### AGENDA TITLE:

**Review and discussion on the Recommended Budget for Fiscal Year 2019/20.**

### SUMMARY STATEMENT:

One of the most important duties of the Town Council is to adopt an annual budget for the Town. The budget process provides the Council with the opportunity to match the needs of the Town and available resources with the intent of gaining the maximum return on each dollar.

The Town undertakes a hybrid budget process, incorporating elements of zero-based, priority-setting, and program budgeting. The budget process starts with Council goals. Departments submit their budget requests for their programs, incorporating specific needs. These requests are presented and prioritized.

A balanced "**Recommended**" budget is presented to Council for review and consideration. All departments will meet with Council through a series of public meetings where adjustments to the recommended budget can be made.

Council then adopts a "**Tentative**" budget that sets the maximum spending for the fiscal year, which is posted for public inspection, and a public hearing is then held for public comment.

After public comments, the Council can still modify the tentative budget categorically, but cannot increase the maximum spending amounts. Council then adopts the final budget referred to as the “**Adopted**” budget.
