Re: Saint Barnabas Church pre-application for landscape and parking lot
improvements – 6715 N. Mockingbird Lane

Dear Mr. Burton,

In response to your letter of January 30, 2020 to Chris Winters, we are pleased to confirm that the church is agreeable to the proposed parking lot stormwater retention and we understand that this exceeds the requirements of the Storm Drainage Design Manual and may impede parking and pedestrian accessibility in the event of rain storms.

Sincerely,

Jim Clark
Rector
