**File #:** 17-381, **Version:** 1

**To:** HILLSIDE BUILDING COMMITTEE

**From:** Paul Mood, P.E.  
Town Engineer

**Date:** November 8, 2017

**Subject:** Formal Review for Burgeron Residence: 5045 E. Cottontail Run Rd. (APN: 169-08-039). Application to construct a new single family residence and pool.

**Narrative:** The subject property is a currently a vacant lot. The proposed custom home will be approximately 6,729 livable square feet and feature a walk out basement and pool area. The home will have 5 bedrooms, 5 & ½ baths with a 4 car garage. The home will be situated below street level and take advantage of the views of the golf course and Mummy Mountain.

On September 28, 2017 the Hillside building committee reviewed the concept plan for this project. The only significant comment was that the architect look at providing something other than a grass lawn area over the retention tanks. The architect has removed the grass lawn and has replaced it with a hardscape patio area. Additionally, a recorded encroachment easement has been provided to allow the driveway connection and associated retaining walls to be constructed in the private roadway.
