**RE: ID sign and cross on the back of the church**

Dear David,

Thank you for keeping us informed of your progress in amending the church's special use permit with the Town of Paradise Valley. I'm pleased to hear that your first work/study session with the Planning Commission went well.

You have advised us that the Planning Commission is interested to know whether Five Star Development has any concerns about the following two items:

1. The new identification sign that you propose to be located in the southeast corner of the church's property and near the public walking path adjacent to the wash, such sign to be no larger than 4' wide x 8' tall; and
2. The addition of a large cross to the rear/east wall of the sanctuary which would be visible from Five Star Development's property, such cross to be no larger than 6' wide x 12' tall.

We appreciate the information that you have shared with us regarding these two items in terms of type, size and location on the church's property. We hereby confirm that we do not have any concerns regarding the proposed ID sign or cross.

Please feel free to provide this letter and the attachment to the Town, as part of the church's dialogue with the Town in connection with amending the church's special use permit.

Sincerely,

**FIVE STAR DEVELOPMENT**

Richard Frazee  
Project Manager
