Control Deficiencies (in plain English)

- Deficiency – either an error occurred or the design of the Organization's internal controls may not prevent or detect an error
- Significant Deficiency – a deficiency occurred, but it is not material and in all likelihood would not cause something to be materially misstated, but it's important enough that it should be reported to governance
- Material Weakness – a deficiency is present and it is either material or it could cause a material misstatement

Internal Control Communication

- Material Weaknesses Reported – Material audit adjustment to recognize a pre-funded contribution to the Public Safety Personnel Retirement System as an expenditure in the fund financial statements for the year ended June 30, 2017.
- Significant Deficiencies Reported – None
