DE-ESCALATE WITH CONFIDENCE

The Certification Plan includes the TASER 7 energy weapon alongside key accessories, including cartridges (8 training cartridges per handle, per year for training and unlimited cartridges for field use) and the new holster, so that officers can feel more confident de-escalating situations in the field.

/ HANDLE

The TASER 7 energy weapon dramatically improves performance with misses, clothing disconnects, and close probe spreads – the most commonly reported issues cited by agencies today.

/ CARTRIDGES

Axon now offers two different energy weapon cartridge types: close-quarters and standoff cartridges. Since agency reports suggest that 85% of deployments occur at close range, we optimized the close-quarters cartridge for wide probe spread. A close-quarter deployment can fully incapacitate a subject as close as 4 feet. The standoff cartridge is used for longer distances, which have an 86% improved drop over distance for greater accuracy.

/ HOLSTER

The new holster comes with a cartridge carrier, allowing you to carry both cartridge types and quickly reload if a situation calls for it. The cartridge carrier is removable so it can be worn on the belt or in a wide variety of configurations.

/ HARDWARE WARRANTY

Be backed by a 5-year hardware warranty for your weapon, dock, and batteries.

¹ Instructor voucher offered at a 1% ratio to agencies with 50 or more licenses; One Master Instructor voucher offered at 50 or more licenses with additional voucher per 1,000 cumulative licenses

² Only for agencies with 40+ officers

CONNECT TO SAVE TIME

The Certification Plan lets you take advantage of TASER 7 energy weapon's status as the first energy weapon to wirelessly connect to the Axon network, so you can unlock new time savings for your agency. Recharge batteries and update firmware by docking and walking — no cables required. Assign weapons and accessories in seconds with the Axon Device Manager mobile application. And track inventory and device health on Axon Evidence.

/ AXON EVIDENCE LICENSE

Track TASER 7 device status, view logs, and reassign weapons within Axon Evidence for smooth program management.

/ RECHARGEABLE BATTERY

Recharge the battery just by docking. The TASER 7 energy weapon also automatically uploads improved pulse graphs and device logs and updates firmware when the battery is docked.

/ HOLSTER

The new holster comes with a cartridge carrier, allowing you to carry both cartridge types and quickly reload if a situation calls for it. The cartridge carrier is removable so it can be worn on the belt or in a wide variety of configurations.

/ TASER 7 DOCK

Similar in design to Axon's body camera docks, the TASER 7 dock has 6 bays and comes with a wall mount.

FOCUS ON COMMUNITIES

Investing in a new weapon requires an investment in training. The Certification Plan delivers both online and in-person training using new techniques, including a re-designed classroom training curriculum with more hands-on time, that can drive deeper learning and show your community your commitment to safety. Receive vouchers for Axon's Energy Weapon Instructor Certification courses and access to trackable online training through Axon Academy — and more.

/ END-USER TRAINING VIA AXON ACADEMY ONLINE

Each user covered in the Certification plan receives full access to Axon Academy's online training for TASER 7 devices, which includes all pre-work necessary for on-site training: Axon's V.21 Energy Weapon Training (Safety, Medical, Best Practices) and TASER 7 energy weapon features and functionality.

/ VOUCHER FOR AXON ENERGY WEAPON INSTRUCTOR CERTIFICATION

Those purchasing over 50 licenses receive a voucher to Energy Weapon Instructor Certification courses held across the US.

/ ADMIN-LEVEL ACCESS TO AXON ACADEMY FOR CERTIFIED INSTRUCTORS

Administrators at the agency level can manage course progress for end-users, communicate with students, and assess performance/pre-requisite completion before on-site training dates.

/ HOOK & LOOP TRAINING SUIT (HALT SUIT)

More hands-on time means more opportunities to deploy cartridges and practice scenarios using our new HALT suit that eliminates pin-prick injuries.

/ TRAINING TARGET

Axon's new targets are specifically designed for live cartridge use with increased durability, portability, and enhanced clarity on preferred target zones for energy weapon use. They require less backing than previous designs and can withstand hits from all cartridge types/probe lengths.
