AGENDA TITLE:
Discussion of "The Villas at Mountain Shadows Amended" Re-Plat (RP 16-01)
Southwest Corner Lincoln Drive and 56th Street (Assessor No. 169-30-103)

BACKGROUND

Request:
TNHC Mountain Shadows, L.L.C. is requesting approval of a re-plat application on a 3.08-acre site located near the southwest corner of Lincoln Drive and 56th Street. This is a re-plat of the Final Plat of "The Villas at Mountain Shadows" approved on September 24, 2015. The amendment will result in a plat for seven lots for villa homes adjoining Mountain Shadows West, two tracts for 12 condominium homes, an open space tract along the golf course/exterior boundary, and an internal roadway tract. The original approved plat had 20 lots for villa homes. Development will be pursuant to the approved Special Use Permit - Resort zoning on the subject properties for resort residential development.

Planning Commission Recommendation:
In a vote of 6 to 0 on February 16, 2016, the Planning Commission recommended approval of the above re-plat application with the four stipulations attached to this report. These stipulations are typical plat map stipulations. These stipulations relate to substantial compliance, Town review of the

CC&Rs, processing of final improvement plans, and a deadline to submit copies of the plat for Town records.

Plat Background:

In a vote of 6 to 0, the Town Council approved the Final Plat of “The Villas at Mountain Shadows” on September 24, 2015. In a vote of 6 to 1, with Commissioner Wincel dissenting, the Planning Commission recommended approval of said Final Plat on July 21, 2015. Items that arose during the preliminary and/or final plat process included increasing the width of the cart path tract so it varies in width from six feet to eight feet, retaining an existing 30-foot by 30-foot corner vision at the southeast corner of what is now Lot 12, allowing for emergency vehicle access onto Mountain Shadows Drive, and updating the Certificate of Assured Water Supply that was completed prior to the September 2015 approval. These above matters were all resolved. For further information, the prior minutes are attached to this report.

Associated with this re-plat is a condominium plat. Approval for the preliminary condominium plat is complete. In a 7 to 0 vote, the Town Council approved the preliminary condominium plat map application “The Villas at Mountain Shadows - Amended - Condominiums” on February 11, 2016. In a 5 to 0 vote on January 19, 2016, the Planning Commission recommended approval of this preliminary condominium plat map application. The property owner is expected to submit the final condominium plat map application in March or April 2016.

Plat/Map Conformance:

The proposed plat map is in conformance with the Special Use Permit (SUP) for Area ‘B’ and the Development Agreement for Mountain Shadows Resort. This conformance includes the following:

- SUP Stipulation III.E.43 allows for subdivision of land by one or more plats and/or maps in various forms such as on individual lots and/or horizontal property regimes (i.e. condominium development);
- Article 3.C.3(d) of the Development Agreement states that plats/maps within the SUP will follow the standards and requirements of Article 6, Subdivisions, of the Town Code, except as modified by the SUP and Development Agreement;
- SUP Stipulation III.G.96 requires that roadways within the SUP will all be private local roads, which will remain private roads with this re-plat application;
- Article 3.C.3(d)ii of the Development Agreement requires a minimum width of rights-of-way and streets at 30 feet, which will remain 30 feet in width or greater with this re-plat application;
- SUP Stipulation III.G.96 requires all streets be of an adequate width, generally not less than 26 feet, which will remain unchanged with this re-plat application;
- The SUP and Development Agreement have no minimum or maximum lot size, lot configuration, or lot shape requirements;
- SUP Stipulation III.E.43 allows for a maximum floor area of 300,000 square feet for all Resort Residential in Area ‘B’, the proposed amendment will reduce the unit count from 20 units to 19 units and the estimated floor area for all Resort Residential in Area B, which this application is a part of, is in compliance to this stipulation at approximately 290,000 square feet; and
- The other noted items as described under Discussion/Facts of this report.

DISCUSSION/FACTS

History:

The subject site is part of the Mountain Shadows resort that was demolished in early 2014. In April 2013, the Town granted Special Use Permit - Resort (SUP) zoning status for the approximate 67

acres that comprise this resort. The 2013 SUP allows for a new resort, resort amenities, and resort residential.

Enforcement:

As of the date of this report, there are no outstanding code violations on this SUP property.

General Plan:

The subject property has a General Plan designation of "Resort/Country Club" according to the Town's General Plan Land Use Map. The proposed plat for resort residential is in conformance with this designation.

Zoning:

The zoning on the subject property is "Special Use Permit - Resort." This zoning was approved in April 2013 by Ordinance Number 653. This is the appropriate zoning for resort residential.

Parking:

The proposed plat map will comply with the required minimum number of parking spaces. SUP Stipulation III.G.93 requires at least two parking spaces per each dwelling unit. Two garaged parking spaces will be provided with each residential home.

Roadways:

The subject property will have access to Lincoln Drive and 56th Street via Tract 'A' through the resort as approved by the SUP. Lincoln Drive is a designated Major Arterial and 56th Street is a designated Collector road pursuant to Figure 401, Motorized Circulation Map, of the Town's General Plan. The roadway internal to this re-plat application is in the same general location as the approved Final Plat. The layout of the roadway tract is designed such that it will provide an organic layout of the access drives, guest parking and landscaped open spaces. The access drive will still meet the required roadway minimums of 30-foot right-of-way width and 26-foot wide pavement.

Building Lines & Setbacks:

The lots proposed on the re-plat meet setbacks. Article 3.C.3(d)v of the Development Agreement and Sheet 5 of the SUP requires a 20-foot setback along Mountain Shadow West Drive (Lots 1-6). Also, it requires setback from the perimeter of the SUP boundary as shown by the dashed line on Lot 1. No setbacks are required between lots.

Building Permit/Town Manager Approval:

The type and character of building, signage, and landscaping are either approved with the building permit and/or by the Town Manager. As such, these items will not be considered with this plat map request. The maximum allowable height is 24 feet from original natural grade and 28 feet from adjacent finished grade per Sheet 5 of the SUP. Heights will be measured in the manner prescribed by the SUP. This includes compliance with the Town's Open Space Criteria, resulting in a maximum height of 16 feet at the 20-foot setback along the rear of Lots 1-6. A height of 24 feet requires a 60-foot setback from the south perimeter boundary of the said lots. Although not stipulated by the SUP, the applicant has indicated the villa homes on Lots 1 through 6 will be single-story.

Drainage:

An overall master hydrology and drainage study for the entire west side of the Mountain Shadows SUP has been reviewed and approved by the Town Engineer.

Utilities:

The proposed development has an approved assured water supply. Pursuant to the issued Certificate of Assured Water Supply, the Arizona Department of Water Resources has determined there is an assured water supply for 280 lots (homes). This portion of the resort is planned for 108 homes, of which the subject application consists of 19 of those 108 homes.

All new utility lines will be located underground and generally underneath the adjoining private streets and within the noted public utility easements within the plat. These are the same general utility locations as the approved Final Plat. Will serve correspondence from the applicable utility providers were provided with the approved Final Plat. As there is no change, the utility correspondences provided with the Final Plat approval are still valid. All typical type of utilities will be provided; such as water, electricity, natural gas and sewer.

Fire Protection:

The proposed lots will meet all standards related to fire protection. All lots will have direct access onto a public roadway via the private roadways shown on the illustration. Also, emergency access will be provided on Tract "B" and Tract "C" as approved on the Final Plat. New fire hydrants will be installed such that all lots are within 400 feet of a fire hydrant. The new homes will have fire sprinklers in accordance with the Town Fire Code. EPCOR has verified the capacity to service the subject site and fire flow pressure of 2,064 gpm to 2,124 gpm at the required residual zone pressure of 20 psi.

NOTICING & PUBLIC COMMENTS

Two residents of Mountain Shadows West reviewed the application at time of the re-plat application submittal, but had no specific comments. There were no persons from the public that spoke on the application request during the Planning Commission process.

Except for posting of the meeting agenda, there is no required public notification for a preliminary or final plat. Consistent with the Town's application process, the applicant provided a mailing notification to the property owners within 1,000 feet for scheduled meetings where the Commission or Council will take action.

NEXT STEPS

Article 3.C.3(c)ii of the Development Agreement for the subject property requires the Town Council act on the application within 40 days of the recommendation by the Planning Commission. The 40-day deadline ends March 27, 2016.

If approved, the applicant will file the final condominium plat map that will describe the detailed boundaries of the 12 total condominium units on Tracts "C" and "E". This final condominium plat map will require recommendation by the Planning Commission and approval by the Town Council.
