Dear Chairman & Commissioners:

At the work session last night the Commission asked the applicant to email some locations to visit regarding the up light fixture on some of the building architecture (see below). This is Fixture LU on their plans.

If possible, the applicant has asked for feedback on the staff/commission direction this week. This item will be brought back up at the Oct 20<sup>th</sup> meeting.

Taylor noted he is prepared to remove the up-lights and/or agree to a stipulation that the up-lights be switched off if the result is contrary to the desires of the Town.

Regards,
