H2702: TPT; MARKETPLACE FACILITATORS; NEXUS

Establishes the marketplace facilitator classification of transaction privilege taxes (TPT), which is comprised of the business of facilitating retail sales as a "marketplace facilitator" (defined). The tax base for the marketplace facilitator classification is the gross proceeds of sales or gross income from all sales the marketplace facilitator facilitates on behalf of "marketplace sellers" (defined) sourced to Arizona if the marketplace seller is not an affiliate of the

marketplace facilitator. All sales that a marketplace facilitator facilitates on behalf of a marketplace seller must be sourced to the purchaser's location in Arizona. A marketplace facilitator is required to pay TPT on all sales facilitated by the marketplace facilitator and sourced to Arizona regardless of whether the marketplace seller for whom sales are facilitated is required to be registered with the Department of Revenue or would have been required to pay TPT had the sale not been facilitated by the marketplace facilitator. Any person that conducts business in an activity classified under TPT classifications with purchasers in Arizona is engaging or continuing in business in Arizona, is subject to and is required to pay TPT if the person meets any of the following criteria in the previous or current calendar year: the gross proceeds of sales or gross income derived from the person's transactions with purchasers in Arizona is more than \$100,000, the person engages in at least 200 separate transactions with purchasers in Arizona, the gross proceeds of sales or gross income derived from a marketplace facilitator's transactions with purchasers in Arizona on its own behalf or on behalf of at least one marketplace seller is more than \$100,000, or the marketplace facilitator engages in at least 200 separate transactions with purchasers in Arizona on its own behalf or on behalf of at least one marketplace seller. For the purposes of determining whether a person meets any of these criteria, all members of a person's affiliated group must be aggregated. Establishes provisions governing a marketplace facilitator's liability for transaction privilege taxes and allows for liability relief in specified percentages, which are phased out between 2019 and 2026. The list of exemptions from the retail classification of TPT is expanded to include sales of tangible personal property by a marketplace seller, if the sale is facilitated by a marketplace facilitator and the marketplace seller has received documentation from the marketplace facilitator that the marketplace facilitator has paid the applicable tax and will remit the tax to the Department of Revenue.
