deemed approved and in compliance herewith if met by Owner or accompanied by a letter executed by an authorized officer or representative of any national, regional, or local brand who will initially brand the Resort through ownership, management, franchise, or affiliation, stating that the Resort design meets their brand standards for an upscale or better full service resort hotel (the “Brand Letter”). Attached hereto as Schedule 1 is a partial list of brands and affiliations (“Brand(s)”) that are deemed acceptable for the purpose of providing a Brand Letter. A Brand Letter is not required for approval of Resort Quality Standards. 4. *Gift Shop/Business Center*: One (1) or more areas (which need not be separately demised spaces from other public areas) which provide for the sale of gifts and sundries and a business center capable of providing business service to multiple guests. Such areas may be commingled with areas dedicated for reception, lobby, concierge, fitness, meeting, or restaurant.
5. *Wall, Ceiling, and Floor Finishes*: For the interior public areas, hard surface finishes such as wall, ceiling and floor should have a variety of finishes, which taken together provide an upscale design.
