11/15/2018	1	Town Council	Received and Filed	

TO: Mayor Collins and Town Council Members

FROM: Brian Dalke, Interim Town Manager
Paul Mood, Town Engineer
Jason Harris, Capital Projects Administrator

DATE: November 15, 2018

DEPARTMENT: Engineering

AGENDA TITLE:

Roadway and Utility Improvements: Lincoln Dr, Mockingbird Ln, & Indian Bend Rd

Town Value(s):

- ☐ Primarily one-acre, residential community
- ☐ Limited government
- ☒ Creating a sense of community
- ☒ Partnerships with existing schools and resorts to enhance recreational opportunities
- ☒ Improving aesthetics/creating a brand
- ☐ Preserving natural open space

Town's General Plan 2012 calls for specific roadway cross-sections to be consistent throughout town limits and the Town's Visually Significant Corridor Master Plan provides guidance to the Lincoln Drive improvements.

Council Goals or Statutory Requirements:

Infrastructure: For efficient and effective execution, review and seek improvements for the planning, timing, and coordination of infrastructure maintenance and enhancement.

SUMMARY STATEMENT:

The area bounded by Lincoln, Mockingbird, Indian Bend, and Scottsdale Roads has seen a remarkable amount of activity. Development planning and activity abound on the Five Star, Smoke Tree, and Lincoln Medical properties. The Five Star Development Agreement with the Town specifies roadway improvements and requires the developer to contribute toward those costs. Simultaneously, APS (related to Five Star improvements), Epcor, and the City of Phoenix all are working to repair, replace, and/or extend utility services into the area.

At the November 15 study session, staff will present the 30% design plans to the Town Council for review and share the public comments that have been received.

BUDGETARY IMPACT:

These projects are included both in the FY 2019 budget and as a cost sharing requirement in the Five Star development agreement. As design progresses to 60%, the consultant will provide updated cost estimates and options.
