Paradise Valley Medical Plaza -Statement of Direction (SOD)-Consideration Points November 15, 2018 Town Council Public Meeting

Below is an initial list of points for Council consideration for its SOD on the Paradise Valley Medical Plaza Major Special Use Permit amendment application for a new 10,000 square foot medical building on this 8.5-acre medical use property. Edits and/or additional points may be discussed and considered.

1 Height The SUP Guidelines for medical office recommend a maximum building height of 30' for principal structures and 24' for accessory	
structures.	
Existing Building Heights: o 24' New Medical Building H o 20'1' (from finished)	
Existing Covered Canopy Heights: O 9' New Covered Parking C Heights: O 11' (from finished)	
The SUP Guidelines recommend that the buildings meet the Open Space Criteria (OSC) - Viewshed The SUP Guidelines recommend that the buildings meet the Open Space Criteria (OSC). The OSC is a means to preserve viewsheds by massing the height of structures towards the center of the property. Existing structures are setback 80' from west property line (adjoining the residence) and 20' from southern property line (adjoining the First Southern Baptist Church SUP). Several of the existing structures do not meet the Open Space Criteria	

Pa	Paradise Valley Medical Plaza		
		In accordance with the OSC, the setback will determine the recommended height of: o 16' height at a 20' setback o 20' height at a 40' setback o 24' height at a 60' setback	Medical Building meets the OSC since it is beyond the 60' setback (with minimum setback of 69' from west property line) and a maximum height of 20'1". Covered Parking Canopies meet the OSC. The closest canopy is setback 23' from south property line and is 11' tall.
3	Landscape/ Buffering	The SUP Guidelines recommend a 50' landscape buffer along major roads, 40' buffer adjoining residential property, and 30' buffer adjoining a local street. General Plan Policy EP 6.1.1.3 Mature Landscape Preservation. The Town shall require new development and redevelopment to preserve mature indigenous and compatible landscaping onsite where feasible. Several large	

Existing buffers

trees on the site.

- 20' to 160' buffer adjoining residential lots to the west
- 20' to 40' buffer adjoining SUP property to the south

Existing 6' tall block wall and existing vegetation at west property line. Existing mature vegetation along the south property line.

New plants will be placed around the new medical building, the new parking area, and along the west side of the property.

4 Traffic, Parking, and Circulation

SUP Guidelines recommend the following:

- Medical Office 1 parking space per 200 of office space
- Surgical Facilities 1 parking space for each

The applicant is adding 33 more parking spaces to accommodate the new medical building. Since a new surgical facility will be added and the new building does not have a defined break-down of how much of the building will be used for medical office or surgery

		two employees and 1 space for each surgical room	facility, the applicant must provide a parking analysis to determine if the total number of parking spaces will accommodate the improvements.
5	Uses	Section 1102.2 of the Zoning Ordinance identifies allowable uses. Offices for medical practitioners Outpatient surgical facilities where patient stays do not exceed 48 hours Medical laboratories Physical therapy facilities Pharmacies, subject to specific criteria Medical Marijuana Dispensaries, subject to restrictions	Applicant is maintaining the existing uses of medical offices and surgical facilities. There are currently 2 surgical facilities on campus and this amendment will add 1 more surgical facility and additional office space. O Applicant to use existing SUP stipulation regarding use and operation - Hours of operation for the Medical Offices shall be Monday through Friday from 8:00 a.m. to 6:00 p.m. and Saturday from 8:00 a.m. to 1:00 p.m., with occasional use outside these hours limited to exigent patient treatment and as necessary by physicians and staff for work activities other than patient treatment; the surgical center shall be Monday through Friday 6:30 a.m. to 5:00 p.m., and, the recovery center shall be Monday through Friday 24 hours, with no overnight stays on Saturday or Sunday. Emergency, 24-hour care shall not be a permitted use.

Context-Several General Plan policies The new medical building meets the Open Space Criteria, is appropriate relate to context-appropriate below the recommended height site/building design, including: design limit, and matches the LU 2.1.2.5 Building Design and architecture of the existing Site Planning, The Town shall buildings on campus. encourage context-appropriate and responsive building design The new covered parking and site planning on Special canopies meet the Open Space Use Permit properties that Criteria, are below the mitigates the scale of larger recommended height limit, and buildings through careful use of match the design of the existing building massing, setbacks, covered parking structures. facade articulation, fenestration, varied parapets and roof planes, and pedestrian-scaled architectural details. LU 2.1.3.1 Visual Openness. The Town shall maximize the benefits of visual openness throughout the Town by specific limits on floor area ratio, setbacks, side yards, and building and wall heights. 7 Impact to Several General Plan policies The patient drop-off is setback 69' from the western property. adjacent uses relate to mitigation of nuisances to residential neighborhoods Also, the applicant added an 8' tall screen wall at the drop-off Noise & and adjacent land uses (Policies LU 2.1.2.2 Require area to help mitigate potential Lighting Impact Assessments, noise. An acoustical study was LU 2.1.2.3 Compatibility of provided – which identifies that Adjoining Uses, et al.) the screen wall will reduce noise (e.g. car engine, slamming The SUP Guidelines doors) by 6.1 decibels. recommend that parking lot light poles be limited to a The parking lot light poles are 8' maximum height of 16' tall and tall. Also, all new lighting (e.g. parking lot poles, building lights, that all lighting have a maximum output of 0.5-foot and covered canopy lights) have a maximum output of 0.2-foot candles measured at a candles measured at all property residential property line. lines.

8	Infrastructure Improvements	General Plan policy DA 2.2.3.1 Public Infrastructure to direct orderly and well-planned development within Development Areas to support infrastructure improvements	No off-site infrastructure improvements are planed with this proposal. The new building will be connected to water, electric, and sewer.
9	Signage	The SUP Guidelines recommend: Monument Signage. On ground mounted sign no higher than 8' tall and no larger than 40 sq ft in are at each entrance. Direction Signage. Limited to 12 sq ft in are and 5' maximum height Existing Signage: There is existing monument sign located at the Jackrabbit Rd entrance. There are two wall mounted signs at the Scottsdale Rd entrance. There are two wall mounted signs at the Scottsdale Rd entrance. There are two wall mounted signs at the Scottsdale Rd entrance. Building signage which varies in size from 2'x3' to 2'x7' in size.	improvements. Any new signage or modifications to existing signage shall be reviewed by staff, the Planning Commission, and Town Council.
10	Setbacks	The SUP Guidelines recommend: o 60' building setback from residential property o 40' building setback from street o 60' parking lot setback from residential property	property line, 233' from south property line, and 372' from east property line.

	•		
			from east property line.
			New Parking Area. Utilizing existing drive aisle. Setback 389' from north property line, 80' from west property line, 160' from south property line, and 360' from east property line.
11	Lot	SUP Guidelines recommend a	
	Coverage	maximum lot coverage of 25%.	
		Existing Lot Coverage is 14.33%	Proposed Lot Coverage is 17.37%
12	SUP	Per Section 2.5.2.D of the	Recommend 90-day period
	Timing	Town Code, the Planning	from issuance of SOD –
		Commission must complete	February 14, 2019 Planning
		their review within:	Commission deadline.
		 Time period specified in SOD
