Subject: Combined review for an attached casita to the main residence located at 5514 E. Roadrunner Rd. (APN 169-54-029A).

Narrative: The subject property contains an 8,365 ft² home built in 1996. The proposed project will add a 937 ft² attached casita to the northwest corner of the home. The existing patio will be extended and the proposed casita will be situated below the new deck area. The new deck area will have an artificial turf surface and the materials of construction will match the existing home.

A new trench drain and drywell will be constructed towards the end of the driveway to retain the “first flush” volume of storm water.
